## **Political Philosophy For The Global Age:**

**Political Philosophy for the Global Age** M. Sanchez-Flores, Mónica Judith Sánchez-Flores, 2006-08-30 In the spirit of communitarianism and dialogue between civilizations this ambitious book seeks a political philosophy where a diversity of world views can meet The main objective of the book is to propose a theoretical basis for convergence and to explain how it can be built After considering key positions in the current debate on political theory the author offers a theoretical solution to the seeming impossibility of universalizing an ethics of caring and responsibility **Deparochializing Political Theory for**

**the Global Age** Melissa S. Williams, 2020-04-02 Leading political theorists demonstrate the transformative potential of decentering Western traditions in the field of political theory **The Ashgate Research Companion to Cosmopolitanism**

Maria Rovisco, Magdalena Nowicka, 2016-04-01 The study of Cosmopolitanism has been transformed in the last 20 years and the subject itself has become highly discussed across the social sciences and the humanities The Ashgate Research Companion to Cosmopolitanism pursues distinct theoretical orientations and empirical analyses bringing together mainstream discussions with the newest thinking and developments on the main themes debates and controversies surrounding the subject The contributions are grouped into three parts each reflecting a different analytical focus within a variety of intellectual disciplines and methodological approaches Part I Cultural Cosmopolitanism is primarily concerned with the empirically grounded aspects of cosmopolitanism which are apparent in mundane practices and lifestyle options on the micro scale of daily interactions It focuses on the outlooks and lived experience of ordinary individuals and groups in concrete situational contexts and social structures Part II Political Cosmopolitanism sets out the main topics and issues dealt with by scholars writing within the tradition of political cosmopolitanism Addressing timely issues such as human rights global justice and global democracy it focuses on Cosmopolitanism as an ethico political ideal and a political project to devise new forms of supranational and transnational governance Part III Debates reflects the major debates and controversies on the subject and deliberately eschews any bland consensus to instead foreground the key arguments and lively intellectual discussions in play across disciplinary divisions Featuring contributions from key thinkers in the field including Ulrich Beck David Held and Martha Nussbaum this comprehensive volume will be a valuable resource for all academics and students working within this area of study **The Ashgate Research Companion to Cosmopolitanism** Dr Maria Rovisco, Prof Dr

Magdalena Nowicka, 2013-01-28 The study of Cosmopolitanism has been transformed in the last 20 years and the subject itself has become highly discussed across the social sciences and the humanities The Ashgate Research Companion to Cosmopolitanism pursues distinct theoretical orientations and empirical analyses bringing together mainstream discussions with the newest thinking and developments on the main themes debates and controversies surrounding the subject **The Ashgate Research Companion to Ethics and International Relations** Patrick Hayden, 2016-04-01 While skepticism about the role of moral considerations in international politics has been influential within the discipline of international

relations IR those writing on topics such as war peace rights and trade up until the twentieth century took seriously the importance of ethical values and moral debates The 1990s and 2000s have seen a substantial growth of attention to the ways in which IR conceives and analyzes themes of an ethical nature and how issues problems and policies involving ethics are addressed by a variety of actors within the international system This indispensable research companion widens the perspective from ethics and international relations to ethics in international relations redressing the mis perception that ethical concepts principles norms and rules are not in part constitutive of the international system and the agents acting within that system Necessarily cross disciplinary expertise is drawn from IR and also philosophy political theory religious studies history and law making this an ideal volume for any library reference collection **Eric Voegelin's Asian Political**

**Thought** Lee Trepanier, 2020-06-22 The rise of Asia in global affairs has forced western thinkers to rethink their assumptions theories and conclusions about the region Eric Voegelin s Asian Political Thought brings together a mixture of established and rising scholars from both Asia and the West to reflect upon the political philosopher s thought about China Japan Korea Central Asia and India From Voegelin s writings readers will not only understand how Voegelin s approach can illuminate the fundamental principles and issues about Asia but also what are the challenges and possibilities that Asia offers in the twentieth first century For those who want to move past the superficial commentary and clich s about Asia Eric Voegelin s Asian Political Thought is the book for you *Handbook of Political Citizenship and Social Movements* Hein-Anton van der

Heijden, 2014-10-31 This Handbook uniquely collates the results of several decades of academic research in these two important fields The expert contributions successively address the different forms of political citizenship and current approaches and recent development **Political Ideologies** Paul Wetherly, 2017 Political Ideologies provides a broad ranging introduction to both the classical and contemporary political ideologies Adopting a global outlook it introduces readers to ideologies increasingly global reach and the different national versions of these ideologies Importantly ideologies are presented as frameworks of interpretation and political commitment encouraging readers to evaluate how ideologies work in practice the problematic links between ideas and political action and the impact of ideologies Regular learning features encourage readers to think critically about ideologies and view them as competing and contestable ways of interpreting the world A unique stop and think feature calls for readers to reflect on their own ideological beliefs Provided by publisher *Spatiality, Sovereignty and Carl Schmitt* Stephen Legg, 2011-05-17 The writings of Carl Schmitt are now

indissociable from both an historical period and a contemporary moment He will forever be remembered for his association with the National Socialists of 1930s Germany and as the figure whose writings on sovereignty politics and the law provided justification for authoritarian decisional states Yet at the same time the post September 11th 2001 world is one in which a wide range of scholars have increasingly turned to Schmitt to understand a world of with us or against us Manichaeism spaces of exception which seem to be placed outside the law by legal mechanisms themselves and the contestation of a uni

polar post 1989 world This attention marks out Schmitt as one of the foremost emerging theorists in critical theory and assures his work a large and growing audience This work brings together geographers and Schmitt experts who are attuned to the spatial dimensions of his work to discuss his 1950 work *The Nomos of the Earth in the International Law of the Jus Publicum Europaeum* Explaining the growing audience for Schmitt's work a broad range of contributors also examine the Nomos in relation to broader debates about enmity and war the production of space the work of Michel Foucault and Giorgio Agamben and the recuperability of such an intellect tainted by its anti-Semitism and links to the Nazi party This work will be of great interest to researchers in political theory socio legal studies geopolitics and critical IR theory *The Oxford Handbook of Climate Change and Society* John S. Dryzek, Richard B. Norgaard, David Schlosberg, 2011-08-18 Climate change presents perhaps the most profound challenge ever confronted by human society This volume is a definitive analysis drawing on the best thinking on questions of how climate change affects human systems and how societies can do and should respond Key topics covered include the history of the issues social and political reception of climate science the denial of that science by individuals and organized interests the nature of the social disruptions caused by climate change the economics of those disruptions and possible responses to them questions of human security and social justice obligations to future generations policy instruments for reducing greenhouse gas emissions and governance at local regional national international and global levels
