## **Polar Skater:**

*Skateboarding Between Subculture and the Olympics* Veith Kilberth, Jürgen Schwier, 2019-08-15 The inclusion of skateboarding as an official discipline in the 2020 Olympic Games marks the pinnacle of a decades long process of commercialization and sportification Is the tightly knit subculture in danger of losing its very identity This anthology creates an analytical framework for understanding the fundamental conflict between skateboarding s core ethos and the tenets of institutionalized sports Eleven acclaimed international authors from the fields of architecture philosophy sociology sports sciences and gender studies provide a unique perspective on the manifold manifestations of skateboarding previously ignored by academic discourse     Skateboard Culture Morgan Bouvant, Sébastien Carayol, 2025-10-21 A celebration of skateboard culture from the 1970s to today featuring interviews with legendary skaters including Tony Hawk and Mark Gonzales a foreword by director Spike Jonze and over 400 rare photographs and images Since the 1970s skateboarding has emerged from the fringes of the Californian underground to become a global phenomenon and a culture of its own Throughout each passing decade skateboarding s creativity both on and off the board has influenced mainstream fashion photography music art and film In this beautifully designed celebration of skateboarding Morgan Bouvant and Sébastien Carayol retrace the rich history of skateboard culture through seventeen exclusive interviews with legendary skaters numerous engaging essays recounting key events crucial local scenes and meaningful anecdotes in skate history nostalgic explorations of brands movies and fashion and over 400 photos by iconic skateboard photographers carefully curated advertisements by legendary brands and detailed diagrams showcasing skateboard anatomy and the different types of tricks Perfect for skaters old and new **Skateboard Culture** is a stunning ode to more than five decades of free spirited rebellion     **Skateboard Video** Duncan McDuie-Ra, 2021-09-20 This book is about skateboard video and experimental ways of thinking about cities It makes a provocative argument to consider skate video as an archive of the city from below Here below has a dual meaning First below refers to an unofficial archive a subaltern history of urban space Second below refers to the angle from which skateboarders and filmmakers gaze upon capture and consume the city from the ground up Since taking to the streets in the early 1980s skateboarding has been captured on film video tape and digital memory cards edited into consumable forms and circulated around the world Videos are objects amenable to ethnographic analysis while also archiving exercises in urban ethnography by their creators I advocate for taking skate video seriously as a fragile archive of the urban backstage collective memory across time and space creative urban practice urban encounters people to people and people to objects and the globalization of a subculture at once delinquent and magnificent     The Polar Times August Howard, 1958     **LA Sports** Wayne Wilson, David K. Ebert, James Sulikowski, 2008-12-25 Skates have become a concern in recent years due to the preponderance of these elasmobranchs that are caught as bycatch or as a directed fishery This has raised concern because skates have life history characteristics that may make them vulnerable to over exploitation It was due to this concern that prompted Drs David Ebert and James Sulikowski to organize an international symposium on the Biology of Skates The aims and goals of the symposium were to bring together an international group of researchers to meet discuss perhaps develop collaborations and present their most recent findings The symposium was held over two days on 13 14 July 2006 in conjunction with the 22nd annual meeting of the American Elasmobranch Society in New Orleans LA A total of 31 authors from four countries contributed 16 papers that appear in this volume The papers are broadly arranged into four separate categories systematics and biogeography diet and feeding ecology reproductive biology and age and growth This is the first dedicated book on the biology of skates We hope that readers will find this volume of interest and that it helps encourage and stimulate future research into these fascinating fishes      *Skateboarding and the City* Iain Borden, 2019-02-21 Skateboarding is both a sport and a way of life Creative physical graphic urban and controversial it is full of contradictions a billion dollar global industry which still retains its vibrant counter cultural heart Skateboarding and the City presents the only complete history of the sport exploring the story of skate culture from the surf beaches of 60s California to the latest developments in street skating today Written by a life long skater who also happens to be an architectural historian and packed through with full colour images of skaters boards moves graphics and film stills this passionate readable and rigorously researched book explores the history of skateboarding and reveals a vivid understanding of how skateboarders through their actions experience the city and its architecture in a unique way      **Billboard** , 1944-10-07 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      **Skate the World** Jonathan Mehring, 2015 Hit the streets with 200 exhilarating photographs of the worlds greatest professional skateboarders in action In this dynamic collection award winning photographer Jonathan Mehring takes us from New York to Hong Kong to Istanbul and beyond as he sets out to capture the heart and soul of skate culture on six continents Featuring
