*Modernism and Modernity* B. H. D. Buchloh,Serge Guilbaut,David Solkin,David H. Solkin,2004 America is a smuggler nation Our long history of illicit imports has ranged from West Indies molasses and Dutch gunpowder in the 18th century to British industrial technologies and African slaves in the 19th century to French condoms and Canadian booze in the early 20th century to Mexican workers and Colombian cocaine in the modern era Providing a sweeping narrative history from colonial times to the present Smuggler Nation is the first book to retell the story of America andof its engagement with its neighbors and the rest of the world as a series of highly contentious battles over clandestine commerce As Peter Andreas demonstrates in this provocative and fascinating account smuggling has played a pivotal and too often overlooked role in America s birth westward expansion and economic development while anti smuggling campaigns have dramatically enhanced the federal government s policing powers The great irony Andreas tells us is that a country that wasborn and grew up through smuggling is today the world s leading anti smuggling crusader In tracing America s long and often tortuous relationship with the murky underworld of smuggling Andreas provides a much needed antidote to today s hyperbolic depictions of out of control borders and growing global crime threats Urgent calls by politicians and pundits to regain control of the nation s borders suffer from a severe case of historical amnesia nostalgic implying that they were ever actually under control This is pure mythology says Andreas For better and for worse America s borders have always been highly porous Far from being a new and unprecedeted danger to America the illicit underside of globalization is actually an old American tradition As Andreas shows it goes back not just years but centuries And its impact has been decidedly double edged not only subverting but also empowering America

Guilbaut,David H. Solkin,1983    *Modernism and Modernity* ,1983    **Illuminated Paris** S. Hollis Clayson,2019-05-16 The City of Light For many these four words instantly conjure late nineteenth century Paris and the garish colors of Toulouse Lautrec s iconic posters More recently the Eiffel Tower s nightly show of sparkling electric lights has come to exemplify our fantasies of Parisian nightlife Though we reflect longingly on such scenes in Illuminated Paris Hollis Clayson shows that there s more to these clich s than meets the eye In this richly illustrated book she traces the dramatic evolution of lighting in Paris and how artists responded to the shifting visual and cultural scenes that resulted from these technologies While older gas lighting produced a haze of orange new electric lighting was hardly an improvement the glare of experimental arc lights themselves dangerous left figures looking pale and ghoulish As Clayson shows artists representations of these new colors and shapes reveal turn of the century concerns about modernization as electric lighting came to represent the harsh glare of rapidly accelerating social change At the same time in part thanks to American artists visiting the city these works of art also produced our enduring romantic view of Parisian glamour and its Belle poque

and other aesthetic categories be the era in the past present or future to the extent that the current theoretical debate on aesthetic experience is as much misleading as obsolete The current debate also obscures something more tremendous in the long run in relation to the emergence of what Dr Baofu originally proposes as the great transformations of aesthetic experience in the coming future that humans have never known both here on Earth and later in deep space in accordance to the five theses of his transformative theory of aesthetic experience To understand this the book is organized into four major parts i e in relation to nature the mind culture and society *The Arts, Community and Cultural Democracy* NA

NA,2016-04-30 This interdisciplinary and international collection explores the role of the arts in shaping contemporary religion and politics The authors ask about the future of viable communities and democratic cultures in a postmodern world looking for clues in artistic practices and institutions and their impact on how people create history and interpret texts The collection shows that the arts are central to struggles over the shape of society in the new millennium Writing Back to Modern Art Jonathan Harris,2005-10-09 Here for the first time is a full length study of the critical modernisms of the three leading art writers of the second half of the twentieth century which helps us build a better understanding of the development of modern art writing and its relation to the post modern in art and society since the 1970s Focusing on

canonical modern artists such as Manet Cezanne Picasso and Pollock this book provides an important understanding of writing and criticism in modern art for all students and scholars of art theory and art history Mainstay issues discussed include aesthetic evaluation subjectivity and meaning in art and art writing Jonathan Harris examines key discourses and identifies points of significant overlap as well as sharp disjunction between the critics Developing the notions of good and bad complexity in modernist criticism Writing Back to Modern Art creates ways for us to think outside of these discourses of value and meaning and helps us to look at the place that art writing holds in the latter twentieth century and beyond Bill Reid and Beyond Karen Duffek,Charlotte Townsend-Gault,2008-09-01 A fresh perspective from Haida leaders art and cultural historians anthropologists and artists on the lasting legacy of the famed Haida artist Bill Reid

**French Primitivism and the Ends of Empire, 1945-1975** Daniel J. Sherman,2011-11-15 For over a century the idea of primitivism has motivated artistic modernism Focusing on the three decades after World War II known in France as les trentes glorieuses despite the loss of most of the country s colonial empire this probing and expansive book argues that primitivism played a key role in a French society marked by both economic growth and political turmoil In a series of chapters that consider significant aspects of French culture including the creation of new museums of French folklore and of African and Oceanic arts and the development of tourism against the backdrop of nuclear testing in French Polynesia Daniel J

Sherman shows how primitivism a collective fantasy born of the colonial encounter proved adaptable to a postcolonial inward looking age of mass consumption Following the likes of Claude L vi Strauss Andre Putman and Jean Dubuffet through decorating magazines museum galleries and Tahiti's pristine lagoons this interdisciplinary study provides a new perspective on primitivism as a cultural phenomenon and offers fresh insights into the eccentric edges of contemporary French history

The "new Woman" Revised Ellen Wiley Todd, 1993-01-01 In the years between the world wars Manhattan's Fourteenth Street Union Square district became a center for commercial cultural and political activities and hence a sensitive barometer of the dramatic social changes of the period It was here that four urban realist painters Kenneth Hayes Miller Reginald Marsh Raphael Soyer and Isabel Bishop placed their images of modern new women Bargain stores cheap movie theaters pinball arcades and radical political organizations were the backdrop for the women shoppers office and store workers and consumers of mass culture portrayed by these artists Ellen Wiley Todd deftly interprets the painters complex images as they were refracted through the gender ideology of the period This is a work of skillful interdisciplinary scholarship combining recent insights from feminist art history gender studies and social and cultural theory Drawing on a range of visual and verbal representations as well as biographical and critical texts Todd balances the historical context surrounding the painters with nuanced analyses of how each artist's image of womanhood contributed to the continual redefining of the new woman's relationships to men family work feminism and sexuality      *Meyer Schapiro's Critical Debates* C. Oliver

O'Donnell, 2019-10-14 Described in the New York Times as the greatest art historian America ever produced Meyer Schapiro was both a close friend to many of the famous artists of his generation and a scholar who engaged in public debate with some of the major intellectuals of his time This volume synthesizes his prolific career for the first time demonstrating how Schapiro worked from the nexus of artistic and intellectual practice to confront some of the twentieth century's most abiding questions Schapiro was renowned for pioneering interdisciplinary approaches to interpreting visual art His lengthy formal analyses in the 1920s Marxist interpretations in the 1930s psychoanalytic critiques in the 1950s and 1960s and semiotic explorations in the 1970s all helped open new avenues for inquiry Based on archival research C Oliver O'Donnell's study is structured chronologically around eight defining debates in which Schapiro participated including his dispute with Isaiah Berlin over the life and writing of Bernard Berenson Schapiro's critique of Martin Heidegger's ekphrastic commentary on Van Gogh and his confrontation with Claude L vi Strauss over the applicability of mathematics to the interpretation of visual art O'Donnell's thoughtful analysis of these intellectual exchanges not only traces Schapiro's philosophical evolution but also relates them to the development of art history as a discipline to central tensions of artistic modernism and to modern intellectual history as a whole Comprehensive and thought provoking this study of Schapiro's career pieces together the separate strands of his work into one cohesive picture In doing so it reveals Schapiro's substantial impact on the field of art history and on twentieth century modernism      **On the Edge of Your Seat** Patricia McDonnell, Robert Clyde Allen, Frederick R. Weisman Art

Museum,2002-01-01 This book is published in conjunction with the exhibition On the edge of your seat Popular theater and film in early twentieth century American art organized by the Frederick R Weisman Art Museum University of Minnesota Minneapolis     *Passionate Discontent* Patricia Mathews,1999 Art historian Patricia Mathews examines the artistic social and scientific discourses of fin de siecle France Along the way she illuminates the Symbolist construction of a feminized aesthetic that nonetheless excluded female artists from its realm She analyzes contemporary cultural assumptions as well as theories such as social Darwinism biological determinism and degeneracy BOOK JACKET
