Modern Weapons Caching A Down To Earth Approach To Beating The Government Gun Grab:

Modern Weapons Caching Ragnar Benson,1990-11-01 The time to prepare is now In the race against the firearm roundup in the U S gun owners who refuse to give up the freedoms that are their birthright must take their weapons underground bury them before it s too late Ragnar will show you how to do it right **Gun Guys** Dan Baum,2013-12-03 Dan Baum is a gun fanatic He is also Jewish Democrat who grew up in suburban New Jersey In Gun Guys he takes us on a guided tour of gun stores and gun shows shooting ranges and festivals contests and auctions trying to figure out what draws so many of us to guns in the first place Is it just part of being American Introducing a wide cast of characters Baum shows both sides of the gun culture in America bringing an entire world vividly to life and in doing so helping to find a middle ground in the gun debate where actual conversation can take place How Terrorism Is Wrong Virginia Held,2011-03-04 What is terrorism How is it different from other kinds of political violence Why exactly is it wrong Why is war often thought capable of being justified On what grounds should we judge when the use of violence is morally acceptable It is often thought that using violence to uphold and enforce the rule of law can be justified that violence used in self defense is acceptable and that some liberation movements can be excused for using violence but that terrorism is always wrong How persuasive are these arguments and on what bases should we judge them How Terrorism is Wrong collects articles by Virginia Held along with much new material It offers a moral assessment of various forms of political violence with terrorism the focus of much of the discussion Here and throughout Held examines possible causes discussed including the connection between terrorism and humiliation Held also considers military intervention conventional war intervention to protect human rights violence to prevent political change and the status and requirements of international law She looks at the cases of Rwanda Kosovo Iraq and the Israeli Palestinian conflict Finally she explores questions of who has legitimate authority to engage in justifiable uses of violence whether groups can be responsible for ethnic violence and how the media should cover terrorism Held discusses appropriate ways of engaging in moral evaluation and improving our moral recommendations concerning the uses of violence Just war theory has been developed for violence between the military forces of conflicting states but much contemporary political violence is not of this kind Held considers the guidance offered by such traditional moral theories as Kantian ethics and utilitarianism and also examines what the newer approach of the ethics of care can contribute to our evaluations of violence Care is obviously antithetical to violence since violence destroys what care takes pains to build but the ethics of care recognizes that violence is not likely to disappear from human affairs and can offer realistic understandings of how best to reduce it *The Ku Klux Klan and Related American Racist and Antisemitic Organizations* Chester L. Quarles,1999-01-01 Despite the fact that the Ku Klux Klan can be traced from the 1700s through the Civil War and is going strong in the present day many people fail to realize the reach and influence of the group Many scholars for instance perceive the KKK as a radical racist group composed primarily of ignorant uneducated members when it is actually much more Some Klan groups are

political while others are simply social Some meet and eat just as any other mainstream civic or church group but others are focused toward the use of well planned violence Not all Klan groups advocate an overthrow of the U S government though some do The author traces the historical development of the Klan addressing its organization membership ideologies and philosophies Avoiding the bias of previous works written by either Klan apologists or detractors the author chronicles the directions the group has taken during its long and diverse history The study also details the secret oaths of allegiance the Imperial Wizards and the concept of Knighthood The result is an accurate account of the Ku Klux Klan a group that has continued to grow and evolve in response to changing times

Armed Gary Kleck, Don B. Kates, 2001-11 Hoping to disentangle myth from reality the authors summarize research on guns and violence in accessible nontechnical language Among the topics addressed are media bias in coverage of gun issues prohibitionist measures for reducing gun violence and a close analysis of the Second Amendment

Shadow of Death Henry W. Prunckun, Hank Prunckun, 1995-08-29 Dozens of illustrations tables of terrorist data a name and pseudonym index lists of booksellers and dealers journals and a catalog of databases that address the topics covered The bibliography presents such topics as anarchism arms dealing the IRA legal issues media coverage mercenaries neo Nazi activities piracy racial violence revolutions state terrorism and terrorist weapons
