Political Theory And The Environment A Reassessment:

Political Theory and the Environment Mathew Humphrey, 2001 This collection offers a sympathetic but critical perspective on contemporary ecological political theory and gives proposals for a reorientation of some of its key aspects

Political Theory and the Environment Mathew Humphrey, 2001 This book offers a set of important contributions to the property theory utopianism justice the third world and direct action perspective **Special Issue Political Theory and the Environment** Mathew Humphrey, 2001 **Political Theory and the Environment** , 2001 **The Oxford Handbook of Environmental Political Theory** Teena Gabrielson, Cheryl Hall, John M. Meyer, David Schlosberg, 2016-01-07 Set at the intersection of political theory and environmental politics yet with broad engagement across the environmental social sciences and humanities The Oxford Handbook of Environmental Political Theory defines illustrates and challenges the field of environmental political theory EPT Featuring contributions from distinguished political scientists working in this field this volume addresses canonical theorists and contemporary environmental problems with a diversity of theoretical approaches The initial volume focuses on EPT as a field of inquiry engaging both traditions of political thought and the academy In the second section the handbook explores conceptualizations of nature and the environment as well as the nature of political subjects communities and boundaries within our environments A third section addresses the values that motivate environmental theorists including justice responsibility rights limits and flourishing and the potential conflicts that can emerge within between and against these ideals The final section examines the primary structures that constrain or enable the achievement of environmental ends as well as theorizations of environmental movements citizenship and the potential for on going environmental action and change **Handbook of Environmental Political Theory in the Anthropocene** Amanda Machin, Marcel Wissenburg, 2025-03-12 This Handbook provides a comprehensive overview of the transforming landscape of environmental political theory Embracing both classical and marginalised approaches in the field it demonstrates the central role of political theory in rethinking the strategies discourses and imaginaries of the Anthropocene epoch This title contains one or more Open Access chapters New Instruments of Environmental Governance? Andrew Jordan, Rudiger K.W. Wurzel, Anthony R. Zito, 2004-11-23 The use of so called new environmental policy instruments such as eco taxes tradable permits voluntary agreements and eco labels has prompted widespread claims that these devices have replaced regulation These papers offer a fresh perspective on the evolving tool box of environmental policy Green Political Thought Andrew Dobson, 2007-04-11 This highly acclaimed introduction to green political thought is now available in a new edition having been fully revised and updated to take into account the areas which have grown in importance since the third edition was published Andrew Dobson describes and assesses the political ideology of ecologism and compares this radical view of remedies for the environmental crisis with the environmentalism of mainstream politics He examines the relationship between ecologism and other political ideologies the philosophical basis of ecological thinking the potential

shape of a sustainable society and the means at hand for achieving it New to this edition analysis of an intellectual and political anti environment backlash an account of sustainability in ecological thought the effect of globalization on ecologism ecological citizenship expanded bibliography Green Political Thought remains the starting point for all students academics and activists who want an introduction to green political theory

Political Ideologies and the Democratic Ideal

Terence Ball,Richard Dagger,Daniel I. O'Neill,Jennet Kirkpatrick,2024-10-29 Now in its twelfth edition Political Ideologies and the Democratic Ideal continues the book s tradition of offering a clear concise and comprehensive introduction to the ideas and ideals that shake and shape our political world The text outlines a framework defining each ideology in terms of the four functions ideologies performs explanation evaluation orientation and political program allowing students to compare contrast and analyze the various ideologies developing their own unique views and critical thinking skills New to this Edition A new co author Jennet Kirkpatrick recognized for her teaching and scholarship in political theory feminist theory and resistance Chapter 2 updated material on voter suppression and populism Chapter 3 expanded discussion of the relationship between Adam Smith s moral and economic theories how John Stuart Mill s views on free speech might apply to contemporary controversies differences between John Rawls and Robert Nozick and between neoclassical and welfare liberals more generally Updated discussion of the Great Recession and broader issues of economic inequality Chapter 4 extended discussion of Edmund Burke s place within the conservative tradition Updated assessment of contemporary conservatism in light of Donald Trump s presidency new section on Christian Nationalism Chapter 5 extended discussion of Marx s theory of history Chapter 6 updated the status of the socialist and communist traditions in China Russia and the United States Chapter 7 charted the resurgence of far right and neo fascist politics in Europe Discussion of the Alt Right in the United States has been expanded including new sections on QAnon and the Great Replacement theory Also expanded upon discussion of whether fascism could gain serious traction in the United States and a new section on the reasons why some critics say Donald Trump is either a fascist or dangerously close to becoming one Chapter 8 updated sections on Black liberation and feminism including reference to George Floyd s murder and the Dobbs decision that overturned Roe v Wade Also new material on settler colonialism and on the issues for all liberation ideologies raised by the case of undocumented immigrants and extended discussion of liberation theology Chapter 9 updated material on the severity of the climate crisis and the variety of responses that have emerged to address it Chapter 10 a new section on Hamas and extended discussion of protests against Islamist rule in Iran focusing on the responses to Mahsa Amini s death in police custody Also updated sections on ISIS and the Taliban in light of the former s erosion and the latter s return to power in addition to references to internecine conflicts among radical Islamists Chapter 11 updated reasons for the conclusion that there will be no end of ideological conflicts soon especially with the continued power of religious worldviews globalization and perhaps most especially the return of fascism worldwide

Human Rights and Environmental Sustainability Kerri Woods,2010-01-01

Human Rights and Environmental Sustainability challenges the assumed harmony between human rights norms and the demands of environmental sustainability by addressing conceptual normative and political questions surrounding the interaction between the two. What is gained and lost by environmental theorists and activists adopting the language and institutions of human rights? Is there coherence or tension between the values of human rights and environmental sustainability? Is the idea of environmental human rights plausible and defensible? Whereas previous studies have considered the interface between human rights and environmental sustainability on an empirical level, this pioneering book engages the theoretical and philosophical issues at stake. Given the significant environmental challenges we face and the dominance of human rights as a normative framework, these concerns demand our attention. This timely work will appeal to scholars in the fields of environmental politics, philosophy, human rights theory, and global or international ethics, as well as postgraduate students in environmental politics and philosophy. Postgraduate students in human rights, particularly human rights theory, global or international ethics, and scholars working in environmental law or human rights law will also find this book invaluable.

Ignite the flame of optimism with Get Inspired by is motivational masterpiece, Find Positivity in **Political Theory And The Environment A Reassessment** . In a downloadable PDF format (Download in PDF: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
