Poles Apart A Touch Of Madneb:

There is no great genius without some touch of madness IntroBooks Team,2019-12-04 Known as the Father of Western Philosophy Aristotle imparted priceless wisdom to the world during his time And even in the modern era people turn to his quotes in times of dilemma to get a clear picture of their life and its problems Among his numerous teachings one of his sayings that really stands out is There is no great genius without some touch of madness This philosophy has passed the test of time with flying colors and is very much applicable even today It not only makes us think what defines genius but also raises several questions as to the real meaning of madness and why every intelligent or smart individual cannot be an individual Having said that words of an individual cannot and should not be measured through a singular lens Thus a different point of view scientific to be precise should be used to examine these deep words that the Greek scientist and philosopher left for us to figure out **Poles Apart** Gavin Bishop,Graham Bishop,2000 From Mt Cook to the Cuckoo s Nest from the physical and spiritual fulfillment of the highest mountains to the social degradation of a seclusion cell in a psychiatric hospital from international acclaim to police brutality and dosing with unexplained drugs in his home town The opposite poles of mania and depression Poles Apart tells of some of the extraordinary determination and extremes in the life of a sensitive and gentle man The story is told with an innovative combination of poetry and prose at times funny or sad at others angry or despairing but always engrossing The author has since received written apologies from clinicians and management in connection with his treatment His book raises major issues about mental health care in New Zealand It is required reading for anyone whose life has been touched by mental illness either personally or through friends or family

Pole's Apart Michelle McMeekin,2011-06-01 DescriptionPoles Apart tells the story of how suffering from severe mental health problems since the age of 17 nearly destroyed Michelle But now strangely when she looks back at her life she feels it has made her stronger It took ten years before she was diagnosed with Bi polar disorder Her low episodes were caused by very excessive stress in the workplace as a personal assistant in local government and she had three breakdowns at the ages of 17 22 and 27 During this last one she threw herself under a train and miraculously survived with no injuries She was sectioned into a Victorian style mental hospital This she says was sheer hell on earth I decided to write my autobiography because I am convinced that there will be a lot of people out there in this stressful age who have suffered like me If one person picks up my book and I give them hope by everything that has happened to me and how my life is now happy and fulfilled then I will have a great sense of personal achievement I would like fellow sufferers who are currently still very ill to see that even though life seems so bleak at times things can turn round and you can get better About the AuthorAlthough married for 4 years Michelle was surprised to find herself pregnant Throughout the whole of the pregnancy she was still very depressed and convinced she was dying and that her body was tricking her into thinking she was pregnant Nobody knew Eventually she gave birth to Kirsty who she calls my darling daughter now aged 8 This turned her life around for the better

Something registered in my sub conscious when I had Kirsty and I stopped thinking I was dying how could a dying body give birth to a healthy child Michelle loved being a mother and says she went a bit high afterwards but leveled off Sixteen months later she had a second daughter my lovely Lauren now aged 6 I love motherhood and I believe it has been my saviour **My Secret Book** Francesco Petrarca,2002 Written by one of the greatest poets of all time My Secret Book now in its first English translation is a profound and deeply personal account of inner suffering and mental anguish Deeply troubled by his struggle and failure to achieve spiritual perfection Petrarch considered the forefather of Italian humanism sought catharsis in the writing of a secret book Only here could he pour out his innermost thoughts frustrations and desires Written in the form of a dialogue between himself and St Augustine the book wrestles with the universal themes of suffering desire fear and joy The result is a rare insight into Petrarch s life and thought and a remarkable early example of self revelation and autobiography Washing the Brain □ Metaphor and Hidden Ideology Andrew Goatly,2007-01-17 Contemporary metaphor theory has recently begun to address the relation between metaphor culture and ideology In this wide ranging book Andrew Goatly using lexical data from his database Metalude investigates how conceptual metaphor themes construct our thinking and social behaviour in fields as diverse as architecture engineering education genetics ecology economics politics industrial time management medicine immigration race and sex He argues that metaphor themes are created not only through the universal body but also through cultural experience so that an apparently universal metaphor such as event structure as realized in English grammar is in fact culturally relative compared with e g the construal of cause and effect in the Algonquin language Blackfoot Moreover event structure as a model is both scientifically reactionary and as the basis for technological mega projects has proved environmentally harmful Furthermore the ideologies of early capitalism created or exploited a selection of metaphor themes historically traceable through Hobbes Hume Smith Malthus and Darwin These metaphorical concepts support neo Darwinian and neo conservative ideologies apparent at the beginning of the 21st century ideologies underpinning our social and environmental crises The conclusion therefore recommends skepticism of metaphor s reductionist tendencies **New Zealand Books in Print 2004** Thorpe-Bowker Staff,2004-06 Directory containing updated bibliographic information on all in print New Zealand books 33rd edition of an annual publication The 12 500 book entries are listed by title and there is an index to authors Also provided are details of 975 publishers and distributors and local agents of overseas publishers The book trade directory includes contacts for trade organisations booksellers public libraries and specialised suppliers NZ literary awards and past winners and sources of financial assistance for writers and publishers Side Please Madan Mohan,2025-04-19 Shailesh a young Mumbaiite dodges old men lovers buses and cars with the magic words Side please as he rushes to catch his train to work and back On the day he takes the car out instead he has to combat incredibly heavy rain and dangerous flooding to make sure he and his car don t drown Will an eventful eight days of life in the city that never sleeps culminate in a potentially life changing decision Read on to find out Side Please is a humourfilled

look at what life in a megapolis bursting at the seams puts its citizens through and how its citizens have nevertheless built a photo album s worth of memories in the process of eking out their existence Side Please takes not only Mumbaiites but urbanites in general especially those living in Indian cities on a journey that is rollicking ribtickling and poignant in equal parts *LUCE and His Empire* W. A. SWANBERG,1972 **Wordsworth and Coleridge: The Lyrical Ballads** P.

Campbell,1991-09-23 Lyrical Ballads have always been wedded to controversy Though the judgments of the periodicals and the ensuing authorial reaction have long since been superseded by a plethora of scholarly interpretations the debate still focuses on their elusive paradoxical character Are the poems traditional or experimental a random collocation or an organised sequence Patrick Campbell surveys the critical fluctuations of nearly two centuries while privileging recent approaches which have sought fresh perspectives on the volume contextual formalist and genre based psycho analytic materialist maverick *Personality Types* Don Richard Riso,Russ Hudson,1996-10-29 The definitive guide to using this ancient psychological system to gain self knowledge and achieve personal growth now expanded and revised The Enneagram is an extraordinary framework for understanding more about ourselves No matter from which point of view we approach it we discover fresh conjunctions of new and old ideas So writes Don Riso in this expanded edition of his classic interpretation of the Enneagram the ancient psychological system used to understand the human personality In addition to updating the descriptions of the nine personality types *Personality Types Revised* greatly expands the accompanying guidelines and for the first time uncovers the Core Dynamics or Levels of Development within each type This skeletal system provides far more information about the inner tension and movements of the nine personalities than has previously been published This increased specificity will allow therapists social workers personnel managers students of the Enneagram and general readers alike to use it with much greater precision as they unlock the secrets of self understanding and thus self transformation No Enneagram teachers I ve come across offer such a rich and dynamic picture of how each personality type expresses itself in the world and the process by which we can move through progressive stages of psychological and spiritual growth Tony Schwartz author of *What Really Matters Searching for Wisdom in America*
