The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called **The Hoax of the Century Decoding the Forgery of the Zapruder Film** **Honest Answers about the Murder of President**

**John F. Kennedy** Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories

to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject      **Reclaiming History** Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense      General Walker and the Murder of President Kennedy Jeffrey H. Caufield, M.D. , 2015 In General Walker and the Murder of President Kennedy The Extensive New Evidence of a Radical Right Conspiracy author Jeffrey H Caufield explores the forces which led Oswald to be in Dallas that day Dr Caufield applies acquired academic methodology in rigorously researching the story through public records private correspondence and a number of sources not available to the general public until the Freedom of Information Act released them      Last Resort Beyond Last Resort Walter Herbst, 2025-04-29 John F Kennedy was an embattled president He was consistently at odds with the Joint Chiefs the CIA the radical right and Fascist groups in America and Western Europe who considered him too weak to contain the spread of communism After the Cuban Missile Crisis the animosity for the young President grew as JFK cracked down on right wing Cuban exile groups in America by preventing them from running sabotage raids against the Cuban mainland Confusion reigned for at the same time Robert Kennedy was putting together a coalition of left wing Cuban exiles to launch a second

invasion of Cuba at the end of 1963 Meanwhile a right wing Cuban exile group operating independently of the Kennedys was looking to assassinate JFK which they believed would be a catalyst to compel the United States to invade Cuba with its military in retaliation The plan could have worked because of Lee Harvey Oswald He was a Marxist and Castro supporter who had defected to the Soviet Union in 1959 had renounced his citizenship and had revealed military secrets to the Russians He allegedly tried to shoot right wing General Edwin Walker was a member of the pro Castro Fair Play for Cuba Committee and in the summer of 1963 he was arrested in New Orleans for handing out pro Castro literature in public He traveled to Mexico City and tried to reach Havana two months before the JFK assassination He wrote a letter to the Russian Embassy in Washington D C upon his return saying he used an alias while he was in Mexico He was measured as 5 9 tall during his autopsy which was two inches shorter than when he left the Marines four years before All this made him the perfect patsy to be used to justify a second invasion of Cuba So why didn t the United States invade Cuba after the JFK assassination when they had the opportunity to do so once and for all The answer to that question is West Berlin the gateway to Western Europe and a city President Kennedy was determined to protect at all costs even if it meant sacrificing Cuba to the Communists And a second invasion of Cuba placed Berlin in jeopardy so it could not be allowed to happen Another group came together in the spring of 1963 made up of CIA right wing Cold War veterans like Allen Dulles James Angleton Henry Hecksher William Harvey and Tracy Barnes These men had fought the Nazis during World War but came to consider them the lesser of two evils compared to the Soviet Union when the war was over And they were hell bent on keeping communism out of Europe by any means possible For over a decade leading up to JFK s Presidency they had collaborated with ex Nazis European Monarchists and French military Fascists in the war against communism to keep Europe safe So it was not surprising that they all came together once again to assassinate President Kennedy not to justify an invasion of Cuba but to prevent that from occurring They knew that if a second invasion of Cuba were to happen the Soviets would take West Berlin which would almost certainly have led to World War III So as a Last Resort Beyond Last Resort this group inevitably concluded that the only choice they had was to remove JFK from power before it was too late And mixed up in the middle of it all was Lee Harvey Oswald

**Chaos** Tom O'Neill, 2019-06-25 NEW YORK TIMES BESTSELLER NOW A NETFLIX DOCUMENTARY A journalist s twenty year fascination with the Manson murders leads to gobsmacking The Ringer new revelations about the FBI s involvement in this kaleidoscopic The New York Times reassessment of an infamous case in American history Over two grim nights in Los Angeles the young followers of Charles Manson murdered seven people including the actress Sharon Tate then eight months pregnant With no mercy and seemingly no motive the Manson Family followed their leader s every order their crimes lit a flame of paranoia across the nation spelling the end of the sixties Manson became one of history s most infamous criminals his name forever attached to an era when charlatans mixed with prodigies free love was as possible as brainwashing and utopia or dystopia was just an acid trip away Twenty years ago when

journalist Tom O'Neill was reporting a magazine piece about the murders he worried there was nothing new to say. Then he unearthed shocking evidence of a cover up behind the official story including police carelessness, legal misconduct and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi, prosecutor of the Manson Family and author of *Helter Skelter*, turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson, an illiterate ex-con, turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies from San Francisco's summer of love to the shadowy sites of the CIA's mind control experiments on a trail rife with shady cover ups and suspicious coincidences. The product of two decades of reporting hundreds of new interviews and dozens of never before seen documents from the LAPD, the FBI and the CIA, *Chaos* mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history. **The JFK Conspiracy**

David Miller, 2002-09 David Miller in this his most recent book *The JFK Conspiracy* has not only amassed a wealth of facts in connection with the greatest conspiracy of our age but he has also succeeded in connecting the dots, adding new ones in turn, unearthing fact upon fact heretofore conveniently ignored or what is more likely intentionally buried and not only by all the usual suspects. *Four Days in November: The Assassination of President John F. Kennedy* Vincent Bugliosi, 2008-05-17 A book for the ages Los Angeles Times Book Review *Four Days in November* is an extraordinarily exciting, precise and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from *Reclaiming History: The Assassination of President John F. Kennedy*, a monumental and historic account of the event and all the conspiracy theories it spawned by Vincent Bugliosi, legendary prosecutor of Charles Manson and author of *Helter Skelter*. For general readers, the carefully documented account presented in *Four Days* is utterly persuasive. Oswald did it and he acted alone. **John F. Kennedy** Peter Ling, 2013-10-30 A lively, concise and cutting edge biography of one of the towering figures of 20th century history. Of all the US presidents of the post-Second World War period, John F. Kennedy is the most clearly idolized. There is a well-documented gulf between the public's largely positive appraisal of this glamorous historical figure and professional historians' skeptical and mixed evaluation of a president who had only a foreshortened single term in which to make his mark. What made JFK the man he was? How does he fit into the politics of his time? What were his policy goals, how did they shift, and how far did he manage to advance them? What was the Kennedy style of governance? Why was he killed, and how can we explain the unprecedented outpouring of grief that his death elicited? How has his memory evolved since 1963? Acclaimed biographer Peter J. Ling explores all these important questions, sifting and synthesizing the prodigious mass of Kennedy scholarship to provide readers with a fresh and strongly

contextualized portrait of the man and his presidency John F Kennedy will be essential reading for students of modern American history and anyone else seeking to understand the political and private life of America's best known president

**Thinking Critically About the Kennedy Assassination** Michel Jacques Gagné, 2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book's opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy's life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK's murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking

*Facts*, 1968 *The JFK Assassination* Don Becker, 2010-12 Revised February 2011 I called the book a researcher's guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good

sniper would have been in position well in advance of his prey's expected arrival which Oswald was not. But wait there's more. Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy. I compared the wounds with the Bullet count and the time statistics of the rifle. I assure you no one has looked at it from this viewpoint. The closest any author came to mentioning this concept was Harrison Livingstone's book **High Treason**. **Parkland (Movie Tie-in Edition)** Vincent Bugliosi, 2013-09-23 Bugliosi has definitively explained the murder that recalibrated modern America. Jim Newton Los Angeles Times Book Review **Parkland** originally titled **Four Days in November** is the exciting and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963. The film starring Paul Giamatti, Zac Efron, Jacki Weaver and Billy Bob Thornton follows a group of individuals making split second decisions after this incomprehensible event: the doctors and nurses at Parkland Hospital, the chief of the Dallas Secret Service, the cameraman who captured what has become the most examined film in history, the FBI agents who had gunman Lee Harvey Oswald within their grasp and Vice President Lyndon Johnson who had to take control of the country at a moment's notice. Based on Vincent Bugliosi's **Reclaiming History**, **Parkland** is the story of that day. The movie is produced by Tom Hanks, Gary Goetzman, **Game Change**, Charlie Wilson's **War**, Nigel Sinclair's **End of Watch**, **Snitch**, Matt Jackson's **End of Watch**, **Snitch** and Bill Paxton and written and directed by Peter Landesman. **Parkland** Vincent Bugliosi, 2013-09-23 An analysis of JFK's assassination and its surrounding conspiracy theories draws on forensic evidence, key witness testimonies and other sources to explain what really happened and why conspiracy theories have become so popularized. **Investigation of the Assassination of President John F. Kennedy**, 1964 **Hit List** Richard Belzer, David Wayne, 2016-06-07 Richard Belzer and David Wayne are back to set the record straight after **Dead Wrong**. This time they're going to uncover the truth about the many witness deaths tied to the JFK assassination. For decades government pundits have dismissed these coincidental deaths even regarding them as myths or urban legends. Like most people, Richard and David were initially unsure about what to make of these coincidences. After all, events don't consult the odds prior to happening; they simply happen. Then someone comes along later and figures out what the odds of it happening were. Some of the deaths seemed purely coincidental: heart attacks, hunting accidents. Others clearly seemed noteworthy: witnesses who did seem to know something and did seem to die mysteriously. **Hit List** is a fair examination of the evidence of each case leading to necessarily different conclusions. The findings were absolutely staggering as some cases were clearly linked to a clean up operation after the murder of President Kennedy while others were the result of other forces. The impeccable research and writing of Richard Belzer and David Wayne show that if the government is trying to hide anything, they're the duo who will uncover it. **LBJ: From Mastermind to "The Colossus"** Phillip F. Nelson, 2014-11-04 Phillip F. Nelson's new book begins where LBJ, **The Mastermind of the JFK Assassination** left off. Now president Johnson begins to push Congress to enact long dormant legislation that he had previously impeded, always insisting that the timing wasn't right. Nelson argues that the passage of Johnson's Great Society legislation was designed to take the

focus of the nation off the assassination as well as lay the groundwork for building his own legacy Nelson also examines Johnson's plan to redirect US foreign policy within days of becoming president as he maneuvered to insert the US military into the civil war being fought in Vietnam This he thought would provide another means to achieve his goal of becoming a great wartime president In addition Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was arguably directed by Johnson against his own ship and the 294 sailors on board as a way to insert the US military into the Six Day War It only failed because the Liberty refused to sink Finally Nelson presents newly discovered documents from the files of Texas Ranger Clint Peoples that prove Johnson was closely involved with Billie Sol Estes and had made millions from Estes's frauds against taxpayers These papers show linkages to Johnson's criminal behavior the very point that his other biographers ignore Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

*JFK, Oswald and Ruby* Burt W. Griffin, Warren Commission Assistant Counsel, 2023-06-15 In this book former Warren Commission lawyer Burt Griffin examines anew the Kennedy assassination its various investigations its effects on the Cold War and the civil rights movement and the motives of Lee Harvey Oswald and Jack Ruby Griffin begins with his own skeptical reaction to the assassination proceeds to the Dallas police investigation and continues with the efforts of himself and his colleagues to sift truth from those who concealed withheld or exaggerated evidence After nearly six decades of study Judge Griffin is satisfied that Oswald acted alone He concludes that violence in the Cold War and civil rights movement caused Oswald to believe that blame for Kennedy's death might be placed on followers of rightwing activist and former U S Army general Edwin Walker Walker was an outspoken enemy of Oswald's idol Cuban president Fidel Castro and a firm opponent of racial integration and Oswald had already attempted to murder Walker in April 1963 The author gives the Walker movement a more prominent place in the assassination story and traces the conflicting ambitions of Walker Oswald Kennedy and Ruby as they collided in October and November 1963 This book will help serious readers separate truth from fiction and to become examiners of how insignificant unsuspected powerless people driven by very personal needs and fears can with the help of a firearm alter the course of history
