The Ten Tribes of Israel Timothy R. Jenkins, 2005-12 We know today that the original Indians of North America are not the lost tribes of Israel as so many antiquarians and historians from the 1790 s to the late 1800 s claimed them to be It is known today that the Western Hemisphere has had numerous visitors from across the sea both from the east and the west Some came to trade and depart while others came to stay The ones that might have stayed is the mystery Jenkins seeks answers to It is a paradox as to why so many artifacts are found in the Western Hemisphere which are clearly not part of the indigenous cultural matrix and are

refused as authentic by most archaeologists Yet they are found all across this land of North America The most familiar word to describe these anomalous finds is Hebraisms Timothy R Jenkins book *The Ten Tribes of Israel* originally published in 1883 is one man s collective work showing the cultural similarities written records oral history and language traits which have Hebraism connections
