Political Development of the Kurds in Iran F. Koohi-Kamali, 2016-06-15 This book looks at Kurdish Nationalism in Iran and examines the links between the structural changes in the Kurdish economy and its political demands Farideh Koohi Kamali argues that the transition of the nomadic tribal society of Kurdistan to an agrarian village society was the beginning of a process by which Kurds saw themselves as a community of homogenous ethnic identity The political movements of Kurds in Iran are discussed to illustrate that the different phases of economic development of Kurdish society played a great role in determining the way in which Kurds expressed their political demands for independence

Koohi-Kamali, 2003-09-30 This book looks at Kurdish Nationalism in Iran and examines the links between the structural changes in the Kurdish economy and its political demands Farideh Koohi Kamali argues that the transition of the nomadic tribal society of Kurdistan to an agrarian village society was the beginning of a process by which Kurds saw themselves as a community of homogenous ethnic identity The political movements of Kurds in Iran are discussed to illustrate that the different phases of economic development of Kurdish society played a great role in determining the way in which Kurds expressed their political demands for independence

Nation and Class in the History of the Kurdish Movement Nicola Degli Esposti, 2022-10-11 This book covers over a century of history from the emergence of Kurdish nationalism in the interwar period to the 2010s when for the first time in modern history Kurdish forces controlled two autonomous political entities in Iraq and Syria as well as over a hundred municipalities in south eastern Turkey In these years of momentous advance for Kurdish forces across the region Kurdish politics remains deeply divided into competing movements pursuing irreconcilable projects for the future of the nation The author investigates the origins of the present divide in the history of Kurdish nationalism The book turns the historical sociology to study nationalism as embedded in social conflicts through a comparative analysis of the history of the Kurdish movement in Iraq and Turkey by reassessing the literature on Kurdish politics and filling its gaps with numerous interviews with witnesses and scholars

Kurdish Politics in Iran Allan Hassaniyan, 2021-10-21 Reflecting on seven decades of the Iranian Kurdish movement this book offers a comprehensive and critical analysis of the politicisation of national sentiments within Iran and the connections the movement made and developed with Kurdish groups in Iraq Looking at Kurdish state relations through events taking place across remote rural and urban areas in Kurdistan Allan Hassaniyan analyses nationalist as well as non nationalist aspects of Kurdish politics and history reading the evolution of Kurdish nationalism through analysing crossborder Kurdish interaction Paying particular attention to movement mobilisation and different aspects of the collective actions and insurgency deployed by actors civil society organisations and the political parties of Iranian Kurds during different phases of the movement Hassaniyan demonstrates how the ethnonationalist movement of the Iranian Kurds was a product of a discriminatory policy pursued by changing Iranian regimes toward non Persian and non Shiite communities in the country particularly in the second half of the twentieth century **Tribal Politics in Iran** Stephanie Cronin, 2007-01-24 Placing Iran s tribal problem in its historical context this innovative and important work provides an overall assessment of tribal politics in the Riza Shah period challenging conventional political and scholarly approaches to tribal politics Mass Atrocities, Risk and Resilience Stephen McLoughlin, 2015-06-29 Mass Atrocities Risk and Resilience examines the relationship between risk and resilience in the prevention of genocide and other mass atrocities and explores two broad areas of neglect In terms of prevention there is very little research that analyzes how local and national actors manage the risk associated with mass atrocities In the field of comparative genocide studies to date there has been very little interest in examining negative cases Although much is known about why mass atrocities occur much less is established about why they do not occur The contributions in this book address this neglect in two important ways First they challenge commonly accepted approaches to prevention Second they explore negative cases in order to better understand how local and national actors have mitigated

Cavanaugh, 2013-04-25 Within the Middle East there are a wide range of minority groups outside the mainstream religious and ethnic culture This book provides a detailed examination of their rights as minorities within this region and their changing status throughout the twentieth and twenty first centuries The rights of minorities in the Middle East are subject to a range of legal frameworks having developed in part from Islamic law and in recent years subject to international human rights law and institutional frameworks The book examines the context in which minority rights operate within this conflicted region investigating how minorities engage with or are excluded from various sites of power and how state practice in dealing with minorities often ostensibly based on Islamic authority intersects with and informs modern constitutionalism and international law The book identifies who exactly can be classed as a minority group analysing in detail the different religious and ethnic minorities across the region The book also pays special attention to the plight of minorities who are spread between various states often as the result of conflict It assesses the applicable domestic legislative instruments within the three countries investigated as case studies Iraq Syria and Lebanon and highlights key domestic remedies that could serve as models for ensuring greater social cohesion and greater inclusion of minorities in the political life of these countries
