Raf Lyneham Hercules:

RAF Lyneham Wilf Pereira,1990-01-01 *The Royal Air Force* Michael Napier,2018-02-22 A fully illustrated history of the Royal Air Force while on operations publishing to mark the centenary of its foundation in World War I The world's first independent air force the Royal Air Force celebrates its centenary in 2018 In the 100 years since the end of World War I the service has been involved in almost continuous operations around the globe giving the RAF the longest and most wide ranging history of any air force in the world But over the years this history has also become entangled with myths The Royal Air Force A Centenary of Operations sets the record straight dispelling these as it uncovers in both words and photographs the true exploits and accomplishments of RAF personnel over the last 100 years From its formation as an independent service in the dying days of World War I its desperate fight against the Axis air forces in World War II to its commitments during both the Cold War and modern times this is the complete story of how the RAF has defended Britain for a century

C-130 Hercules in the RAF Clive Bennett,2018-05-15 A highly illustrated celebration of fifty years of the Hercules in service with the Royal Air Force **46 Miles** Jarra Brown,2015-06-24 When Jarra Brown hears church bells he cannot fail to be reminded of the hundreds 345 to be precise of service personnel who passed through the beautiful rural Wiltshire countryside into Oxfordshire These men and women were not hiking across its green pastures or sitting on top of the number 55 bus instead they were lifeless resting inside a coffin draped with the Union flag By the end of August 2011 the bells of St Bartholomew's Church in Wootton Bassett had tolled more times than the residents of this once peaceful town cared to think about for each chime represented the moment the police convoy accompanying the hearse from RAF Lyneham entered the High Street A moment frozen in time a moment when the residents of this town came to show their respects a moment that couldn't have been more fitting even if it had been choreographed There was no call to arms by the Town Crier just a spontaneous modest and unprompted response to those who had paid the ultimate price in the name of duty 46 Miles is not a book about the politics of war the whys and wherefores of the Iraq and Afghanistan conflicts or indeed the hidden agendas and government strategies It is about a town which captured the hearts of our nation and whose emotions rippled the entire 46 mile journey of honour dignity and respect into Oxford It is dedicated to those 345 people who having signed up to serve their Queen and country paid with their lives Wootton Bassett who nurtured the grieving on every occasion wanted to let the nation know that these heroes will never be forgotten *The Armed Forces of the United Kingdom, 2007-2008* Charles Heyman,2007-01-31 This comprehensive pocket guide includes full and up to date details of all British military organizations and structures This edition includes detail regarding all of the UK MoDs latest future force proposals The Armed Forces of the United Kingdom 2007-2008 is an invaluable reference tool and essential reading for all those who wish to be informed of the current state of the UK's defence forces *Exocet Falklands* Ewen Southby-Tailyour,2014-04-02 A fascinating account of three SAS missions to counter the Exocet missile from ill thought out ideas to near suicidal one way trips onto enemy soil

Soldier Magazine This is a revelatory account of three un tabulated special forces operations PLUM DUFF MIKADO and KETTLEDUM that were tasked to destroy Argentina s Exocet missiles during the 1982 Falkland s campaign Interviews with the SAS officer commanding Operation PLUM DUFF members of the reconnaissance patrol for Operation MIKADO plus the navigator of the helicopter that flew eight troopers into Tierra del Fuego has allowed the author to describe the tortuous events that led instead to a significant survival story The RAF pilots ordered to conduct an assault landing of two Hercules onto Rio Grande air base during Operation MIKADO have spoken of the extraordinary procedures they developed so have the commander of the SBS and the captain of the British submarine involved in Operation KETTLEDUM The Super tendard pilots who sank HMS Sheffield and MV Atlantic Conveyor and then attacked HMS Invincible plus a key member of the Argentine special forces and the brigadier defending Rio Grande add credence depth and gravitas to the saga as does an equally revealing interview with the SIS MI6 officer who led the world wide search for Exocets on the black market Disturbing over confidence by commanders at home was finely counter balanced by stirring accounts of inspiring physical and moral courage across the South Atlantic Exocet Falklands is a ground breaking work of investigative military history from which many salutary lessons can be learned Between politics diplomacy and barbouzeries this well documented work will lead you in the arcane of what should have changed the course of this war Air Fan *The Handley Page Victor: The History & Development of a Classic Jet* Roger Brooks,2007-11-12 The first volume of Roger Brooks detailed reference to the Victor covers the conception design and test flying of the prototype HP 80 and then the production and operation of the Mark 1 in its many roles This second volume completes the history of the aircraft by describing the improved Mark 2 that was primarily conceived to carry Britains Blue Steel nuclear deterrent The aircraft was to be re engined with the Rolls Royce Conway and the enlargement of the air intakes in the wing are one of the more noticeable external differences on these models When the V Bomber Force lost its primary raison detre as the delivery vehicle for the nuclear deterrent the Victors were adapted for the air to air refueling tanker role a task they successfully carried out until their airframe life was exhausted This volume also includes lengthy appendices on all Marks that include a mass of detailed historical information the testing of many new systems modifications throughout service life the authors first hand experiences as a Victor crew chief operational records and a complete list of all Victor accidents with a detailed analysis and official reports **The Royal Air Force in the Cold War, 1950-1970** Ian Proctor,2015-01-30 Soon after the Second world War wartime allies became Cold War adversaries and by 1950 the perceived threat of a Soviet strike on Western Europe or Britain dominated military planning For the next forty years the Royal Air Force was in the front line of the Cold War In Britain and Germany light bomber crews exercised in preparation for a future conflict while interceptor pilots stood by ready to counter incursions by Soviet aircraft Between 1956 and 1969 the elite crews of the iconic V Force of nuclear bombers trained to perform the ultimate mission striking targets deep in the heart of Russia Protecting British interests overseas personnel at stations across

the Middle East and Far East were regularly engaged in supporting operations during the many colonial conflicts which occurred throughout the 1950s and 1960s Undertaking these duties were new British designed aircraft introduced to squadrons from the early 1950s The names of these extraordinary aircraft which included the Hunter Lightning Vulcan and Canberra became synonymous with the Cold War In this book Ian Proctor uses over 150 highly evocative colour images from a single remarkable Air Ministry collection to portray the RAF and its personnel between 1950 and 1970 He provides a selected insight into service life the aircraft recruitment and training and the operations and exercises undertaken by the RAF during a twenty year period of the Cold War

The RAF's Armourers Tony Lamsdale, Phil Appleby, 2023-11-23 It is said that one of the earliest trades in the world is that of the armorer Historically it is a profession dated slightly after prostitution but well before banking Since the birth of the Royal Flying Corps in 1912 through to the modern Royal Air Force the role of the armorer has been pivotal Not for nothing did the founder of the RAF Lord Trenchard once declare The armorer without him there is no need for an air force In the years since the need for RAF armorers was first recognized it has been a role that has evolved with the times What has remained constant however is the fact that it is still a fascinating and potentially dangerous trade with many different branches and specialisms In this book the authors one of whom Tony Lamsdale is himself a former RAF armorer reveal the previously untold story of how the trade has adapted to the most modern of military machines the aircraft The authors look at the shared history of the armorer and the RAF through the eyes of those who served These veterans stories span decades and their first hand accounts and insights into conflict and peace time operations demonstrate the qualities and characteristics that make armorers unique The book starts with a brief history of the armorer then before capturing the adventures and exploits of RAF armorers from the Second World War and on into the Cold War The dangerous duties of the armorers on deployment in such places as the Falklands Iran Iraq or Afghanistan are all explored There is also the question of having to learn of bomb dumps the use of small arms and the unique world of the armorer with its own peculiar language and the camaraderie of the crew room With each chapter brought to life through personal anecdotes and shared experiences this book provides an insight into an utterly essential role which has remained largely hidden until now

Operation Black Buck 1982 Andrew Bird, 2023-08-17 The definitive account of the Vulcan raids taught me something new on every page Rowland White author of the bestselling Vulcan 607 A newly researched fully illustrated account of how RAF Vulcan bombers flew a series of the world's longest air raids in 1982 against Port Stanley airfield in a daring hastily improvised strike against the Argentinian invaders The RAF's opening shots of the Falklands War were among the most remarkable airstrikes in history The idea was simple to destroy the runway at Port Stanley and prevent Argentinian fast jets using it against the Royal Navy task force But the nearest British owned airfield was Ascension Island 3 900 miles away from the Falklands Researcher and historian Andrew D Bird has uncovered new detail of what really made these extraordinary raids possible including never before published information and photos demonstrating the discreet support

provided by the United States Packed with spectacular original artwork and rare photos this book explains how these hugely complex yet completely improvised raids were launched This is also the story of how the last of the Vulcans only a few months away from the scrapyard had to be hastily re equipped to carry conventional bombs with bombsights electronics and navigation systems borrowed from other aircraft Yet they managed to fly what were the longest range air attacks in history and struck a severe blow to the occupying Argentinians *Military Low Flying in the UK* Michael Leek,2012-03-19 The UK has some of the most dramatic landscapes for NATO pilots to exercise the increasingly important military art of high speed low flying It also offers splendid opportunities for photography of close up dramatic shots taken from the hillsides and mountains of Wales Scotland and other steep terrain within the UK Pilots training for operations in Afghanistan Iraq and other potential war zones learn their skills flying through the valleys of the UK at near subsonic speed For the legions of enthusiastic aviation photographers thousands of whom can be seen at air shows it provides ideal viewpoints This book contains firsthand accounts from the pilots and expert advice for the photographer together with stunning close up color photos of the aircraft flying at eye level and sometimes below the camera It has the full support of the Royal Air Force and articles by the leading photographers in this field **British Military Aviation in the 1970s** Malcolm Fife,2016-02-15

Malcolm Fife explores the fascinating world of British Military Aviation in the 1970s **The World's Most Powerful Military Aircraft** Thomas Newdick,2016-12-15 Ever since man first took to the air combat aircraft have been at the cutting edge of aviation technology resulting in some of the greatest and most complex designs ever built The World s Greatest Military Aircraft features 52 of the most important military aircraft of the last hundred years including everything from biplane fighters and carrier aircraft to tactical bombers transport aircraft multirole fighters strategic strike aircraft and stealth bombers Each entry includes a brief description of the model s development and history a profile view key features and specifications Packed with more than 200 artworks and photographs this is a colorful guide for the military aviation enthusiast

Lands End to John O'groats with a Bus Pass and a Dog Eric Newton,2011-10-24 The book is an account of a journey using local service buses from Lands End in the deepest south west of England up to John OGroats in the far north east of Scotland With the issue of free bus passes to all British citizens over the age of sixty the author decided to maximise the use of his in undertaking this 1 230 mile trip By way of being different the author decided to take with him his dog Archie a Jack Russell cairn terrier cross as he too enjoys travelling The book is not just a travel log across and up the length of Britain but includes much historical and general information of towns and cities visited with time taken at the various stop over points to look around and explore In addition to the exploits of the authors dog the book contains his thoughts and observations during the journey Some of these are referred to as Rants made on the authors own admission as being a grumpy old man The detailed planning and preparation of the trip is explained that deliberately took in many historic towns and cities From Penzance the route traverses England through Exeter Bath Oxford Leicester Lincoln and then across

the Humber and up the east coast by Scarborough Durham Newcastle and onto Berwick before crossing the border into Scotland From here on the bus journey followed the east coast through Edinburgh over the Firth of Forth to Perth Dundee Aberdeen Inverness Dornoch and Wick before reaching their final destination at John OGroats The book has been written in a light vein and contains an element of humour Hopefully the reader will become a little more knowledgeable about this historic and beautiful island of ours by the end It is certainly true that travel does broaden the mind **Fighters Over the Falklands: Defending the Islanders' Way of Life** David Gledhill,2014-03-27 **Fighters Over The Falklands** captures daily life using pictures taken during the author s tours of duty on the Islands From the first detachments of Phantoms and Rapiers operating from a rapidly upgraded RAF Stanley airfield to life at RAF Mount Pleasant see life from the author s perspective as the Commander of the Tornado F3 Flight defending the islands airspace Front line fighter crews provided Quick Reaction Alert during day to day flying operations working with the Royal Navy Army and other Air Force units to defend a remote and sometimes forgotten theatre of operations It will also look at how the islanders interact with the forces based at Mount Pleasant and contrast high technology military operations with the lives of the original inhabitants namely the wildlife

War Dog: Fighting Other People's Wars: The Modern Mercenary in Combat Al J. Venter,2006 **The RAF's Air War In Libya** Dave Sloggett,2013-01-19 The uprising in Libya in the spring of 2011 took the world by surprise The Gaddafi regimes brutal attempts at suppressing the uprising however soon prompted the international community to respond NATO agreed to impose a no fly zone across Libya which was led by Britain France and the USA For the British Prime Minister David Cameron the deployment of RAF and Royal Navy assets in support of UN Resolution 1973 came at a time when severe cuts to the UKs defense spending were in the process of being enacted With the Royal Navy aircraft carriers and their Harrier jets no longer available would the UK be able to mount operations 3 000 miles away In this the first book to analyze the Libyan campaign David Sloggett details the causes of the uprising and examines each stage of the war through to its termination with the death of Colonel Gaddafi In conclusion Dr Sloggett considers the future prospects for a post Gaddafi Libya and more significantly how NATO in general and Britain in particular will respond to similar events in the future **Strike Command** John Parker,2013-02-28 The two key components of air warfare conducted by the Royal Air Force virtually for the whole of the last century were the fighters and the bombers By the 1960s these two roles had evolved into a single force known in the RAF by its current title Strike Command Colloquially their pilots were known as Top Guns Full of personal tales of airborne derring do in just about every conflict in which Britain has been engaged this is the latest in John Parker s excellent series of elite fighting units Lettice Curtis Lettice Curtis,2004 With so many tales to tell both tragic and comic from her long and distinguished career as an air pilot Lettice Curtis recalls her remarkable life **Delivering multi-role tanker aircraft capability** Great Britain: National Audit Office,2010-03-30 The National Audit Office has been unable to conclude that the Ministry of Defence has achieved value for money from the procurement phase of its 10 5 billion private finance deal for the

Future Strategic Tanker Aircraft FSTA The selection of a PFI option was made without a sound evaluation of alternative procurement routes to justify why the PFI route offered the best value for money Although the project to provide air to air refuelling and military transport aircraft has achieved its delivery milestones since contract signature it is still likely to be delivered five and a half years later than planned The MOD will pay on average 390 million per annum for the core FSTA service which includes use of the aircraft and related services and infrastructure However the MOD also has responsibilities to support the effective delivery of the service and ensure that it obtains value for money from the contract Given the delay to FSTA the MOD is being forced to rely on ageing and increasingly unreliable Tristar and VC10 aircraft to provide air to air refuelling and air transport to Afghanistan While the MOD has been successful in fulfilling these priority roles flying hours across both fleets have reduced by 21 per cent since 2002 03 To assist in delivering its air transport requirements the MOD also charters passenger aircraft at a cost of approximately 175 million between 2006 07 and 2008 09
