House and Home in Modern Japan Jordan Sand, 2020-05-11 A house is a site the bounds and focus of a community It is also an artifact a material extension of its occupants lives This book takes the Japanese house in both senses as site and as artifact and explores the spaces commodities and conceptions of community associated with it in the modern era As Japan modernized the principles that had traditionally related house and family began to break down Even where the traditional class markers surrounding the house persisted they became vessels for new meanings as housing was resituated in a new nexus of relations The house as artifact and the artifacts it housed were affected in turn The construction and ornament of houses ceased to be stable indications of their occupants social status the home became a means of personal expression and the act of dwelling was reconceived in terms of consumption Amid the breakdown of inherited meanings and the fluidity of modern society not only did the increased diversity of commodities lead to material elaboration of dwellings but home itself became an object of special attention its importance emphasized in writing invoked in politics and articulated in architectural design The aim of this book is to show the features of this culture of the home as it took shape in Japan

The Labors of Modernism Mary Wilson, 2016-12-05 In The Labors of Modernism Mary Wilson analyzes the unrecognized role of domestic servants in the experimental forms and narratives of Modernist fiction by Virginia Woolf Gertrude Stein Nella Larsen and Jean Rhys Examining issues of class gender and race in a transatlantic Modernist context Wilson brings attention to the place where servants enter literature the threshold In tracking their movements across the architectural borders separating indoors and outdoors and across the physical doorways between rooms Wilson illuminates the ways in which the servants who open doors symbolize larger social limits and exclusions as well as states of consciousness The relationship between female servants and their female employers is of particular importance in the work of female authors for whom the home and the novel are especially interconnected sites of authorization and domestication Modernist fiction Wilson shows uses domestic service to tame and interrogate not only issues of class but also the overlapping distinctions of racial and ethnic identities As Woolf Stein Larsen and Rhys use the novel to interrogate the limitations of gendered domestic ideologies they find they must deploy these same ideologies to manage the servant characters whose labor maintains the domestic spaces they find limiting Thus the position of servants in these texts forces the reader to recognize servants not just as characters but as conditions for the

Reconstructing Modernism Ashley Maher,2020-03-12 *Reconstructing Modernism* establishes for the first time the centrality of modernist buildings and architectural periodicals to British mid century literature Drawing upon a wealth of previously unexplored architectural criticism by British authors this book reveals how arguments about architecture led to innovations in literature as well as to redesigns in the concept of modernism itself While the city has long been a focus of literary modernist studies architectural modernism has never had its due Scholars usually characterize architectural modernism as a parallel modernism or even an incompatible modernism to literature Giving special attention to dystopian classics *Brave New World* and *Nineteen Eighty Four* this study argues that sustained attention to modern architecture shaped mid century authors political and aesthetic commitments After many writers deemed modernist architects to be agents for communism and other collectivist movements they squared themselves and literary modernist detachment and aesthetic autonomy against the seemingly tyrannical utopianism of modern architecture literary aesthetic qualities were reclaimed as political qualities In this way *Reconstructing Modernism* redraws the boundaries of literary modernist studies rather than simply adding to its canon it argues that the responsibility for defining literary modernism for the mid century public was shared by an incredible variety of authors Edwardians modernists satirists and even anti modernists

Picturing home Hollie Price,2021-02-09 *Picturing home* examines the depiction of domestic life in British feature films made and released in the 1940s It explores how pictorial representations of home onscreen in this period re imagined modes of address that had been used during the interwar years to promote ideas about domestic modernity *Picturing home* provides a close analysis of domestic life as constructed in eight films contextualising them in relation to a broader offscreen culture surrounding the suburban home including magazines advertisements furniture catalogues and displays at the Daily Mail Ideal Home Exhibition In doing so it offers a new reading of British 1940s films which demonstrates how they trod a delicate path balancing prewar and postwar traditional and modern private and public concerns

Don't Blame Us Lily Geismer,2017-01-31 *Don t Blame Us* traces the reorientation of modern liberalism and the Democratic Party away from their roots in labor union halls of northern cities to white collar professionals in postindustrial high tech suburbs and casts new light on the importance of suburban liberalism in modern American political culture Focusing on the suburbs along the high tech corridor of Route 128 around Boston Lily Geismer challenges conventional scholarly assessments of Massachusetts exceptionalism the decline of liberalism and suburban politics in the wake of the rise of the New Right and the Reagan Revolution in the 1970s and 1980s Although only a small portion of the population knowledge professionals in Massachusetts and elsewhere have come to wield tremendous political leverage and power By probing the possibilities and limitations of these suburban liberals this rich and nuanced account shows that far from being an exception to national trends the suburbs of Massachusetts offer a model for understanding national political realignment and suburban politics in the second half of the twentieth century

Earle,2024-01-04 When the final episode of *BoJack Horseman* aired on Netflix in 2020 it was to massive critical and popular acclaim Across six seasons viewers followed the exploits of a washed up sitcom actor and his wacky collection of friends set against the fading glitz of Hollywood and played out through a distinct cast of both human and anthropomorphic characters Before the series even concluded it was clear that it would be the topic of research and discussion long beyond its relatively short run This collection brings together essays about the ways this series handles complex and highly nuanced topics within three main themes mental health masculinity and the perils of celebrity With
