Winter's Fury Richard Heredia, **The Heavens Rise** Christopher Rice,2013-10-15 New York Times bestselling author Christopher Rice brilliantly conjures the shadowed terrors of the Louisiana bayou where three friends confront a deadly ancient evil rising to the surface in this intense and atmospheric new supernatural thriller It's been a decade since the Delongpre family vanished near Bayou Rabineaux and still no one can explain the events of that dark and sweltering night No one except Niquette Delongpre the survivor who ran away from the mangled stretch of guardrail on Highway 22 where the impossible occurred and kept on running Who left behind her best friends Ben and Anthem to save them from her newfound capacity for destruction and who alone knows the source of her very bizarre and very deadly abilities an isolated strip of swampland called Elysium An accomplished surgeon Niquette's father dreamed of transforming the dense acreage surrounded by murky waters into a palatial compound befitting the name his beloved wife gave to it Elysium the final resting place for the heroic and virtuous Then ten years ago construction workers dug into a long hidden well one that snaked down into the deep black waters of the Louisiana swamp and stirred something that had been there for centuries a microscopic parasite that perverts the mind and corrupts the body Niquette is living proof that things done can't be undone Nothing will put her family back together again And nothing can save her But as Niquette Ben and Anthem uncover the truth of a devastating parasite that has the potential to alter the future of humankind Niquette grasps the most chilling truths of all someone else has been infected too And unlike her this man is not content to live in the shadows He is intent to use his newfound powers for one reason only revenge **Annual Report and Proceedings of the ...
