Political Culture And Leadership In Soviet Russia From Lenin To Gorbachev:

Political Culture and Leadership in Soviet Russia Robert C. Tucker, 1987 **Gorbachev and Yeltsin as Leaders** George W. Breslauer, 2002 Gorbachev and Yeltsin as Leaders also compares these men with Khrushchev and Brezhnev yielding new insight into the nature of Soviet and post Soviet politics and into the dynamics of transformational leadership more generally The book is an important contribution to the analysis and evaluation of political leadership It is well written and accessible to the nonspecialist Jacket

Political Culture and Leadership in Soviet Russia Robert C. Tucker, 1987 This outstanding new book lays bare the fundamental concepts needed to structure a cultural perspective on Soviet politics and history The cultural approach is combined in it with a focus on the roles that leaders have played in the political process and in cultural change In Robert C Tucker s interpretation the Soviet political culture arose under Lenin s aegis as a belief culture The book traces its further development from the post Lenin 1920s to Stalin s violent revolution from above of the 1930s and from Khrushchev s failed post Stalin reform effort to the crisis of belief that came about under Brezhnev s conservative administration of the later 1960s and 1970s Against this background the book examines in depth and detail the ongoing fight under Gorbachev s leadership to reform the Soviet political culture and revive the citizens belief in the socialist project Its up to date analysis of current changes in the USSR is based in part on the author s firsthand observation as an exchange scholar in Moscow in late 1986

Leaders of Russia and the Soviet Union John Paxton, 2013-08-21 This reference work surveys the leaders of Russia and the Soviet Union from Michael the first Romanov tsar in 1613 through the creation and dissolution of the Soviet Union to the present day President of the Russian Federation Vladimir Putin Chronologically arranged these biographies paint a thorough yet succinct portrait of 30 leaders including discussion about the family and education of each ruler important legislation events and wars under each leader s rule and each leader s achievements and impact on Russia or the Soviet Union

The Concept of Political Culture Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re evaluate its contribution to the social sciences This study casts a broader than usual net embracing not only political science with equal emphasis placed on the concept s use in communist studies but also sociology and history On this basis a distinctive theory of political culture and not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation offers the means of transcending that debate

The Economy and Political Culture in New Democracies: An Analysis of Democratic Support in Central and Eastern Europe Kristin Broderick, 2017-11-22 This title was first published in 2000 This research examines the socio economic and cultural factors that influence the development of democracy and also explores how new democracies can be maintained and consolidated It investigates the consolidation of new democracies in Central and Eastern Europe which face the hurdle of transforming their economies The study looks at the effect of economic factors on popular support for democracy and

discusses what factors influence citizen commitment to democratic regimes in Central and Eastern Europe It argues that citizen perception of well being is an important element in influencing political support Case studies cover developing democracies in Europe such as the Czech Republic or Slovakia and policy implications specifically in terms of economic policy are offered that may aid democracies in their consolidation *The Political Economy of Human Rights in Armenia* Simon Payaslian,2011-06-30 Since its independence from the Soviet Union in 1991 Armenia has experienced a reversal from democratization to a Soviet style authoritarian regime and has been accused of repressive approaches to human rights Here Simon Payaslian juxtaposes a masterful survey of the history of the Armenian people from the nineteenth century through the first republic 1918 21 and Sovietization to the present with the evolution of international human rights standards and argues that a statist and authoritarian political culture has impeded political liberalization and institutionalization of human rights principles Highlighting the clash between sovereignty on one side and human rights and democracy on the other this comprehensive and in depth analysis is essential for all those interested in human rights democratization political repression and the former Soviet republics *Politics, Society, And Nationality Inside Gorbachev's Russia* Seweryn Bialer,2019-06-04 The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In p **The Course of Russian History, 5th Edition** Melvin C. Wren,Taylor Stults,2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia s turbulent history **The Hatoyama Dynasty** M. Itoh,2003-11-07 This is a multi generational political history of the Hatoyamas a family that has participated at the highest levels of Japan s parliamentary government from its inception in the late 1800s The Hatoyama family is one of the most prominent political families in modern Japanese government It has produced six members of the Diet Japan s parliament many of whom have served as cabinet members and party leaders Due to the family s political legacy they have often been likened to the Kennedy family in American politics though they have been spared the tragedy and

scandal visited upon the Kennedys Despite the significance of the Hatoyamas to modern Japanese politics this is the first comprehensive study available in English In tracing the rising political fortunes of this family it is also possible to study the role of hereditary politicians in Japan the growth and evolution of Japanese political parties and perhaps most importantly the way political leadership functions in Japan a society known more for consensus building than strong leaders
