Political Parties And Primaries In Kentucky:

Political Parties and Primaries in Kentucky Penny M. Miller, Malcolm E. Jewell, 2014-07-15 This is a study of Kentucky political parties how they are organized and how they nominate and elect candidates Because state politics in Kentucky is dominated by the Democratic Party a major portion of the study is devoted to the Democratic primary candidates campaign techniques funding of elections and voting patterns As in other states campaign techniques in Kentucky are changing During the 1950s and 1960s the Democratic Party had two dominant factions and candidates for statewide office sought factional allies among local party organizations Now factional alignments have disappeared and candidates for statewide office build campaign organizations from thousands of active party workers The characteristics motivations and allegiances of these party activists form one major focus of this book Another focus is television which has assumed ever greater importance in statewide primary campaigns Because it is expensive candidates who are wealthy or can raise large sums for television advertising enter the primaries with a substantial advantage and those who use that medium most effectively are most likely to win Two wealthy candidates who proved to be talented campaigners in person and on television were nominated by the Democrats in 1987 Wallace Wilkinson in the gubernatorial race and Brereton Jones in the race for lieutenant governor The book features case studies of these two campaigns which in many ways typify modern primary elections in Kentucky Finally since the 1950s the Republican Party has been highly successful in campaigns for national office in Kentucky but has been unable to elect a governor since 1967 This study provides some answers to two questions What is wrong with the Republican Party in Kentucky And why are so many Kentuckians voting Republican in national races and Democratic in state races

The Kentucky Judicial Dictionary Fred P. Caldwell,1916 *Statutes of Kentucky* Kentucky,1909 *Interest Group Politics in the Southern States* Ronald J. Hrebennar,Clive Thomas,1992-07-30 Underscores the pivotal and at times controlling role played by interest groups in southern politics

Rules of the Republican Organization of Kentucky, 1905 Republican Party (Ky.). State Central Committee,1905 *Trump's Democrats* Stephanie Muravchik,Jon A. Shields,2020-09-29 Why did hundreds of Democratic strongholds break for Donald Trump in 2016 and stay loyal to him in 2020 Looking for answers Muravchik and Shields lived in three such flipped communities There they discovered a political culture that was Trumpy long before the 45th president arrived on the national political scene In these places dominated by the white working class some of the most beloved and longest serving Democratic leaders are themselves Trumpian grandiose combative thin skinned and nepotistic Indifferent to ideology they promise to take care of their people by cutting deals and corners if needed Stressing loyalty they often turn to family to fill critical political roles Trump resembling these old style Democratic bosses strikes a familiar and appealing figure in these communities Although voters in flipped communities have often been portrayed as white supremacists Muravchik and Shields find that their primary political allegiances are to place not race They will spend an extra dollar to patronize local businesses and they think local jobs should go to their neighbors not foreigners from neighboring counties who are just as likely to be white and native born Unlike the Proud Boys they take more pride in their local communities than in their skin color Trump successfully courted these Democrats by promising to revitalize their struggling hometowns Because these communities largely stuck with Trump in 2020 Biden won the presidency by just the thinnest of margins Whether they will continue to support a Republican Party without Trump or swing back to the Democrats depends in part on which party can satisfy these locally grown political tastes and values The party that does that will enjoy a stranglehold in national elections for years to come
