Marseille connection François Missen, 2013-03-20 Hier on ne coca ne haschisch le supermarché de la drogue est ciel ouvert Marseille Pour tenir cette boutique aux bénéfices exorbitants les armes crachent le plomb Hier on cibait le concurrent au Colt 11 43 Aujourd'hui on arrose des collatéraux involontaires la kalashnikov Autour du Vieux Port l'histoire du grand banditisme s'enrichit d'une chronique narrative quotidienne Hier on tuait pour l'héroïne aujourd'hui pour le haschisch et la cocaïne Le marché de la came que l'on croyait relégué dans le passé sanguinaire du siècle dernier renaît avec la réapparition des papys flingueurs de la French Connection Comme François Girard commanditaire de l'assassinat du Juge Pierre Michel en 1981 libéré pour raison médicale et plongé nouveau dans le business D'autres collègues de la blanche marseillaise sont déjà au cimetière ou pour certains d'entre eux se sont retirés des affaires aux États-Unis et vivent une retraite tranquille et discrète après avoir conclu le marché dit du repentir avec la justice américaine Balancez et nous ferons le reste C'est dire Vous tes livres Ils se racontent aujourd'hui auprès de François Missen Et pendant ce temps Marseille reste fidèle au trafic de drogue C'est le phénix de la came

La Banque Marc Roche, 2010-09-01 Goldman Sachs C'est aujourd'hui LA Banque C'est aussi un vrai pouvoir dans le monde entier Sa force Un goût obsessionnel du secret Et aussi une certaine arrogance puisqu'elle est sortie renforcée du krach de 2008 qui lui a galemment permis de se débarrasser de son principal concurrent Lehman Brothers Marc Roche correspondant du Monde la City de Londres depuis vingt ans nous fait entrer dans les coulisses de ce Temple de l'argent On y découvre les relations aussi troites que secrètes avec certaines multinationales comme la sulfureuse compagnie BP On apprend comment cette banque qui cultive autant les réseaux que le goût frénétique de la spéculation aide les tats comme la Grèce camoufler leurs dettes Usant de méthodes légales mais souvent immorales la banque organise aussi des raids d'une extrême brutalité comme l'OPA russe en 2006 par le groupe indien Mittal sur le sidurgiste européen Arcelor Cette enquête très documentée et sans parti pris dévoile une puissance du capitalisme qui est l'un des rouages de la mondialisation actuelle et qui fait peur la plupart des gouvernements Voilà la face invisible d'un empire sur lequel le soleil ne se couche jamais

Fair Shares for All Jean-Pierre Gross, 2003-11-13 This study explores the egalitarian policies pursued in the provinces during the radical phase of the French Revolution but moves away from the habit of looking at such issues in terms of the

Terror alone It challenges revisionist readings of Jacobinism that dwell on its totalitarian potential or portray it as dangerously utopian The mainstream Jacobin agenda emphasised fair shares and equal opportunities for all in a private ownership market economy It sought to achieve social justice without jeopardising human rights and tended thus to complement rather than undermine the liberal individualist programme of the Revolution The book stresses the relevance of the Enlightenment legacy the close affinity between Girondins and Montagnards the key role played by many lesser known figures and the moral ascendancy of Robespierre It reassesses the basic social and economic issues at stake in the Revolution which cannot be understood solely in terms of political discourse Nicolas Sarkozy William Emmanuel, 2007 Bas sur des entretiens avec plusieurs dizaines de personnes ce livre retrace l'itinéraire de Nicolas Sarkozy de son enfance dans les beaux quartiers de Paris la conquête de l'UMP en passant par différents ministères Bertrand le magnifique Yvan Stefanovitch, 2008 Après les succès aux législatives de 2007 de la gauche dans la capitale B Delano semble ne pas avoir trop craindre pour sa réélection la Mairie de Paris Quant à l'implosion du PS elle lui a ouvert la porte qu'il vise depuis longtemps Cet homme politique atypique est l'un des rares ne pas avoir fait l'ENA Du monde de l'entreprise privée il a importé des méthodes compétitives **Les goinfres** Patrick Bonazza, 2007 Divine Art, Infernal Machine Elizabeth L. Eisenstein, 2011 Annotation Divine Art Infernal Machine presents a history of the printing press of the ambivalent attitudes of the public toward printers printing since the days of Gutenberg his business partner Johann Fust a gentleman often tellingly confused with the notorious Doctor Faustus Planning the French Canals Reed G. Geiger, 1994 Finally in a comparative framework the debate over the canals led to an examination of the inadequacy of a British model and to a rehearsal of the arguments about state economic policy that the next generation would revive **Travels and Travellers** Frances Milton Trollope, 1846 **The Women's International Quarterly**, 1912 **Plots: Literary Form and Conspiracy Culture** Ben Carver, Dana Craciun, Todor Hristov, 2021-11-29 This edited collection contributes to the study of conspiracy culture by analysing the relationship of literary forms to the formation reception and transformation of conspiracy theories Conspiracy theories are narratives and their narrative form provides the structure within which their readers situate themselves when interpreting the world and its history At the same time conspiracist interpretations of the world may then be transmediated into works of literature and import popular discourse into narrative structures The suppression and disappearance of books themselves may generate conspiracy theories and become co-opted into political dissent Additionally literary criticism itself is shown to adopt conspiracist modes of interpretation By examining conspiracy plots as literary plots with narrative rhetorical and symbolic characteristics this volume is the first systematic study of how conspiracy culture in American and European history is the consequence of its interactions with literature This book will be of great interest to researchers of conspiracy theories literature and literary criticism **Traditions of War** Karma Nabulsi, 2005-06-02 Traditions of War examines wars and military occupation and the ideas underlying them The search for these ideas is conducted in the domain of the laws of war a

body of rules which sought to regulate the practices of war and those permitted to fight in it This work introduces three ideologies the martial Grotian and republican These traditions were rooted in incommensurable conceptions of the good life and the overall argument is that these differences lay at the heart of the failure fully to resolve the distinction between lawful and unlawful combatants at successive diplomatic conferences of Brussels in 1874 the Hague in 1899 and 1907 and Geneva in 1949 Based on a wide range of sources and a plurality of intellectual disciplines this book places these diplomatic failures in their broader social and political contexts By bringing out ideological continuities and drawing on the social history of army occupation in Europe and resistance to it this book both challenges and illuminates our understanding of modern war

The Bloomsbury Handbook of Sonic Methodologies Michael Bull, Marcel Cobussen, 2020-12-10 The field of Sound Studies has changed and developed dramatically over the last two decades involving a vast and dizzying array of work produced by those working in the arts social sciences and sciences The study of sound is inherently interdisciplinary and is undertaken both by those who specialize in sound and by others who wish to include sound as an intrinsic and indispensable element in their research This is the first resource to provide a wide ranging cross cultural and interdisciplinary investigation and analysis of the ways in which researchers use a broad range of methodologies in order to pursue their sonic investigations It brings together 49 specially commissioned chapters that ask a wide range of questions including how can sound be used in current academic disciplines Is sound as a methodological tool indispensable for Sound Studies and what can sound artists contribute to the discourse on methodology in Sound Studies The editors also present 3 original chapters that work as provocative sonic methodological interventions prefacing the 3 sections of the book
