Bailey. pt. 2 The economics of dock administration, by J. Macaulay. pt. 3 The economics of passenger traffic, by Sir F.J.C. Pole and J. Milne. pt. 4 The manipulation of passenger traffic, by D.W. Barrie. pt. 5 Labour organization on British railways, by the Rt. Hon. J.H. Thomas. pt. 6 The administrative reorganization of the railways following the war, by Sir F.J.C. Pole. pt. 7 The law relating to railways, by A. Gaunt ,1925* *Railway Administration and Management* J.M. Ovasdi,1990 *The Railway Engineer ... ,1904* **Consequences for Management and Personnel of the Restructuring of Railways** International Labour Organisation. Sectoral Activities Programme,1993 Basis of Railway Rates and Private Vs. Governmental Management of Railroads Marshall Monroe Kirkman,1905 **High-Speed Railways and New Structure of Socio-economic Development in China** Xiaoyan Lin,2023-06-14 This book systematically expounds the significance of the high speed railway in China s regional economic and social development It also contains a large number of case discussions so that readers can fully understand the development of China s high speed railway and its role in promoting China s economy The purpose of this book is to determine whether high speed railway has important political and strategic significance for China s development the inherent relationship and mechanism of the high speed railway together with economic and social development and how to achieve the high speed rail and economic and social coordination as well as sustainable development **Business Management of Railway Stations** K.V.Rao IRTS,2021-09-07 The Business Management of Railway Stations will help and guide the officers and staff of both government as well as private railways working at stations sidings and on trains to further improve the business of railways and services to the people It is also useful to passengers freight customers contractors rail users students academicians and the general public **Bulletin of the International Railway Association** International Railway Association,1896 *High-speed Rail: An Analysis Of The Chinese Innovation System* Bai Gao,Guowu Li,Zhihong Zhen,2020-12-21 High speed railway system is interdisciplinary subject that covers infrastructure mobile equipment traction power supply communication signal operation and maintenance and transportation organization The purpose of this book is to give readers a basic understanding of the technology behind of China s high speed rail network In this book the author mainly focusses on the innovations of products and processes especially product innovation which involves the selection of technology route technology system and technology source Therefore the innovation in HST here refers to the selection of technology route technology system and technology source as well as the new products developed and manufactured according to the selection With the in depth study the author would like to provide outlook for development in this area in the next stage **Explaining Railway Reform in China** Linda Tjia Yin-nor,2015-10-14 Having been state owned for decades the railway reform in China confused

many people particularly in terms of its ownership and property rights arrangements Western literature always prescribes that the best model for railway reform is privatization China's leadership has also enunciated the state's determination to re-arrange property rights and rejuvenate corporate governance But is China's railway reform really a story of convergence and will the Chinese government follow the western model of railway reform Addressing these questions this book provides a positive explanation of the reform in China's railway sector between 1978 and the dissolution of the Ministry of Railways It bridges the socialist reform and transport policy literature and studies the empirical changes of the property rights arrangements in China's railway system Refuting the convergence theory it concludes that the cyclical reform policies of decentralization and re-centralization were actually an exploratory and interactive mechanism of assets discovery and assets recovery This in depth study is based on 21 face to face interviews with railway cadres as well as field trips to collect first hand information in Guangzhou Beijing Shanghai Tianjin and Wuhan As one of the only empirical studies on the reform of the railway sector in China this book will be of interest to students and scholars of China studies Transport studies and Political Economy
