Radionics And Selfdevelopment:

The Primal Runes Roger Calverley, 2005 Thousands of years before the Aryan invasion of Europe the people of Old Europe created sacred signs the Primal Runes and gave birth to our most ancient ancestral tradition of divination and magic Based on the phases of the Moon these archetypal rune forms each have a sacred sound they form a complete system of invocation and empowerment *Radionics and Self-development* Calverley, Roger, Radionic Research Association, 1986

Radionics Interface With The Ether-Fields David V Tansley, 2011-08-31 This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live It shows how these fields can be utilised for distant diagnosis and treatment It also illustrates that the surest and most effective way to ameliorate a defect in any biological system is to modulate the interacting and interdependent energy fields by way of the chakras The same energy fields can be used to take photographs of distant objects particularly the energy structures of living human tissues and pathological states existing in them The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses Diagnostically it probes to the levels of causation of disease therapeutically it is gentle and non invasive Radionics & The Subtle Anatomy Of Man David V Tansley, 2011-05-31 Radionics is defined as a method of diagnosis and therapy which is primarily concerned with the utilization of subtle force fields and energies for the purpose of investigating and combating the causes of disease which ravage humanity and the other kingdoms of nature But in examining the history and development of radionics from the pioneering work of Dr Albert Abrams and Ruth Drown to the latest experimental work at the de la Warr Laboratories David Tansley discovered a curious paradox In literature on the subject and in the rare books which provide the very core of radionic therapeutic measures there are plenty of references to man's physical organic systems but little regarding the probability of underlying force fields which might govern and determine the health of the physical form This book represents an informed endeavour to redress the balance by providing a simple yet practical outline of the subtle anatomy of man The theory is not new Abrams diagnosed at a distance and Drown treated absent patients David Tansley believes that the time is ripe for radionics to bear witness to an energy field of a more subtle nature that is in fact its innate purpose Crystal Yoga I Roger Calverley, 2007-01-10 The Crystal Mesa can be used in many ways to assist the inner work of balancing energies harmonizing mind and heart clarifying intent and discernment working with the chakras The Crystal Mesa can also be a teacher of mystic wisdom of which it is a sacred storehouse it also deepens meditation and links its user's awareness to primal energies and archetypes for understanding the experiences which come through spiritual practice
