Kurke,Ellen M. Scrivner,2013-04-15 As we approach the 21st century there is a discernable shift in policing from an incident driven perspective to a proactive problem solving stance often described as community policing In this volume a panel of 21 psychologists examine the changing directions in policing and how such changes impact on psychological service delivery and operational support to law enforcement agencies The book describes existing and emerging means of providing psychological support to the law enforcement community in response to police needs to

accommodate new technology community oriented problem solving technology crime prevention and sensitivity to community social changes Senior psychologists who are sworn officers federal agents and civilian employees of federal state and local law enforcement agencies comprise the team of chapter authors Their perspectives encompass their collective experience in the trenches and in law enforcement management and administrative support roles They discuss traditional applications of psychology to police selection training and promotion processes and in trauma stress management and evaluation of fitness for duty Concerns related to police diversity and police family issues are also addressed as are unique aspects of police stress management Additional chapters are dedicated to establishing psychological service functions that currently are less familiar to police agencies than they are to other government and private sector service recipients These chapters are devoted to police psychologists as human resource professionals as human factors experts in accommodating to new technology and to new legal requirements as organizational behavioral experts and as strategic planners This text is recommended reading for two groups police and public safety administrators whose work takes them or should take them into contact with police psychologists practicing and would be police psychologists concerned with the emerging trends in the application of psychology to police and other public safety programs *Encyclopedia of Law Enforcement* Larry E Sullivan, Marie Simonetti Rosen, Dorothy M Schulz, M. R. Haberfeld, 2004-12-15 Click Additional Materials for downloadable samples Although there is a plethora of studies on crime and punishment law enforcement is a relatively new field of serious research When courts sentencing prisons jails and other areas of the criminal justice system are studied often the first point of entry into the system is through police and law enforcement agencies Unfortunately understanding of the important issues in law enforcement has little general literature to draw on Currently available reference works on policing are narrowly focused and sorely out of date To this end a distinguished roster of authors representing many years of knowledge and practice in the field draw on the latest research and methods to delineate describe and analyze all areas of law enforcement This three volume *Encyclopedia of Law Enforcement* provides a comprehensive critical and descriptive examination of all facets of law enforcement on the state and local federal and national and international stages This work is a unique reference source that provides readers with informed discussions on the practice and theory of policing in an historical and contemporary framework The volumes treat subjects that are particular to the area of state and local federal and national and international policing Many of the themes and issues of policing cut across disciplinary borders however and several entries provide comparative information that places the subject in context Key Features Three volumes cover state and local federal and international law enforcement More than 250 contributors composed over 400 essays on all facets of law enforcement An editorial board made up of the leading scholars researchers and practitioners in the field of law enforcement Descriptions of United States Federal Agency law enforcement components Comprehensive and inclusive coverage exploring concepts and social and legal patterns within the larger topical concern Global multidisciplinary analysis Key Themes
