Who Decides? Nina Namaste, Marta Nadas, 2018-03-12 How is the meaning of food created, communicated and continually transformed? How are food practices defined, shaped, delineated, constructed, modified, resisted and reinvented by whom and for whom? These are but a few of the questions *Who Decides: Competing Narratives in Constructing Tastes Consumption and Choice* explores. Part I Taste Authenticity Identity explicitly centres on the connection between food and identity construction. Part II Food Discourses focuses on how food-related language shapes perceptions that in turn construct particular behaviours that in turn demonstrate underlying value systems. Thus as a collection this volume explores how tastes are shaped, formed, delineated and acted upon by normalising socio-cultural processes and in some instances how those very processes are actively resisted and renegotiated. Encyclopedia of American Food and Drink John F. Mariani, 2014-02-04 First published in 1983 John Mariani's *Encyclopedia of American Food and Drink* has long been the go-to book on all things culinary. Last updated in the late 1990s it is now back in a handsome, fully illustrated, revised and expanded edition that catches readers up on more than a decade of culinary evolution and innovation from the rise of the Food Network to the local food craze from the DIY movement with sausage stuffers, hard cider brewers and pickle makers on every Brooklyn or Portland street corner to the food truck culture that proliferates in cities across the country. Whether high or low food culture, there's no question American food has changed radically in the last fourteen years just as the market for it has expanded exponentially. In addition to updates on food trends and other changes to American gastronomy since 1999, for the first time the *Encyclopedia of American Food and Drink* will include biographical entries both historical and contemporary from Fanny Farmer and Julia Child to the Galloping Gourmet and James Beard to current high-profile players Mario Batali and Danny Meyer among more than one hundred others. And no gastronomic encyclopedia would be complete without recipes. Mariani has included five hundred classics from Hard Sauce to Scrapple, Baked Alaska to Blondies. An American Larousse Gastronomique. John Mariani's completely up-to-date encyclopedia will be a welcome acquisition for a new generation of food lovers.
