to the Communist victory in the Civil War in 1949 Michel Hockx introduces the historical and literary contexts of the various schools of vernacular poetry that developed throughout the period the pioneers formalists symbolists peasants and soldiers poets and Shanghai poets of the late 1940s Each selection of verse begins with a biographical sketch of the author's life and literary career including their roles in the Civil War and Japanese occupation Introducing English readers to master poets who are virtually unknown to Western audiences this anthology presents a collection of verse written in an age of struggle that attests to the courage sensitivity and imagination of the Chinese people *The Bloomsbury Handbook of Modern Chinese Literature in Translation* Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation **The Columbia Companion to Modern East Asian Literature** Joshua S. Mostow, 2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed analyses of the works of Tanizaki Jun ichiro and Murakami Haruki to far ranging explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for

anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay

Taiwanese Literature as World Literature Pei-yin Lin, Wen-chi Li, 2022-12-15 Owing to Taiwan's multi ethnic nature and palimpsestic colonial past Taiwanese literature is naturally multilingual Although it can be analyzed through frameworks of Japanophone literature and Chinese literature and the more provocative Sinophone literature only through viewing Taiwanese literature as world literature can we redress the limits of national identity and fully examine writers transculturation practice globally minded vision and the politics of its circulation Throughout the colonial era Taiwanese writers gained inspiration from global literary trends mainly but not exclusively through the medium of Japanese and Chinese Modernism was the mainstream literary style in 1960s Taiwan and since the 1980s Taiwanese literature has demonstrated a unique trajectory shaped jointly by postmodernism and postcolonialism These movements exhibit Taiwanese writers creative adaptations of world literary thought as a response to their local and trans national reality During the postwar years Taiwanese literature began to be more systematically introduced to world readers through translation Over the past few decades Taiwanese authors and their translated works have participated in global conversations such as those on climate change the post truth era and ethnic and gender equality Bringing together scholars and translators from Europe North America and East Asia the volume focuses on three interrelated themes the framing and worlding ploys of Taiwanese literature Taiwanese writers experience of transculturation and politics behind translating Taiwanese literature The volume stimulates new ways of conceptualizing Taiwanese literature demonstrates remarkable cases of Taiwanese authors co option of world trends in their Taiwan concerned writing and explores its readership and dissemination

Identity, Multiplicity, and Resistance in Taiwanese Poetry Wen-chi Li, 2025-04-04 Li and his contributors explore how Taiwanese poets conceptualize their identities employing multiple voices to challenge political hegemony and re evaluate Taiwan's colonial legacy and nationalism Poetry in Taiwan exists at the intersection of Taiwanese Mandarin and Japanese languages and traditions The rise of China has contributed to the shrinking of Taiwan's international space leading to Taiwanese cultures often being viewed as tributaries or by products of China on the global stage They focus on Taiwanese poetry to highlight a history of local resistance in gender identity cultural and linguistic contexts They deconstruct the hegemony and homogeneity of Chineseness exploring multiple ways to reposition Taiwan on the map of world literature Essential reading for scholars of Sinophone literature as well as those interested in the history and culture of Taiwan

The Soldier-Writer, the Expatriate, and Cold War Modernism in Taiwan Li-Chun Hsiao, 2022-08-16 The Soldier Writer the Expatriate and Cold War Modernism in Taiwan Freedom in the Trenches argues that what appeared to be a genesis of new literature engendered by the modernist movement in postwar Taiwan was made possible only through the splendid isolation within the Cold War world order sustaining the bubble in which Free China lived on borrowed time The book explores the trenches of freedom in whose confines the soldier poets were surrealistically acquiesced to roam free under the aegis of pure literature and the buffer zone created by the US presence in Taiwan and the modernists expatriate writing from America that aided their moderated deviance from the official line It critically examines the anti establishment character and gesture in the movement phase in terms of its entanglements with the state apparatus and the US aided literary establishment Taiwan s modernists counterbalance their retrospectively perceived excess and nuanced forms of exit with a series of spiritual as well as actual returns upon which earlier traditionalist undercurrents would surface This modernism s mixed legacies with its aesthetic avant gardism marrying politically moderate or conservative penchants date back to its bifurcated mode of existence and operation of separating the realm of the aesthetic from everything else in life during the Cold War
