statesman can be read as an introduction into Turkish politics In his very clearly written and stimulating political biography of smet n n Metin Heper presents to the reader a highly motivated self reflecting and self conscious political leader smet n n played a critical role in the founding of the Turkish Republic further promoting Westernization and the transition to and the consolidation of democracy in Turkey This volume is the first treatise on this remarkable statesman in any Western language It challenges such orthodox views on n n as his having played second fiddle vis a vis Ataturk and his having been a power hungry politician with an authoritarian bend of mind It is suggested that n n complemented Ataturk and that over time he adopted liberal political views while remaining a staunch guardian of the premises such as secularism upon which the Turkish Republic rested It is also argued that if his compatriots had paid closer attention to n n they would have a more liberal conception of democracy and at the same time in politics they would have acted more prudently Diplomacy
