brilliantly weaves together the hopes and regrets of three characters from three generations as they reconcile who they are and who they might have been In 1925 a fourteen year old boy leaves his family s farm and hops a boxcar in a dusty Texas field heading for Hollywood and a life in the flickers In 1947 a ten year old girl aches for a real home with a real family in a wide open space far from the crowded Los Angeles streets where her handsome cowboy father chases stardom and her mother holds a secret In 1980 a young man just out of the Navy visits his elderly yet colorful grandparents in Los Angeles eager to uncover his family s silent history For the Holmeses a longing for something else another place a second chance seems to run in the family DNA From Earl s journey west toward Hollywood glory to his daughter Joan s wish for a normal existence away from the bright lights to his grandson Brad s yearning for truth this deep rooted desire sustains them no matter how much the goal eludes them But ultimately in each generation a family crisis forces a turning away from the horizon and the acceptance of a reality that is by turns harsh and healing Inspired by stories of his own family Bret Lott beautifully renders the lives of ordinary people with extraordinary faith in a mesmerizing and finely wrought tale of love and letting go
