Sangharakshita was a Buddhist monk a writer a poet and the founder of the Triratna Buddhist Order and Community a pioneering worldwide Buddhist movement He was also an audacious reformer and for some a deeply controversial figure In an absorbing narrative Nagabodhi takes us on a journey through the twists and turns of Sangharakshita s life the experiences insights and reflections that nurtured his approach as a teacher what it was like to live among his committed followers and the controversies he left behind *Forgotten Disney* Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-28

This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954*
