Milton's Political Ideas and Paradise Lost as a Political Allegory Volkan Kiliç, 2018-04-18 Although Milton wrote several poems and sonnets in his earlier career he became known as a revolutionary and passionate political activist beginning his political career with the pamphlets that he wrote on the current politics of his time defending antimonarchical rule and republicanism giving particular attention to the religious and civil liberties of the people and the necessity of a free commonwealth However following the restoration of monarchy he had to stop writing political pamphlets because as a republican and defender of regicide Milton was in danger and the new regime made it impossible for him to express his political thoughts safely He embarked on a literary project which included his major poetical works Paradise Lost and Paradise Regained and Samson Agonistes Considering his earlier reputation as an ardent republican leading an active political life it can be stated that Milton could not detach himself from the political controversies of his time Hence he wrote Paradise Lost as a political poem in which he reflected and inserted his political views in an allegorical manner This book re-reads Milton's Paradise Lost in the light of his political views as reflected in his earlier political pamphlets It argues that using literature as a medium of expression Milton intentionally wrote Paradise Lost as a political poem in which by re-writing the Biblical story of the Creation the fall of Satan and the fall of Adam and Eve he created a political subtext which reflected the social and political panorama of England of his time
