Dickinson's Nerves, Frost's Woods William Logan,2018-06-05 In Dickinson s Nerves Frost s Woods William Logan the
noted and often controversial critic of contemporary poetry returns to some of the greatest poems in English literature He
reveals what we may not have seen before and what his critical eye can do with what he loves In essays that pair different
poems Ozymandias On First Looking Into Chapman s Homer In a Station of the Metro The Red Wheelbarrow After great pain
a formal feeling comes and Stopping by Woods on a Snowy Evening among others Logan reconciles history and poetry to
provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays
Logan presents the poetry of the past through the lens of the past attempting to bring poems back to the world in which they
were made Logan s criticism is informed by the material culture of that world whether postal deliveries in Regency London
the M tro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet s daily existence lets us
read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that

criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet's life and the shadow of the age
