Modern Russia An Introduction:

Modern Russia. An Introduction. [With Maps and a Bibliography.]. John Long (Author of "Modern Russia".),1957

Modern Russia John Long,1958 **A HISTORY OF MODERN RUSSIA** Robert Service,2013-02-04 Russia had an extraordinary twentieth century undergoing upheaval and transformation Updating his acclaimed History of Modern Russia Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution civil war mass terror and two world wars He shows how seven decades of communist rule which penetrated every aspect of Soviet life continue to influence Russia today This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor Dmitri Medvedev **Modern Russia. An Introduction** John LONG (Writer on Russia.),1957

A History of Modern Russia from Nicholas II to Vladimir Putin Robert Service,2005 Robert Service here presents a comprehensive overview of 20th century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political economic and social ingredients that made up the Soviet compound **The Making of Modern Russia** Lionel Kochan,Richard Abraham,1983 Modern Russia Julius Wilhelm Albert von Eckardt,1870 *Modern Russia* Frederick Lawrence Long,1957 Modern Russia: the Basics Charlotte Alston,2017-11-22 Modern Russia The Basics is an accessible introduction to the key events and transformations which have taken place in Russia from the late 19th century to the present day Exploring the subject in seven clearly defined chronological periods this text examines the politics economics culture of Russia and studies its evolving relationship with neighbouring states Subjects covered include The Russian Empire and Revolutionary Russia The development of Soviet society under Stalin s system The Great Patriotic War and emergence of Russia as a global superpower Cold War politics and tensions from the Soviet perspective The collapse of the Soviet Union and its impact on society Russia in the 21st Century and beyond Alive with current scholarship and debates maps and further reading throughout Modern Russia The Basics is a valuable resource for all those taking courses in Russian history and society The Rise and Fall of Latin Humanism in Early-Modern Russia Max J. Okenfuss,1995-08-01 The Rise and Fall of Latin Humanism in Early Modern Russia argues that between 1650 and 1789 Russia flirted with Western Europe s Latin Humanism However all levels of society especially the nobility consistently rejected the pagan authors of Latinate culture propagated by Ukrainian clergy An examination of the printing industry Latin teaching and private libraries in Russia and excursions into the thought of Russia s enlighteners demonstrate that Latin authors had little impact on Russia especially the nobility traditionally regarded as the advocate of Western educational and cultural values The book contributes to our understanding of the reforms of Peter the Great of Catherine s enlightened reputation of the origins of the intelligentsia and of the cultural ties between Russians and the peoples they annexed in early modern times **Myth Making in the Soviet Union and Modern Russia** Vicky Davis,2017-11-30 The 1943 battle to free the Soviet Black Sea port of Novorossiisk from German occupation was fought from the beach head of Malaia zemlia where

the young Colonel Leonid Brezhnev saw action Despite widespread scepticism of the state's appropriation and inflation of this historical event the heroes of the campaign are still commemorated in Novorossiisk today by an amalgam of memoir monuments and ritual Through the prism of this provincial Russian town Vicky Davis sheds light on the character of Brezhnev as perceived by his people and on the process of memory for the ordinary Russian citizen Davis analyses the construction and propagation of the local war myth to link the individual citizens of Novorossiisk with evolving state policy since World War II and examines the resultant social and political connotations Her compelling new interdisciplinary evidence reveals the complexity of myth and memory challenging existing assumptions to show that there is still scope for the local community and even the individual in memory construction in an authoritarian environment This book represents a much needed departure from the study of myth and memory in larger cities of the former Soviet Union adding nuance to the existing portrait of Brezhnev and demonstrating the continued importance of war memory in Russia today Crime and Punishment in Early Modern Russia Nancy Kollmann, 2012-10-11 A magisterial account of criminal law in early modern Russia in a wider European and Eurasian context **Introduction to Russia** Gilad James, PhD, Russia officially known as the Russian Federation is the largest country in the world by land area and spans two continents Europe and Asia It is located in Eastern Europe and Northern Asia and shares borders with Norway Finland Estonia Latvia Lithuania Poland Belarus Ukraine Georgia Azerbaijan Kazakhstan Mongolia China and North Korea The country has a diverse geography from the frozen tundra of Siberia to the sunny beaches of the Black Sea coast Russia is known for its rich culture and history which includes famous poets writers composers artists and scientists The country has a population of approximately 144 million people and is considered a federal semi presidential republic Russia's economy is one of the largest in the world and relies heavily on natural resources like oil gas and minerals Its political system is often described as authoritarian due to the concentration of power in the hands of the president and the ruling party However the country has a complex and dynamic political landscape that includes a diversity of opinions and viewpoints Despite its challenges Russia continues to play a significant role in world affairs including its involvement in Syria Ukraine and other global hotspots Thinking Orthodox in Modern Russia Patrick Lally Michelson, Judith Deutsch Kornblatt, 2014-07-31 This collection of essays on Russian religious thought focuses on the extent to which Russian culture and ideology has been informed by the nation's roots in Orthodox Christianity *Russia, Ukraine and Contemporary Imperialism* Boris Kagarlitsky, Radhika Desai, Alan Freeman, 2019-05-17 This book is a unique contribution to scholarship on the sources of the conflict in Ukraine The volume brings together writers from Russia Ukraine Canada the United States Europe and Australia many of whom attended a gathering of scholars and activists from all over Ukraine held in Yalta Crimea just after the conflict in Eastern Ukraine erupted Challenging both the demonization of Russia which has become standard for Western writing on the topic and the simplistic discourse of official Russian sources this book scrutinises the events of the conflict and the motives of the agents bringing to the fore the

underlying causes of the most critical flashpoints of the post Soviet world order This volume offers a refreshing profound perspective on the Ukraine conflict and will be an indispensable source for any student or researcher This book was originally published as a special issue of the journal International Critical Thought

The Human Tradition in Modern Russia William Husband, 2000-08 By integrating the human dimension into Russian history The Human Tradition in Modern Russia introduces Russian social history to readers in a provocative and interesting new way The essays in this unique collection are based largely on previously classified Russian archival information available only since 1991 This is a study of Russian history since 1861 from the perspective of individuals and groups usually underrepresented in scholarly studies giving the reader a thorough view of Modern Russia from the grassroots level The Human Tradition in Modern Russia is ideal for courses on Russian history and civilization modern European history and world history

Demography of Russia Tatiana Karabchuk, Kazuhiro Kumo, Ekaterina Selezneva, 2016-11-24 This book examines the demographic development of Russia from the late Russian Empire to the contemporary Russian Federation and includes discussions of marriage patterns fertility mortality and inter regional migration In this pioneering study the authors present the first English language overview of demographic data collection in

Russia Chapters in the book offer a systematic overview of the legislation regulating fertility and the family sphere a study of the factors determining first and higher order births and an examination of population distribution across Russian regions The book also combines research tools from the social sciences with a medical approach to provide a study of mortality rates By bringing together approaches from several disciplines demography economics and sociology the authors of this book provide a comprehensive and detailed assessment of the historical roots of Russia s demographic development **The Future of the Global Financial System: Downfall or Harmony** Elena G. Popkova,2018-11-03 This book gathers the best papers presented at the conference The Future of the Global Financial System Downfall or Harmony which took place in Limassol Cyprus on April 13 14 2018 Organized by the Institute of Scientific Communications Volgograd Russia the conference chiefly focused on reassessing the role and meaning of the global financial system in the modern global economy in light of the crisis that began in 2008 and can still be observed in many countries and on developing conceptual and applied recommendations on spurring the development of the global financial system All works underwent peer review and conform to strict criteria including a high level of originality more than 90% elements of scientific novelty contribution to the development of economic science and broad possibilities for practical application The target audience of this scientific work includes postgraduates lecturers at higher educational establishments and researchers studying the modern global financial system Based on the authors conclusions and results readers will be equipped to pursue their own scientific research The topics addressed include but are not limited to the following issues which are interesting for modern economic science and practice financial globalization the role of finances in the global economy perspectives of transition in the financial system from part of the infrastructure to a new vector of development in the global economy in the 21st century reasons for the crisis of the modern financial system and ways of overcoming it problems and perspectives regarding the harmonization of the global financial system and scenarios of development for the global financial system The content is divided into the following parts development of financial systems at the micro meso and macro levels financial infrastructure of the modern economy legal issues of development of the modern financial system and management of the global financial system **The Heart of Russia** Scott Mark Kenworthy,2010-10-08 In the 1830s and 1840s increasing numbers of Russians renounced the modernized secularized Westernized Russia created by Peter the Great in an effort to revive alternative lifestyles based on Orthodox spirituality and values This effort found expression in a revival of monasticism that began in the era of Nicholas I and would last for the duration of the imperial period brought to an end only by the cataclysm of revolution and repression of the new Bolshevik regime Suppressed by the communists Russian monasticism experienced another revival in the post World War II era and again in the post Soviet period demonstrating that the impulse to renounce the contemporary world for the cloister is a central pattern of Russian religiosity This book is the first comprehensive analysis of these monastic revivals presenting a fundamentally new picture of religion in modern Russia Scott Kenworthy s approach is that of a contextualized

microhistory an in depth study of one monastic complex framed within research on monasticism more broadly The case study here is Russia s largest and most famous monastery the Trinity Sergius Lavra in Sergiev Posad near Moscow With the collapse of the Soviet Union the Russian Orthodox Church is again experiencing a revival and monasticism is playing a central role in this resurgence In the search to recover the past Russian Orthodox are turning to the nineteenth century revival as a normative model Numerous Russians are once again renouncing the contemporary world in this case both the socialist past and the post socialist capitalist present and opting for a mode of life that represents a return to past values Monasteries are again foci of popular piety as well as of important publishing activities and their spirituality is regarded as the purest expression of Orthodox ideals This book provides an essential basis for understanding Orthodoxy in its historical context and its contemporary manifestations
