From Here to Ascension Joyce Strahn, 2015-06-10: Extra energies from heaven have been directed to planet Earth to help her and her people move into the fifth dimension. We are being watched over by trillions of ships because this is the only time a planet has been allowed to ascend with her people on her. Without the help of those extraterrestrials we would have never made it through the 1990s. I have known for years that I cannot get off this planet until I have written this book. It is a book for people who have asked the questions: How did this beloved country of ours get into a mess like this and What can I do to help? The answer lies in Hooponopono, the ancient Hawaiian Lemurian response of love, compassion, forgiveness and gratitude.

From Here to Transcendence Joyce Strahn, 2020-10-06: What if you could protect or heal with the power of color and light? What if you could reconnect with loved ones who have passed and learn from the other side? What if we are transcendent beings with a magnificent history and cosmic destiny? There's more to reality than it appears. In this book, Arcturian Joyce Strahn shows how all of this is possible. With gentle humour, Strahn shares stories of using light energy for protection, compassion and the greater good before delving into the mysteries of other planes and the existential future of Earth and our species. Based on her lifetime of spiritual study, Strahn outlines techniques to guide readers through these troublesome times. In this book you will learn:

1. How to protect property from harm
2. How to use color and light as healing techniques
3. How to manifest what you need
4. Read heartwarming communications with her real Dad after his transition and what he has to teach us
5. Concrete steps that will help to raise our vibration and point the way to a brighter future
