Varieties of Secularism in Asia Nils Ole Bubandt, Martijn Van Beek, 2012-03-12 Varieties of Secularism is an ethnographically rich theoretically well informed and intellectually coherent volume which builds off the work of Talal Asad Charles Taylor and others who have engaged the issue of secularism s and in socio political life The volume seeks to examine theories of secularism secularity and examine concrete ethnographic cases in order to further the theoretical discussion Whereas Taylor s magisterial work draws up the conditions and problems of a belief in God in Western modernity it leaves unexplored the challenges posed by the spiritual in modernity outside of the North Atlantic rim This anthology seeks to begin that task It does so by suggesting that the kind of secularity described by Taylor is only one amongst others By attending to the shifting relationship between proper religion and bad faiths between politically valorised and embarrassing spiritual phenomena between the new visibilities and silences of magic ancestors and religion in democratic politics this book seeks to outline the particular formations of secularism that have become possible in Asia from China to Indonesia and from Bahrain

year drama of Scythians and Sarmatians Soviets and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great and Chinghiz Khan Masterfully interweaving the stories of individuals and peoples the author's engaging prose is richly augmented throughout by colour photographs taken on his own travels This set includes The Age of the Steppe Warriors Volume 1 The Age of the Silk Roads Volume 2 The Age of Islam and the Mongols Volume 3 and The Age of Decline and Revival Volume 4 *The Heritage of Soviet Oriental Studies* Michael Kemper, Stephan Conermann, 2011-02-01 This book examines the Russian Soviet intellectual tradition of Oriental and Islamic studies which comprised a rich body of knowledge especially on Central Asia and the Caucasus The Soviet Oriental tradition was deeply linked to politics probably even more than other European Orientalisms It breaks new ground by providing Western and post Soviet insider views especially on the features that set Soviet Oriental studies apart from what we know about its Western counterparts for example the involvement of scholars in state supported anti Islamic agitation the early and strong integration of Orientals into the scientific institutions the spread of Oriental scholarship over the Oriental republics of the USSR and its role in the Marxist reinterpretation of the histories of these areas The authors demonstrate the declared emancipating agenda of Soviet scholarship with its rhetoric of anti colonialism and anti imperialism made Oriental studies a formidable tool for Soviet foreign policy towards the Muslim World and just like in the West the Iranian Revolution and the mujahidin resistance to the Soviet occupation of Afghanistan necessitated a thorough redefinition of Soviet Islamic studies in the early 1980s Overall the book provides a comprehensive analysis of Soviet Oriental studies exploring different aspects of writing on Islam and Muslim history societies and literatures It also shows how the legacy of Soviet Oriental studies is still alive especially in terms of interpretative frameworks and methodology after 1991 Soviet views on Islam have contributed significantly to nation building in the various post Soviet and Russian Muslim republics **Transnational Organized Crime and Jihadist Terrorism** Michael Fredholm, 2017-09-14 This book describes and analyzes the convergence of transnational organized crime and jihadist terrorism that has taken place within Russian speaking social networks in Western Europe Studies have shown that while under certain circumstances links between criminal organizations and terrorist groups appear these are usually opportunistic and temporary in nature Only rarely do they develop into something deeper and transformative a convergence between crime and terrorism This book reveals that Russian speaking transnational organized crime and jihadist terrorism pose a serious threat to security and constitute a major challenge for law enforcement Through their links with transnational organized crime Russian speaking jihadist networks from the Caucasus and Central Asia have easier access to weaponry commercial explosives and forged IDs than many other jihadist networks Being in effect an integral component of transnational organized crime the Russian speaking jihadists can be assessed as potentially more capable than many other jihadists The book assesses the effects of terrorism and organized crime on Russian speaking diasporas in Western Europe and examines the

implications for counterterrorism as well as policing on how to counteract the illegal activities of these networks Drawing on Swedish court cases the work shows that an additional and sometimes more effective way to fight terrorism is by focusing on the non terrorist types of crime perpetrated by terrorists This book will be of much interest to students of terrorism and counter terrorism political violence criminology security studies and IR in general

Islam after Communism Adeeb Khalid,2007-01-18 Adeeb Khalid combines insights from the study of both Islam and Soviet history in this sophisticated analysis of the ways that Muslim societies in Central Asia have been transformed by the Soviet presence in the region Arguing that the utopian Bolshevik project of remaking the world featured a sustained assault on Islam that destroyed patterns of Islamic learning and thoroughly de Islamized public life Khalid demonstrates that Islam became synonymous with tradition and was subordinated to powerful ethnonational identities that crystallized during the Soviet period He shows how this legacy endures today and how for the vast majority of the population a return to Islam means the recovery of traditions destroyed under Communism Islam after Communism reasons that the fear of a rampant radical Islam that dominates both Western thought and many of Central Asia s governments should be tempered by an understanding of the politics of antiterrorism which allows governments to justify their own authoritarian policies by casting all opposition as extremist Comparing the secularization of Islam in Central Asia to experiences in Turkey the former Yugoslavia and other secular Muslim states the author lays the groundwork for a nuanced and well informed discussion of the forces at work in this crucial region

Muslim-Christian Relations in Central Asia Christian van Gorder,2008-06-05 This book explores issues of cultural tension that affect Muslim and Christian interaction within the Central Asian context It looks at the ways that Christians have interacted with Central Asian Muslims in the past and discusses what might need to be done to improve Muslim Christian relations in the region in the present and future Since the time that Nestorian Christian missionaries traveled eastward from Asia Minor along the Silk Road and Islamic cultures came to the region in the 7th century Christians and Muslims have shared a unique relationship in a fascinating cultural milieu Under the reigns of various conquerors Czars Soviets and modern nationalist strong men the ever changing political and economic situation of these former Soviet Republics has dramatically affected the ways that Muslims and Christians have practiced their faith Today as Muslims and Christians work to stabilize their interactions they face new challenges because of the activities of Protestant Christian and Islamist missionaries who are flooding into Central Asia as never before The book corrects common misunderstandings of Central Asia as a cultural backwater and is a valuable introduction to Muslim and Christian interactions in one of the most quickly changing regions of the globe It will appeal to readers interested in Muslim Christian interaction and for researchers in the field of World Religions Central Asian Studies and Intercultural Studies

continuing presence of Russian military might and instability in neighboring Afghanistan This book demonstrates how the Soviet atheist legacy continues to influence current state structures the regulation of religion the formation of national identities and the understanding of the place of religion in society Helene Thibault focuses on the differences between secular nationhood in Tajikistan and an increasingly popular and influential Muslim identity Featuring extensive and original primary source material including 12 months of ethnographic fieldwork Thibault demonstrates the profound and lasting influence of Soviet power structures and attitudes and how secular and religious identities clash in a context of tightening authoritarianism

Not by Bread Alone Robert Nalbandov,2016-01-01 Since its independence in 1991 Russia has struggled with the growing pains of defining its role in international politics After Vladimir Putin ascended to power in 2000 the country undertook grandiose foreign policy projects in an attempt to delineate its place among the world s superpowers With this in mind Robert Nalbandov examines the milestones of Russia s international relations since the turn of the twenty first century He focuses on the specific goals engagement practices and tools used by Putin s administration to promote Russia s vital national and strategic interests in specific geographic locations His findings illuminate Putin s foreign policy objective of reinstituting Russian global strategic dominance Nalbandov argues that identity based politics have dominated Putin s tenure and that Russia s east west split is reflected in Asian European politics Nalbandov s analysis shows that unchecked domestic power an almost exclusive application of hard power and determined ambition for unabridged global influence and a defined place as a world superpower are the keys to Putin s Russia

Russia and Islam Roland Dannreuther,Luke March,2010-06-24 Since the collapse of the Soviet Union both the Russian state and Russia s Muslim communities have struggled to find a new modus vivendi in a rapidly changing domestic and international socio political context At the same time as Islamic religious belief and practice have flourished the state has become increasingly concerned about the security implications of this religious revival reflecting and responding to a more general international concern over radicalised political Islam This book examines contemporary developments in Russian politics how they impact on Russia s Muslim communities how these communities are helping to shape the Russian state and what insights this provides to the nature and identity of the Russian state both in its inward and outward projection The book provides an up to date and broad ranging analysis of the opportunities and challenges confronting contemporary Muslim communities in Russia that is not confined in scope to Chechnya or the North Caucasus and which goes beyond

simplistic characterisations of Muslims as a threat Instead it engages with the role of political Islam in Russia in a nuanced way sensitive to regional and confessional differences highlighting Islam s impact on domestic and foreign policy and investigating sources of both radicalisation and de radicalisation
