Mohammed and Mohammedanism Sigismund Wilhelm Koelle, 1889 The author lived in western Africa as a Christian missionary and intends this study as a tool of conversion The study is divided into three books The first book describes the historical context in which Mohammed lived and the important accomplishments of his life In Book II Koelle argues that Muslim authors plagiarized the story of Christ when writing about Mohammed The book details the parallel storylines and symbolism Chapter II of Book II contains filtered descriptions of Mohammed's physical aspects and personal habits as described by Muslim writers his dress his physical qualities his miracles his habits as to sneezing and yawning etc Book III is a Christianity based assessment of the real nature of the position occupied by Mohammedanism **Mohammed and Mohammedanism** Reginald Bosworth Smith, 1873 **Mohammed and Mohammedanism, Lectures Delivered at the Royal Institution of Great Britain in February and March 1874, by R. Bosworth Smith,...** Reginald Bosworth Smith, 1876 **Mohammed and Mohammedanism** Sigismund Wilhelm Koelle, 2017-12-04 Excerpt from Mohammed and Mohammedanism Critically Considered As in nature so in history objects assume a different aspect according to the standpoint from which they are contemplated In the suitability of the different stand points also there is a gradation from the worst to the best As a rule the higher and freer the standpoint the more serviceable it is for obtaining a correct view He would be a bold man who affirmed that he had so entirely exhausted the momentous subject of Islam and its Prophet as to leave nothing more to be done by those who follow after Taking for granted that my predecessors whose merits I gratefully acknowledge rather wished to encourage than prohibit further research I kept my eyes open whilst following in the way they had trodden and judged for myself as they had done before me The intelligent reader by accompanying me on the stern and bracing march of research will be able to say whether I have succeeded in observing here and there what had been left unnoticed by those who went before me and in occasionally placing in a fuller and truer light what was already known I would especially invite the thoughtful reader to direct his attention to the manner in which I have traced the development of Mohammed into the prophet he became to the inward harmony which I have shown to exist between his Meccan and Medinan periods notwithstanding their outward dissimilarity to the large mythical element in the Moslem biographies which I have laid bare together with the leading idea from which it sprang and to the peculiar character of the Mohammedan opposition to Christianity and Christendom which I have pointed out in its fundamental principle and in its practical manifestation throughout the course of its history It appears to me almost impossible that any judicious reader could honestly and impartially ponder the grave array of data and records which I unroll before him without becoming convinced with me of the designedly and deeply antichristian character of the entire system of Islamism About the Publisher Forgotten Books

Bosworth Smith, 2015-06-25 Excerpt from Mohammed and Mohammedanism Lectures Delivered at the Royal Institution of Great Britain in February and March While preparing a Second Edition of these Lectures for the press I have had the advantage of reading many notices of the First the great majority of them incisive yet kind just yet scrupulously appreciative This has been a great advantage but it involves a corresponding responsibility Next to the responsibility and pleasure of writing what it is hoped may serve in however humble a measure the cause of truth charity and justice there is no greater pleasure or responsibility than that of reading a keen yet sympathetic criticism on it by one who is evidently a master of his subject and who is aiming at the same goal even though his standpoint be different or he be travelling by a different road The knowledge of the critic as in more than one instance has been notably the case may be deeper his experience wider his judgment more profound he may find out with unerring certainty all the weak points in one's armour but none the less is he eager to discover generosity in the motives and conscientiousness in the work done to recognise the identity of the end in view and such advance as may have been made towards it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art
