Pagans In My Blood:

Confessions of a Born-Again Pagan Anthony T. Kronman, 2016-10-28 In this passionate and searching book Anthony Kronman offers a third way beyond atheism and religion to the God of the modern world We live in an age of disenchantment The number of self professed atheists continues to grow Yet many still feel an intense spiritual longing for a connection to what Aristotle called the eternal and divine For those who do but demand a God that is compatible with their modern ideals a new theology is required This is what Anthony Kronman offers here in a book that leads its readers away from the inscrutable Creator of the Abrahamic religions toward a God whose inexhaustible and everlasting presence is that of the world itself Kronman defends an ancient conception of God deepened and transformed by Christian belief the born again paganism on which modern science art and politics all vitally depend Brilliantly surveying centuries of Western thought from Plato to Augustine Aquinas and Kant from Spinoza to Nietzsche Darwin and Freud Kronman recovers and reclaims the God we need today *Celebrating the Pagan Soul* Laura Wildman, 2005 Millions of Pagans will be able to relate to this book Whether they have looked for a community of spirit found a special mentor or teacher or been part of a wonderful spell this book shares hopes and dreams and validates endeavours and lives It is also written by some of the best names in this offbeat and growing phenomena including Lary Rhea Eve LeFey and Margot Adler This really is chicken soup for the pagan soul [The Big Book of Pagan Prayer and Ritual](#) Ceisiwr Serith, 2020 A comprehensive collection of prayers and rituals for contemporary pagans from a variety of traditions includes a list of offerings and a glossary of deities *The Christian Eucharist and the Pagan Cults* William Mansfield Groton, 1914 **Sacrifice in Pagan and Christian Antiquity** Robert J. Daly, 2019-08-22 Robert J. Daly S J examines the concept of sacrifice in the ancient Mediterranean world and discusses how the rise of bloodless Christian sacrifice and the use of sacrificial language in reference to highly spiritualized Christian lives would have seemed unsettling and radically challenging to the pagan mind Acknowledging the difficulties posed by an overwhelmingly Christian scholarly narrative around the topic of sacrifice Daly specifically sets out to tell the non Christian side of this story He first outlines the pagan trajectory and then the Jewish Christian trajectory before concluding with a representative series of comparisons and contrasts Covering the concept of sacrifice in relation to prayer ethics and morality the rhetoric and economics of sacrificial ceremonies and heroes and saints Daly finishes with an estimation of how this study might inform further study of sacrifice [Pagan Portals - The Fallen Women of Mythology](#) Lady Haight-Ashton, 2024-09-27 Women have traditionally been written out of history But throughout ancient myths stories and legends there is a power in rediscovering the experiences of the many fallen women who have been hidden from the annals of the past Portrayed to us as enigmatic Goddesses devout saints scandalous sinners and infamous biblical whores their storylines of inequity were scorned or in many instances disregarded altogether to gather the dust of antiquity They are the hidden gems of the ancient world and it is time to awaken their voices For within every account of a fallen woman whether Divine or human there is another very
