and analyzes the use of allegory and of humor as further markers of textual substitution. The inherent lifelessness and illusoriness of the textual artifact is revealed in the poems of La Com die de la Mort the collection examined in chapter 3. Chapter 4 analyzes the so called descriptive referential poetry of Espa a and finds that the monde ext rieur of Gautier s poetry functions to express an absence of self and is itself always shown to be other than the Other The dimunition of the poetic effected in Emaux et Cam es is the subject of chapter 5 and chapter 6 deals with the contextuality the fetishism and the eroticism revealed in a miscellany of poems in particular the libertine poems which do not figure in Gautier s five major collections.
