A Political Bestiary Eugene J. McCarthy, James Jackson Kilpatrick, 1979-01-01 **A Political Bestiary** Eugene J. McCarthy, James Jackson Kilpatrick, 1978 The Philosophical Animal Eduardo Mendieta, 2024-06-01 Humans are animals who fictionalize other animals to asse their humanness We are philosophical animals who philosophize about our humanity by projecting images onto a mirror about other animals Spanning literature philosophy and ethics the thread uniting The Philosophical Animal is the bestiary and how it continues to inform our imaginings Beginning with an exploration of animals and women in the literary work of Coetzee famous for his book on the Lives of Animals Eduardo Mendieta then dives into the genre of bestiaries in order to investigate the relation between humanity and animality From there he approaches the works of Derrida and Habermas from the standpoint of genetic engineering and animal studies While we have intensely modified many species genetically we have not done this to ourselves Why Finally Mendieta deals with the political and ethical implications suggested by this question before ending on an autobiographical note about growing up around so called animals and in particular horses Creatures of Politics Michael Lempert, Michael Silverstein, 2012-09-12 This analysis of campaign messaging and image making is a fascinating read and an illuminating look into the complex realm of political rhetoric Publishers Weekly It s a common complaint that a presidential candidate s style matters more than substance and that the issues have been eclipsed by mass media fueled obsession with a candidate s every slip gaffe and peccadillo This book explores political communication in American presidential politics focusing on what insiders call message Message Michael Lempert and Michael Silverstein argue is not simply an individual s positions on the issues but the craft used to fashion the creature the public sees as the candidate Lempert and Silverstein examine some of the revelatory moments in debates political ads interviews speeches and talk shows to explain how these political creations come to have a life of their own From the pandering Flip Flopper to the self reliant Maverick the authors demonstrate how these figures are fashioned out of the verbal gestural sartorial behavioral as well as linguistic matter that comprises political communication This book captures better than any other the way messaging works their lively account of the culture of presidential communication remains sensitive to both the comedy and the seriousness of its subject Michael Warner Yale University Violent Order David Correia, Tyler Wall, 2021-08-17 This book s radical theory of police argues that the police demand for order is a class order and a racialized and patriarchal order by arguing that the police project in order to fabricate and defend capitalist order must patrol an imaginary line between society and nature it must transform nature into inert matter made available for accumulation Police don t just patrol the ghetto or the Indian reservation the thin blue line doesn t just refer to a social order rather police announce a general claim to domination of labor and of nature Police and police violence are modes of environment making This edited volume argues that any effort to understand racialized police violence is incomplete without a focus on the role of police in constituting and reinforcing patterns of environmental racism **Is That a Politician in**
