Ehrman,2003-10-02 While most people think that the twenty seven books of the New Testament are the only sacred writings of the early Christians this is not at all the case A companion volume to Bart Ehrman s Lost Christianities this book offers an anthology of up to date and readable translations of many non canonical writings from the first centuries after Christ texts that have been for the most part lost or neglected for almost two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Readers will find Gospels supposedly authored by the apostle Philip James the brother of Jesus Mary Magdalen and others There are Acts originally ascribed to John and to Thecla Paul s female companion there are Epistles allegedly written by Paul to the Roman philosopher Seneca And there is an apocalypse by Simon Peter that offers a guided tour of the afterlife both the glorious ecstasies of the saints and the horrendous torments of the damned and an Epistle by Titus a companion of Paul which argues page after page against sexual love even within marriage on the grounds that physical intimacy leads to damnation In all the anthology includes fifteen Gospels five non canonical Acts of the Apostles thirteen Epistles a number of Apocalypses and Secret Books and several Canon lists Ehrman has included a general introduction plus brief introductions to each piece This important anthology gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era The Lost Books of the Bible a.k.a. Walton, Brent Sandy, 2013-11-01 Walton and Sandy summarize what we know of orality and oral tradition as well as the composition and transmission of texts in the ancient Near East and the Greco Roman world and how this shapes our understanding of the Old and New Testaments The authors then translate these insights into a helpful model for understanding the reliability of Scripture *The New Testament in Antiquity and Byzantium* H.A.G. editions     The Forbidden Books of the New Testament Archbishop Wake, 2016-12-08 Archbishop William Wake's translations of texts excluded or analogous with the Biblical New Testament remains an authoritative well regarded and wide ranging source for scholars and enthusiasts of ancient Christendom. In this collection are books which detail the life of Mary the mother of Jesus Christ and the miracles performed by the infant Christ. A further book details the childhood of Jesus together with his later interactions with various individuals important or incidental to the New Testament narrative. Later in the text we encounter the various epistles such as the Magnesians, Romans, Thimotheans and Philadelphians. Some of these writings appear to be intended as a supplement to the existing books of the New Testament rather than as entirely distinct books in themselves. Not all of the books contain anecdotes or conversations between the major figures of the New Testament. Many are more concerned with discussing various aspects of Christian virtue and practice such as how one may conduct a good fast, avoid slipping into deceit and retain a strong belief in the one true God. As such we can consider many of these texts as wholesome instruction on matters of observance. When he first translated the apocryphal texts of the Bible in the late 17th and early 18th centuries, Archbishop William Wake was a revered figure in the Church of England. He held an intense personal interest in the ancient texts and worked tirelessly to collate and translate them into English for the consideration of Christian audiences. Although these books are not considered canon, many date from ancient times and were under consideration for inclusion in the New Testament. In the centuries since Wake uncovered these texts, it is without doubt that substantially more on the subject has been discovered by various archaeologists, historians, researchers and Biblical scholars. However, as a single source of Biblical apocrypha, Wake's collection remains the most complete. This edition of the Forbidden Books unites all of the 17th and 18th century texts, supplementing them with an explanatory preface and referential notes appended at the conclusion of each book. The chapters and verses are set out with the greatest clarity, allowing the reader ease of reading and comprehension.     **New Testament Bible Study for Daily Living** Mary Lou Tickell, 2012-09-26 The end time is a big news topic today and it's easy to grow fearful. As Christians, however, we have assurance that the second coming of Christ will not be the end but the beginning of a glorious new world. Retired minister Mary Lou Tickell digs deep into the book of Revelation to help prepare you for the future. In *New Testament Bible Study for Daily Living*, Tickell shows how God has revealed the past, present and future in Revelation, as well as giving us signs to indicate the end time. Basing her study on the New King James Version Study Bible, Tickell reveals how other prophecies intertwine with the overall prophecy of Christ's return to give believers a more complete picture. In easy-to-understand language, Tickell discusses the various signs and prophecies of Revelation, backed by their corresponding verses. Such topics include the significance of the seals, trumpets and bowls; the unveiling of a scroll by Jesus; the destruction of Babylon; the great tribulation; and Satan, the Antichrist, and the False Prophet. We need not fear the end time. With this handy guide, Christians can rest assured that there is indeed eternal life with God and Christ for all true believers.     *Restoring Lost Truths* Donald Werner, 2016-02-29 The Book of the Revelation
