Researches in the Phenomena of Spiritualism (Classic Reprint) William Crookes,2017-11-24 Excerpt from Researches in the Phenomena of Spiritualism In the present case I prefer to enter upon the enquiry with no preconceived notions whatever as to what can or cannot be but with all my senses alert and ready to convey information to the brain believing as I do that we have by no means exhausted all human knowledge or fathomed the depths of all the physical forces and remembering that the great philosopher already quoted said in reference to some speculations on the gravitating force Nothing is too wonderful to be true if it be consistent with the laws of nature and in such things as these experiment is the best test of such consistency About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Researches Into the Phenomena of Modern Spiritualism** William Crookes,1904

Researches in the Phenomena of Spiritualism William Crookes,1990 **Researches in the Phenomena of Spiritualism ... Reprinted from The Quarterly Journal of Science.** Sir William CROOKES,Bernard Humphrey CROOKES,1926 **Researches Into the Phenomena of Modern Spiritualism** William Crookes,2015-06-02 Excerpt from Researches Into the Phenomena of Modern Spiritualism Of all the eminent scientists who have pains takingly investigated the mysterious phenomena of Modern Spiritualism and there are many Sir William Crookes must be easily recognized as leader His eminence as a discoverer and an inventor and his vast services to the world as a chemist have given to his Researches into the Phenomena of Modern Spiritualism a value and potency that could not attach to labors of men equally honest and painstaking but devoid of his scientific attainments and great reputation Beginning his investigations of Spiritual Phenomena over a third of a century ago when the prejudice against psychic research was much stronger than today and pursuing his researches with all the care caution and accuracy that marked his other scientific work he rendered his studies in this new field doubly valuable to the world by his conscientious record of all the details and conditions and his noble boldness in publishing the same to the world The record of his experiments with Daniel Douglas Home and Miss Florence Cook as psychics all conducted under test conditions must ever stand among the most marvelous of human experiences and an impregnable defence of the spirituality of man s nature and of his ability to survive the shock of death The articles here

quoted first appeared in the Quarterly Journal of Science of which Sir William was the able editor and they have been supplemented by extracts from the speech of the eminent scientist delivered from the chair of the British Association at its Bristol meeting in 1898 in which speech he declared over again his convictions concerning the value of the results of scientific investigation into what has been known as the realm of the occult About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
