Modern Tongues Movement:

The Modern Tongues Movement Robert Glenn Gromacki, 1967 The first half of the twentieth century saw the rise of Pentecostalism with its most spectacular feature of speaking in tongues Now in the middle of this century that phenomenon is being experienced in the historic Christian churches heralded as the new Pentecostalism or the Charismatic Renewal What has caused this new movement What are its characteristics Is modern tongue speaking of God of Satan psychologically produced or artificially stimulated Was speaking in tongues designed to be the outward evidence of the baptism of the Holy Spirit Was the gift of tongues given as a permanent or a temporary gift to the church Can tongue speaking be used for private devotions and self edification This book presents a careful study of the modern tongues movement with its historical antecedents It offers a thorough scriptural study of the biblical phenomenon and evaluates the current movement in the light of that study Back cover *Modern Tongues Movement* Robert G. Sullivan,2022-09-16 In three carefully researched volumes this ground breaking study examines the gift of tongues through 2 000 years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church s perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a foreign liturgical language Hebrew or Aramaic requiring bilingual interpreters In the first volume the authors establish that modern glossolalia far from being a supernatural gift enjoyed by certain believers since the time of Pentecost and undergoing a resurgence in modern times has no precedent in church life prior to the nineteenth century They discuss why German theologians responding to the Irvingite revival coined the term glossolalia in the 1830s why Pentecostals between 1906 8 quietly began redefining tongues to mean a heavenly language unintelligible to human beings but pleasing to God instead of foreign languages useful for evangelism why Protestant cessationists believed miraculous tongues had ceased and why interpolated idioms like unknown tongues in Protestant Bibles were aimed originally at Rome s use of Latin
