Oskar Fischel,2015-06-30 Excerpt from Modes Manners of the Nineteenth Century as Represented in the Pictures and Engravings by the Time Vol 1 of 3 The North American Indian is perhaps the person who has most thoroughly realised the possible significance of dress To him dress was not so much a covering worn for the sake of convenience and fashion as a symbol of his state of mind I have been told that a Red Indian prepared for the war path shaven feathered and chalked is the most hideous emblem of the horrors of war that the artifice of man has ever produced To test its success one need only glance at the mass of literature that has grown up round the subject It is to the passions of the primitive man and their translation into dress and ornament that we owe a considerable amount of our local colour in costume but there is another source from which much charm is still derived the reflection of natural conditions in dress hardened into custom How wonderfully do the garish colours of the gipsy's clothes still suggest the oriental suns how do the thirty embroidered

petticoats of the Bulgarian young woman suggest the accumulated weight of custom the lonely valleys the wide coffer and the still house how empty of pleasure would our children's books be without the reindeer skins of the Esquimaux the Japanese umbrella the turban of Arabia It is of no use to grieve over the inevitable over the sweep of universal law as it comes rapidly into action but what a lament might be raised over the imminent disappearance of local art in dress About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Modes and Manners of the Nineteenth Century, as Represented in the Pictures and Engravings of the Time Modes.1909 Modes And Manners Of The Nineteenth Century: 1843-1878 Max Von Boehn, Oskar Fischel, Grace Little Rhys, 2023-07-18 This fascinating volume examines the social and cultural norms of the 19th century through the lens of fashion and etiquette With a wealth of illustrations and photographs the book offers readers a glimpse into the world of Victorian society and the changing attitudes of the era This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Modes and Manners of the Nineteenth Century, As Represented in the Pictures and Engravings of the Time Oskar Fischel, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future Modes and Manners of the 19th Century Max von Boehn, 1909 generations to enjoy Modes & Manners of the Nineteenth Century as Represented in the Pictures and Engravings of the Time Max von Boehn, 1927 Modes and Manners, Ornaments Max von Boehn, 1929 Modes & Manners of the Nineteenth Century as Represented in the Pictures and Engravings of the Time Max von Boehn, Oskar Fischel, 1927 Modes and Manners of the Nineteenth Century Max Von Boehn, Oskar Fischel, Grace Little Rhys, 2015-09-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact
