## **Radical Desire:**

*Amorous Acts* Frances L. Restuccia, 2006 *Amorous Acts* uses psychoanalytic concepts to show how queer theory is operating to put in place a non heterosexist social order      **Bad Education** Lee Edelman, 2022-12-05 Long awaited after *No Future* and making queer theory controversial again Lee Edelman's *Bad Education* proposes a queerness without positive identity a queerness understood as a figural name for the void itself unnamable around which the social order takes shape Like Blackness woman incest and sex queerness as Edelman explains it designates the antagonism the structuring negativity preventing that order from achieving coherence But when certain types of persons get read as literalizing queerness the negation of their negativity can seem to resolve the social antagonism and totalize community By translating the nothing of queerness into the something of the queer the order of meaning defends against the senselessness that undoes it thus mirroring Edelman argues education's response to queerness its sublimation of irony into the meaningfulness of a world Putting queerness in relation to Lacan's *ab sens* and in dialogue with feminist and Afropessimist thought Edelman reads works by Shakespeare Jacobs Almod var Lemmons and Haneke among others to show why queer theory's engagement with queerness necessarily results in a bad education that is destined to teach us nothing      Radical Desire Housk Randall, Mark Ramsden, 2000 This highly illustrated work looks at all the radical extremes of sexual practice including tantric sex sex magick occult practice bondage erotic piercing fetishism erotic performance rubber sado masochism and bisexuality

**Mobile Desires** Liz Montegary, Melissa Autumn White, 2016-04-29 This book combines mobilities research with feminist and queer studies offering new perspectives on mobility justice It foregrounds academic activist and artistic work revealing state sponsored strategies for managing the mobility of people as mechanisms for aligning erotic and political desires with capitalist and nationalist interests      **Stages of Desire** Michael Kidd, 1999-07-01 Within the rich tradition of Spanish theater lies an unexplored dimension reflecting themes from classical mythology Through close readings of selected plays from early modern and twentieth century Spanish literature with plots or characters derived from the Greco Roman tradition Michael Kidd shows that the concept of desire plays a pivotal role in adapting myth to the stage in each of several historical periods In *Stages of Desire* Kidd offers a new way of looking at the theater in Spain Reviewing the work of playwrights from Juan del Encina to Luis Riaza he suggests that desire constitutes a central element in a large number of Greco Roman myths and shows how dramatists have exploited this to resituate ancient narratives within their own artistic and ideological horizons Among the works he analyzes are Timoneda's *Tragicomedia llamada Filomena* Castro's *Dido y Eneas* and Unamuno's *Fedra* Kidd explores how seventeenth century playwrights were constrained by the conventions of the newly formed national theater and how in the twentieth century mythological desire was exploited by playwrights engaged in upsetting the melodramatic conventions of the entrenched bourgeois theater He also examines the role of desire both in the demythification of prominent classical heroes during the Franco regime and in the cultural critique of institutionalized

discrimination in the current democratic period Stages of Desire is an original and broad ranging study that highlights both change and continuity in Spanish theater By elegantly combining theory literary history and close textual analysis Kidd demonstrates both the resilience of Greco Roman myths and the continuing vitality of the Spanish stage *The Black Register* Tendayi Sithole,2020-04-09 How can thinkers grapple with the question of the human when they have been dehumanized How can black thinkers confront and make sense of a world structured by antiblackness a world that militates against the very existence of blacks These are the questions that guide Tendayi Sithole s brilliant analyses of the work of Sylvia Wynter Aim C saire Steve Biko Assata Shakur George Jackson Mabogo P More and a critique of Giorgio Agamben Through his careful interrogation of their writings Sithole shows how the black register represents a uniquely critical perspective from which to confront worlds that are systematically structured to dehumanize The black register is the ways of thinking knowing and doing that emerge from existential struggles against antiblackness and that dwell in the lived experience of being black in an antiblack world The black register is the force of critique that comes from thinkers who are dehumanized and who in turn question define and analyze the reality that they are in in order to reframe it and unmask the forces that inform subjection This book redefines the arc of critical black thought over the last seventy five years and it will be an indispensable text for anyone concerned with the deep and enduring ways in which race structures our world and our thought The Desiring Self Walter E. Conn,1998 This volume explores the two movements in the journey to transcendence The first is the drive to be an integrated and powerful self The second is to leave that behind and move beyond the self into relationship The two movements are inextricably joined separation and attachment autonomy and relationship Humans are pulled simultaneously by the urge to be and to be for The Desiring Self is an explanation and a practical guide to the process of self transcendence Using case studies as well as insights from psychology and theology it takes readers through the steps of understanding themselves as incarnate integrated and yet transcendent beings bent on discovering their true selves as known by God It is a book to be read and relished by pastoral counselors spiritual directors readers exploring the confluence of psychology and religion and all persons on the journey of self transcendence BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Constructing Reality in Comparative Theology Paul S Chung,2023-01-01 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom Many traditional churches and congregations are struggling a condition worsened by the COVID 19 pandemic regulations As the practice of churchgoing wanes the performance of the sacrament is called into question How can we bring the traditional communal experience of sacrament into the modern world

**Lacanian Left** Yannis Stavrakakis,2007-07-12 In recent years psychoanalysis especially Lacanian theory has been gradually acknowledged as a vital resource in the ongoing re orientation of contemporary political theory and analysis Of particular note is that the work of Jacques Lacan is increasingly being used by major political philosophers associated with

the Left This indicates the dynamic emergence of a new theoretico political horizon that of the Lacanian Left However this has yet to be properly conceived and structured as a field The Lacanian Left is the first book to bring it into academic consciousness and to draw its implications for concrete political analysis in a systematic way It offers An accessible mapping of its main contours A detailed examination of the points of convergence and divergence between the major figures active or at the periphery of this terrain including Slavoj Žižek the central Lacanian notion of enjoyment The Lacanian Left puts forward innovative analyses of political power and authority nationalism European identity consumerism and advertising culture de democratisation and post democracy It will be of value to everyone interested in exploring the potential of psychoanalysis to reinvigorate political theory critical political analysis and democratic politics *Studying Lacan's Seminar VII* Carol Owens, 2023-11-24 Studying Lacan's Seminar VII offers a contemporary critically informed set of analyses of Lacan's ethics seminar and astute reflections about what Lacan's ethics offer to the field of psychoanalytic thought today The volume interrogates the seminar with fresh voices and situated curiosities and perspectives making for a compellingly exciting range of explorations of the crucial matters related to an ethics of psychoanalysis The chapters question and tease out the paradoxes Lacan draws attention to in his seminar of 1959-1960 and in addition they offer radical engagements with the seminar in light of theories of racism inequality capitalism education and subjectivity The key elements in Lacan's seminar are explained debated and reconsidered with Antigone das Ding and the inevitable *ne c'est pas sur son dos* duly unpacked examined and ruminated upon Studying Lacan's Seminar VII will be of interest to psychoanalytic scholars and students of Lacanian psychoanalysis as well as psychoanalytic therapists and analysts It will also be of interest to scholars and students of politics philosophy and studies at the intersections of racism film feminism sociology gender and queer theory *The Queerness of Psychoanalysis* Vanessa Sinclair, Elisabeth Punzi, Myriam Sauer, 2024-11-29 The Queerness of Psychoanalysis From Freud and Lacan to Laplanche and Beyond is an exploration of psychoanalysis often complicated and fraught history with thinking about queerness as well as its multifaceted heritage Throughout the chapters the contributors write about psychoanalysis relationship with queerness the ways in which queerness is represented in the psychoanalytic archive and how that archive endures in the present and creates various disruptive effects both within and beyond the clinic Each chapter from the global cohort of contributors approaches queerness from a different angle they consider the literary aspects of queerness presence in the analytic world the clinical complexities of working with queer and trans people metapsychological inclusion and exclusion of queerness and many other subjects Taken together these contributions constitute a decisive intervention into the psychoanalytic canon They are an unabashed demand for accepting and furthering the representation and inclusion of queer and in particular trans people within psychoanalysis It is a call for action to utilize and deepen psychoanalysis enormous explicatory powers and bring together voices that have so far been denied a unity of expression while critically reevaluating psychoanalysis historical relationship to queerness Each chapter proposes different

ways of thinking and writing psychoanalytically with many of the papers queering the format and forms of expression commonly found in academic writing through their use of dialogues conversations or other experimental forms of writing

Ford, 2022-01-14 In the second edition of this groundbreaking work Derek R Ford contends that radical politics needs educational theory posing a series of educational questions pertinent to revolutionary movements How can pedagogy bridge the gap between what is and what can be while respecting the gap and its uncertainty and contingency How can pedagogy accommodate ambiguity while remaining faithful to the communist project In answering these questions Ford develops a dynamic pedagogical constellation that radically opens up what education is and what it can mean for revolutionary struggle In charting this constellation Ford takes the reader on a journey that traverses disciplinary boundaries innovatively reading

theorists as diverse as Lenin Agamben Marx Lyotard Althusser and Butler Demonstrating how learning underpins capitalism and democracy Ford articulates a theory of communist study as an alternative and oppositional logic that perhaps paradoxically demands the revolutionary reclamation of testing Poetic performative and provocative Communist Study is oriented toward what Ford calls the sublime feeling of being in common which as he insists is always a commonness against
