Challenging the Orthodoxy Susan K. Schroeder,Lynne Chester,2013-11-19 Political economy focuses on issues that are fundamental to individual and collective well being and rests on the proposition that economic phenomena do not occur in isolation from social and political processes One leading Australian political economist is Frank Stilwell Highlights of his work include concerns with the creation and use of wealth inequalities between rich and poor the spatial implications of

economic growth and the tensions between economic growth and the environment Stilwell has been especially prominent in developing alternative economic policies with seminal contributions to understanding the radical shift in Australian economic and social policies since the early 1980s He has also been a leader in the teaching of political economy to many cohorts of first year university students This collection spanning these themes honours Stilwell s contribution to Australian political economy after more than 40 years teaching at the University of Sydney The book provides not only an opportunity to appreciate his contribution but also a greater understanding of these themes which remain of crucial contemporary relevance *Gentrification in a Global Context* Rowland Atkinson, Gary Bridge, 2004-12-10 The Gentrification in a Global Perspective brings together the most recent theoretical and empirical research on gentrification at a global scale

Governance for Pro-Poor Urban Development Franklin Obeng-Odoom, 2013-07-18 The world development institutions commonly present urban governance as an antidote to the so called urbanisation of poverty and parasitic urbanism in Africa Governance for Pro Poor Urban Development is a comprehensive and systematic analysis of the meaning nature and effects of urban governance in theory and in practice with a focus on Ghana a country widely regarded as an island of good governance in the sub region The book illustrates how diverse groups experience urban governance differently and contextualizes how this experience has worsened social differentiation in cities This book will be of great interest to students teachers and researchers in development studies and highly relevant to anyone with an interest in urban studies geography political economy sociology and African studies *A Future for Regional Australia* I. W. Gray, Geoffrey Lawrence, 2001-07-31 This book interprets the predicament faced by Australia s regional people from their own perspective and proposes a means by which they can act together to find a secure future under globalisation It argues that neoliberalism in combination with its real world effects in economic policy are driving regional Australia further into social environmental and economic decay The book will be of great interest to all concerned about the future of regional Australia and will make a lively and relevant text for students studying the social sciences in the countryside or in the major cities **The Cambridge Handbook of Social**

Sciences in Australia Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched **Brooklyn's Bushwick - Urban Renewal in New York, USA** Raymond Charles Rauscher, Salim

Momtaz, 2014-05-05 This book offers an extended case study of the urban community of Bushwick located in the Brooklyn borough of New York City The authors begin with a broad review of the history of Bushwick and Brooklyn from before the earliest European settlements of the 1600s through the 18th and 19th centuries and up the 1960s Chapter Two begins by

tracing the steep decline of the community which culminated in catastrophic fires and looting in the wake of New York's electrical blackout of 1977 and goes on to describe the beginnings of urban planning and renewal efforts which launched the recovery of Bushwick in the 1980s to early 2000s Chapter Three steps back from the immediacy of the community to discuss urban change from a theoretical perspective The authors outline advances in sustainable urban planning and describe how these apply to Bushwick and the wider Brooklyn community Chapter Four offers a detailed examination of the intent and function of New York's community board planning system known as the Charter 197 a program In Chapter Five the authors examine the 197 a planning process and its application in the areas of Bushwick Williamsburg and Greenpoint in Northeast Brooklyn Brooklyn Downtown and in Southeast Brooklyn including Coney Island The following chapter examines a number of innovative Bushwick high schools that offer practical experience in urban planning Drawing the urban planning experiences together the book concludes with a look at future directions in city renewal Emphasis here is placed on sustainable urban planning and the lessons to be learned from the experience of Bushwick and Brooklyn The specifics of urban planning and renewal are illustrated with tables and figures The details of planning are informed by an overarching sense of history beginning with the dedication of the book to the memory of six Universalist writers associated with New York Henry Thoreau Helena Blavatsky Henry George Henry Miller Arthur Miller and Walt Whitman A rich trove of historical materials ranging from family sketches to school rosters to rarely seen photographs helps to keep the survey and analysis of urban planning grounded in the lives of Bushwick's residents past present and future

The Australian Welfare State John Wilson, Jane Thomson, Anthony McMahon, 1996 Textbook for tertiary students which provides documentary sources as well as commentaries from academics in the field to outline the historical development of the Australian welfare state Suitable for introductory courses in social welfare politics sociology and public policy The material is presented in five parts including policies for the employed in the last century the struggle of Australian women to receive employment and child related benefits from the state the development of policies relating to indigenous and immigrant Australians and how the welfare state has dealt with the aged and refugees The final part considers documents in Australian history that contrast discordant understandings of the purposes of the welfare state Includes a table of contents an index and list of references Also available in hardback

New Regionalism in Australia Mardelene Grobbelaar, 2018-01-18 New Regionalism promoted as a new paradigm of development by the OECD suggests that globalization is bringing together new technologies management employees and communities to form new patterns of local governance However despite the growing influence of New Regionalism in regional development policy in the West and increasingly in Australia there has been little debate about the relevance and application of these ideas in Australia Bringing together contributions from academics practitioners and policy makers this book redresses this imbalance by examining the theoretical and empirical foundations of this powerful and growing school of thought locating the debate firmly in the Australian context With an opening chapter by Kevin Morgan

Cardiff University who has been at the heart of the New Regionalism debate the book provides important insights into the theory and practice of New Regionalism in this vibrant region *Community and Local Governance in Australia* Paul Smyth, Tim Reddel, Andrew Jones, 2005 This book examines the resurgence in Australia of locality based social policy concerned with the spatial dimensions of disadvantage after the political failures of the market oriented approach to regional reform The book proposes that these trends are leading to a new post competition policy regime in Australia that mirrors global policy trends Social Justice Susan Magarey, 1998 Egg heads in an ivory tower Dreary boffins carrying out useless research at the tax payer s expense Computer nerds Do such figures make you think of people working in humanities and social sciences in universities This book shows just how wrong such representations are **Developing Successful ICT Strategies: Competitive Advantages in a Global Knowledge-Driven Society** Rahman, Hakikur, 2007-08-31 Presents research investigating the notion that information communication technologies ICTs have the potential to improve the lives of people and contribute to enhancing social conditions in developing countries through such concepts as the Knowledge Society open education and e governance Sustainable Communities: A Framework for Planning Raymond Charles Rauscher, Salim Momtaz, 2013-10-13 This book is in part a response to the attempts of governments to address increasing concerns over such environmental issues as the impact of climate change carbon emissions pressures from overpopulation of cities coal seam gas extraction and depleting natural resources The authors have developed a Sustainable Communities Framework SCF which incorporates social cultural environmental and economic sustainability principles in the process of urban planning The authors propose a five step SCF built on an application of sustainability tables The book examines a wide range of urban planning practices utilizing sustainability criteria outlining both qualitative and quantitative tools Separate chapters discuss application of the SCF to both the natural environment and the built environment This framework is applied to a case study of the outer Sydney growth area of Wyong Shire Central Coast NSW Australia Addressing the question of how best to measure the environment the authors present a table for selecting indicators of sustainability and outline sustainability scorecards which use color coded ratings of green red and amber to measure indicators of sustainability The authors show how aggregating these ratings allows the framework to be scaled up for application to larger areas Finally the authors show how scorecards can be incorporated in sustainability reports with actions and monitoring components The authors also examine urban planning education including land use planning natural resource planning and sustainable urban planning focusing on the extent to which schools incorporate principles of sustainability The authors offer their critique on the movement of planning practices towards a more coordinated and holistic framework in incorporating sustainability principles Sustainable Communities A Framework for Planning concludes by drawing a future scenario on the application of the SCF to incorporate principles of sustainability into urban planning The authors propose future options for SCF applications including adopting a systems program environmental performance monitoring and showing how the framework

will accommodate the social cultural and economic components of sustainability in addition to the environmental ones as examined in the case study
