**Negotiating Democracy** Gretchen Casper,Michelle M. Taylor,1996-07-15 This book explains why some countries succeed in installing democracy after authoritarian rule and why some of these new democracies make progress toward consolidation Casper and Taylor show that a democratic government can be installed when elite bargaining during the transition process is relatively smooth They view elite bargaining in twenty four transitions cases some where continued authoritarianism was the result others where a democratic government was the result and a third outcome where progress towards consolidation was the end product

**The Economy and Political Culture in New Democracies: An Analysis of Democratic Support in Central and Eastern Europe** Kristin Broderick,2017-11-22 This title was first published in 2000 This research examines the socio economic and cultural factors that influence the development of democracy and also explores how new democracies can be maintained and consolidated It investigates the consolidation of new democracies in Central and Eastern Europe which face the hurdle of transforming their economies The study looks at the effect of economic factors on popular support for democracy and discusses what factors influence citizen commitment to democratic regimes in Central and Eastern Europe It argues that citizen perception of well being is an important element in influencing political support Case studies cover developing democracies in Europe such as the Czech Republic or Slovakia and policy implications specifically in terms of economic policy are offered that may aid democracies in their consolidation

**Political Protest and Social Change** Charles F. Andrain,David Ernest Apter,1995 At the close of the twentieth century political protests have erupted throughout the world While the collapse of communism was certainly one of the most spectacular protest related events smaller protests have become ubiquitous In Los Angeles labor activists campaign against commercial real estate owners to unionize janitors mainly Latina immigrants In the People s Republic of China peasants revolt against tax collectors Amazonian Indians protest public and economic policies that destroy their culture and rainforest habitat This book analyzes the reciprocal impact of cultural beliefs sociopolitical structures and individual behaviors on protests throughout the world Why do individuals participate in protest activities How do cultural beliefs personal attitudes and subjective perception influence the potential protester Addressing the issue of agency in protest the authors also examine why protestors enlist different tactics to achieve their goals Why are some protests violent and others nonviolent When and why do activists conclude that it is better to accommodate than confront Finally and crucially what are the consequences of protest movements
