Innocent Until Interrogated Gary L.

Stuart,2012-08-12 On a sweltering August morning a woman walked into a Buddhist temple near Phoenix and discovered the most horrific crime in Arizona history Nine Buddhist temple members six of them monks committed to lives of non violence lay dead in a pool of blood shot execution style The massive manhunt that followed turned up no leads until a tip from a psychiatric patient led to the arrest of five suspects Each initially denied their involvement in the crime yet one by one under intense interrogation they confessed Soon after all five men recanted saying their confessions had been coerced One was freed after providing an alibi but the remaining suspects dubbed The Tucson Four by the media remained in custody even though no physical evidence linked them to the crime Seven weeks later investigators discovered almost by chance physical evidence that implicated two entirely new suspects The Tucson Four were finally freed on November 22 after two teenage boys confessed to the crime yet troubling questions remained Why were confessions forced out of innocent suspects Why and how did legal authorities build a case without evidence And ultimately how did so much go so wrong In this first book length treatment of the Buddhist Temple Massacre Gary L Stuart explores the unspeakable crime the inexplicable confessions and the troubling behavior of police officials Stuart s impeccable research for the book included a review of the complete legal records of the case an examination of all the physical evidence a survey of three years of print and broadcast news and more than fifty personal interviews related to the case Like In Cold Blood and The Executioner s Song Innocent Until Interrogated is a riveting read that provides not only a striking account of the crime and the investigation but also a disturbing look at the American justice system at its very worst

Advanced Criminology for Crime Control and Reduction James Vadackumchery,2021-01-01 ENERGY to commit crimes can never be destroyed but be altered to another ENERGY Total prevention or eradication of crimes on earth is an impossibility Commission of crimes is a continuous process Crime control reduction is possible by the application of PUSH PULL EGO FACTOR theory of crime causation The author says that ONE S CRIME IS HIS CHOICE and NO ONE ELSE S Precisely therefore no one can or will prevent crimes if the crime doer is not prepared to control him and his behaviour SELF CONTROL is the BEST and the ONLY control to reduce crimes in society The crime control reduction too becomes a continuous process till the consummation of the world The book ADVANCED CRIMINOLOGY for Crime Control and Reduction is the other side of author s book titled ADVANCED CRIMINOLOGY or The WHY of Crime 13 978 93 5125 265 8 published by the CONCEPT Anyone keenly interested in crime control and reduction will find this book extremely useful and rewarding **Advanced Criminology or the WHY of Crimes** James Vadackumchery,2017-01-01 Push Pull Ego Factor Theory of Crime Causation my Eureka is fully

and elaborately exposed in this book Heredity interacts with environments to form the Personality Ego The Animality Spirituality Morality Ethics and Intelligence form the Push Factors which along with the Ego interact with the environment otherwise known as the Pull Factors As a result a crime comes into being and the Ego Factor formed out of the interactions between the Push and Pull Factors are etiologically connected or related to crimes This is not a theory of causality rather is a theory of Crime Causation An individual commits or desists from committing a crime depending upon the ego state from which he interacts or transacts Crimes can never be eliminated in society They can be reduced nevertheless the energy behind the commission of a crime is not destroyed but is converted to another energy This is called the Quota Theory of Crime Anyone interested to study the causation of crimes will find the book extremely useful enlightening and educative Crimes are reduced only by an Ego Factor uprightly formed in the right direction Police, Women and Gender Justice James Vadackumchery,2000 **Probing War & Warfare** Jawad Asgar Khan,2005 **Indian Police and Equal Justice Under Law** James Vadackumchery,1999 United Nations and Prison Justice James Vadackumchery,2014-01-01 The U N Standard Minimum Rules for the Treatment of Prisoners 1957 have nearly a century of history behind It was indeed humanitarian in approach to prisoners Nearly 60 years have elapsed since the Rules were accepted by the United Nations Certainly the Rules need a revision now because of 1 a long lapse of six decades and 2 developments in the fields of correction reformation resocialization rehabilitation and reintegration of the inmates in a Centre of Personality Development as the Prisons are now called to society back This book contains a complete revision of the existing UNSMR for the Treatment of Prisoners from 1970 as an international debate discussion is going on ever since The book will be of great interest for anyone concerned with the protection of human dignity to exclude cruelty neglect and degradation to the inmates in a Centre of Personality Development and in particular to minimize the effect and impact of isolation or segregation from the community whatever be the offence committed
