Rage Of Gina:

Heaven's Rage Tiffany Craig Brown, 2010-05-10 When four women suffer at the hands of one man the results are deadly Heaven's Rage has the usual components of a mystery novel the crime of murder a gruff but loveable protagonist and an assortment of suspects yet it presents a unique theme as it takes readers back in time to tell the stories of four women who loved one man and who are now suspects in his murder Homicide Detective Ian Buchanan is assigned to the murder investigation of Richard Tate a retired military helicopter pilot He quickly determines the victim's three former wives and college girlfriend all had motive and opportunity to commit the crime As each of these women takes us through her volatile relationship with Tate the detective finds himself sympathizing with his suspects rather than the victim GINA RODRIGUEZ is a career naval officer determined to break through the invisible barriers of a male dominated military It's 1989 and along comes Dick Tate to charm her through a whirlwind romance which leads to an explosive relationship with a drunken and abusive husband MEG MCALLISTAR is devoted to her son but manages to get away one night a week to party at a nearby naval base During one of those evenings in 1982 she meets the recently divorced Dick Tate Two years later they marry As Dick's bitter resentment of his first wife grows Meg is subjected to his frequent fits of rage JORDAN CAMPBELL is just completing her Army training when she meets Dick Tate a young pilot trainee Their brief romance is threatened when they each receive orders to opposite sides of the country prompting them to wed quickly Shortly thereafter Jordan discovers she's pregnant and is discharged from the Army COLLEEN MORGAN and Dick Tate are both members of their college swim team After dating for a couple of months Dick is becoming serious but his chameleon like moods trouble her and she decides to end the relationship ABOUT THE AUTHOR Tiffany Craig Brown is the daughter of a military officer who spent her early years traveling the world Some of her first memories include bathing beneath waterfalls in the African Bush After a brief stint in the Army she worked in corporate marketing and communications for more than twenty years Tiffany resides in Sacramento with her husband Tim and is currently working on her next novel **The Marriage First Aid Kit**, 2009-08 In his 35 years as a therapist and marriage counselor Bryce Kaye has come to know that problems in marriages are not going to be overcome by a self help book a Marriage For Idiots handbook or a couple of episodes of Dr Phil in the afternoon His work The Marriage First Aid Kit is just what the title suggests a temporary help for couples until more permanent care can be obtained Dr Kaye helps his audience work on issues resulting from communication avoidance by showing how to balance the conflicting needs of attachment and autonomy in a relationship This vital balance is endangered not only by the obvious assassins abuse affairs and addictions but also what Kaye terms hedonic inhibitions the inability by some partners to seek and enjoy fun in a couple's life together Kaye employs everyday wisdom and therapeutic theory to show individuals in a relationship how to establish autonomy while affirming attachment how to manage inevitable and healthy conflicts and how to share power and responsibility throughout their marriage Incorporating examples culled from his years of helping clients

Kaye peppers his book with problem scenarios to which readers can relate as well as with a useful variety of measurement tools and viable exercises to help couples through the common issues faced in intimate relationships Rising above the plethora of quick fix relationship help manuals *The Marriage First Aid Kit* by Bryce Kaye PhD offers professional intelligent suggestions to couples to be employed not as panaceas but as temporary help while they work their way through the difficulties of life together William James, 2009-03-01

When Professors James Flanagan and Thomas Nellings from Brooklyn College of Natural History embark on a trip to Kentucky to inspect recently discovered artifacts in Mammoth Cave they expect to find typical North American remains But from the moment they inspect the artifacts they know their lives have changed forever The first indication of anything unusual is the discovery of cuneiform hieroglyphics the earliest form of writing dating back 6 000 years in Mesopotamia It s a mystery how writing of this kind has found its way to the United States As Flanagan and Nellings explore deeper into the cavern the pair discern a unique energy form this Zero Point Energy could be the Holy Grail to unlimited energy which unscrupulous people would do anything to own But they are truly shocked when they find an alien spacecraft ensconced deep below the earth Their routine investigation quickly turns into a high stakes adventure that could eliminate humanity s dependence on fossil fuels Flanagan and Nellings could lose their lives or usher in a new age of peace and prosperity But will humanity survive long enough to make the transition **Students, Teachers, and Leaders Addressing Bullying in Schools** Christa Boske, Azadeh Osanloo, 2016-10-13

The importance of Boske and Osanloo s approach to identifying the crisis of bullying in our society lives within the personal stories shared in this book Readers are reminded that victims of bullying are our own friends neighbors and classmates and those at every level in the community are challenged to be part of the solution The hatred carried out by those who bully impacts all of us not only the individual victims *Students Teachers and Leaders Addressing Bullying in Schools* captures the tragedy victims face and the urgency of creating a new dialogue amongst our educators Judy Shepard Founder Matthew Shepard Foundation The most important experts on bullying are the students parents and educators who wrestle with its impact every day In this book Boske and Osanloo place them at the center of the dialogue to design lasting solutions and spur the national conscience into action Bias based bullying complicates systemic solutions by activating the isms and phobias that plague us all The bold collective behind this book calls us to get over our own stuff and double down on our efforts to create safe and affirming schools for all students Eliza Byard PhD Executive Director GLSEN The brilliance and boldness of this book lie in two distinguishing features First inspired by the Boske and Osanloo s vision the contributors discuss bullying as precisely what it is not an interpersonal challenge not a cross cultural tension not an issue that can be conflict mediated away but a social justice concern that is connected to bigger societal conditions and injustices Secondly Boske and Osanloo reject the idea that academics are the experts of everybody s experiences and so they open the space on the pages of their book to the targets of bullying and their on the ground advocates The result is revolutionary If you think you understand bullying I dare you to read
