

Procurement area comprises mainly of South Karelia and South Savo. In the company's wood procurement areas, pine trees grow slowly and therefore are fine-grained and can sustain bending well. The majority of poles are purchased in cooperation with other wood procurement organizations. The company also buys by itself pine dominated forests, from which the company supplies its partners with sawn timber, paperwood and other special timber.

The goal of the wood procurement is the most comprehensive cooperation with other companies, in order to find the right use for the wood.
