Graham K. Brown, Arnim Langer

Resistance And Rebellion Lessons From Eastern Europe:

Resistance and Rebellion Roger D. Petersen, 2001-05-07 *Resistance and Rebellion Lessons from Eastern Europe* explains how ordinary people become involved in resistance and rebellion against powerful regimes The book shows how a sequence of casual forces social norms focal points rational calculation operate to drive individuals into roles of passive resistance and at a second stage into participation in community based rebellion organization By linking the operation of these mechanisms to observable social structures the work generates predictions about which types of community and society are most likely to form and sustain resistance and rebellion The empirical material centres around Lithuanian anti Soviet resistance in both the 1940s and the 1987-91 period Using the Lithuanian experience as a baseline comparisons with several other Eastern European countries demonstrate the breadth and depth of the theory The book contributes to both the general literature on political violence and protest as well as the theoretical literature on collective action

Resistance and Rebellion: Lessons from Eastern Europe Roger D. Petersen (1959), 2004 How do ordinary people become involved in resistance and rebellion against powerful regimes This book provides a detailed theoretical treatment of the process that pushes and pulls individuals into risk laden roles The work compares several East European nations to show the breadth and depth of the approach

Elgar Handbook of Civil War and Fragile States Graham K. Brown, Arnim Langer, 2012-01-01 The Elgar Handbook of Civil War and Fragile States is an impressive volume Its distinguished contributors offer a rich menu of courses ranging from conflict and war to peacemaking transitional justice peacekeeping and powersharing Encyclopedic in its scope the volume encompasses many different approaches to stimulate and provoke the careful reader It serves up a feast for scholars and policymakers alike Donald L Horowitz Duke University US The Elgar Handbook of Civil War and Fragile States brings together contributions from a multidisciplinary group of internationally renowned scholars on such important issues as the causes of violent conflicts and state fragility the challenges of conflict resolution and mediation and the obstacles to post conflict reconstruction and durable peace building While other companion volumes exist this detailed and comprehensive book brings together an unrivalled range of disciplinary perspectives including development economists quantitative and qualitative political scientists and sociologists Topical chapters include Post Conflict and State Fragility Ethnicity Human Security Poverty and Conflict Economic Dimensions of Civil War Climate Change and Armed Conflict Rebel Recruitment Education and Violent Conflict Obstacles to Peace Settlements and many others With detailed and comprehensive coverage this Handbook will appeal to postgraduate and undergraduate students policymakers researchers and academics in conflict and peace studies international relations international politics and security studies

Western Intervention in the Balkans Roger D. Petersen, 2011-09-30 Conflicts involve powerful experiences The residue of these experiences is captured by the concept and language of emotion Indiscriminate killing creates fear targeted violence produces anger and a desire for vengeance political status reversals spawn resentment cultural prejudices sustain ethnic

contempt These emotions can become resources for political entrepreneurs A broad range of Western interventions are based on a view of human nature as narrowly rational Correspondingly intervention policy generally aims to alter material incentives sticks and carrots to influence behavior In response poorer and weaker actors who wish to block or change this Western implemented game use emotions as resources This book examines the strategic use of emotion in the conflicts and interventions occurring in the Western Balkans over a twenty year period The book concentrates on the conflicts among Albanian and Slavic populations Kosovo Montenegro Macedonia South Serbia along with some comparisons to Bosnia

The Oxford Handbook of International Security Alexandra Gheciu, William C. Wohlforth, 2018-03-08 This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies It provides a tour of the most innovative and exciting news areas of research as well as major developments in established lines of inquiry It presents a comprehensive portrait of an exciting field with a distinctively forward looking theme focusing on the question what does it mean to think about the future of international security The key assumption underpinning this volume is that all scholarly claims about international security both normative and positive have implications for the future By examining international security to extract implications for the future the volume provides clarity about the real meaning and practical implications for those involved in this field Yet contributions to this volume are not exclusively forecasts or prognostications and the volume reflects the fact that within the field of security studies there are diverse views on how to think about the future Readers will find in this volume some of the most influential mainstream positivist voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security The topics covered in the Handbook range from conventional international security themes such as arms control alliances and Great Power politics to new security issues such as global health the roles of non state actors cyber security and the power of visual representations in international security The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

Beyond the Lines Sarah E. Parkinson, 2023-01-15 Beyond the Lines explores the social underpinnings of rebel adaptation and resilience How do rebel groups cope with crises such as repression displacement and fragmentation What explains changes in militant organizations structures and behaviors over time Drawing on nearly two years of ethnographic research Sarah E Parkinson traces shifts in Palestinian militant

groups internal structures and practices during the civil war of 1975 to 1990 and foreign occupations of Lebanon She shows that most militants approach asymmetrical warfare as a series of challenges centered around information and logistics characterized by problems such as supplying constantly mobile forces identifying collaborators disrupting rival belligerents operations and providing essential services like healthcare Effective negotiation of these challenges contributes to militant organizations resilience and survival In this context the foundation of rebel resilience lies with militants ability to repurpose their everyday social networks to organizational ends In the Lebanese setting Beyond the Lines demonstrates how regionalized differences in Israeli Syrian and Lebanese deployment of violence triggered distinct social network responses that led to divergent organizational outcomes for Palestinian militants

Case and the Syntax of Argument Indexation

Assistant Professor of Linguistics Faruk Akkuş, David Embick, Professor of Linguistics David Embick, Mohammed A.

Salih, Faruk Akkuş, 2025-07-31 This book draws on data from Sorani Kurdish to present an analysis of argument indexation the process by which arguments in a clause are coindexed with grammatical markers that bear their features This novel analysis is shown to have broader implications particularly for theories of case assignment

Ordinary Rebels

Kolby Hanson, Assistant Professor of Government Kolby Hanson, 2025-09-16 In Ordinary Rebels Kolby Hanson argues that these periods of state toleration do not simply change armed groups behavior but fundamentally transform the organizations themselves by shaping who takes up arms and which leaders they follow This book draws on a set of innovative experimental surveys and 75 in depth interviews tracing four armed movements over time in Northeast India and Sri Lanka A powerful new theory of how conditions shape the trajectory of non state armed groups this book reshapes our understanding of why such organizations become more moderate over time

Soviet Postcolonial Studies

Epp Annus, 2017-09-05 Postcolonial studies is a well established academic field rich in theory but it is based mostly on postcolonial experiences in former West European colonial empires This book takes a different approach considering postcolonial theory in relation to the former Soviet bloc It both applies existing postcolonial theory to this different setting and also uses the experiences of former Soviet bloc countries to refine and advance theory Drawing on a wide range of sources and presenting insights and material of relevance to scholars in a wide range of subjects the book explores topics such as Soviet colonality as co constituted with Soviet modernity the affective structure of identity creation in national and imperial subjects and the way in which cultural imaginaries and everyday materialities were formative of Soviet everyday experience

Quagmire in Civil War

Jonah Schulhofer-Wohl, 2020-01-09 Our understanding of civil war is shot through with the spectre of quagmire a situation that traps belligerents compounding and entrenching war s dangers Despite the subject s importance its causes are obscure A pervasive folk notion that quagmire is intrinsic to certain countries or wars has foreclosed inquiry and scholarship has failed to identify quagmire as an object of study in its own right Schulhofer Wohl provides the first treatment of quagmire in civil war In a rigorous but accessible analysis he explains how quagmire can emerge from domestic international interactions and

strategic choices To support the argument Schulhofer Wohl draws upon field research on Lebanon's sixteen year civil war structured comparisons with civil wars in Chad and Yemen and rigorous statistical analyses of all civil wars worldwide fought between 1944 and 2006 The results make clear that the folk notion misdiagnoses quagmire and demand that we revisit policies that rest upon it Schulhofer Wohl demonstrates that quagmire is made not found **Inside the Radical Right**

David Art, 2011-02-21 What explains the cross national variation in the radical right's electoral success over the last several decades Challenging existing structural and institutional accounts this book analyzes the dynamics of party building and explores the attitudes skills and experiences of radical right activists in eleven different countries Based on extensive field research and an original data set of radical right candidates for office David Art links the quality of radical right activists to broader patterns of success and failure He demonstrates how a combination of historical legacies and incentive structures produced activists who helped party building in some cases and doomed it in others In an age of rising electoral volatility and the fading of traditional political cleavages *Inside the Radical Right* makes a strong case for the importance of party leaders and activists as masters of their own fate Stories from the Field Peter Krause, Ora Szekeley, 2020-06-30 What do you do if

you get stuck in an elevator in Mogadishu How worried should you be about being followed after an interview with a ring of human traffickers in Lebanon What happens to your research if you get placed on a government watchlist And what if you find yourself feeling like you just aren't cut out for fieldwork *Stories from the Field* is a relatable thoughtful and unorthodox guide to field research in political science It features personal stories from working political scientists some funny some dramatic all fascinating and informative Political scientists from a diverse range of biographical and academic backgrounds describe research in North and South America Africa Asia Europe and the Middle East ranging from archival work to interviews with combatants In sharing their stories the book's forty four contributors provide accessible illustrations of key concepts including specific research methods like conducting surveys and interviews practical questions of health and safety and general principles such as the importance of flexibility creativity and interpersonal connections The contributors reflect not only on their own experiences but also on larger questions about research ethics responsibility and the effects of their personal and professional identities on their fieldwork *Stories from the Field* is an essential resource for graduate and advanced undergraduate students learning about field research methods as well as established scholars contemplating new journeys into the field *Occupied* Aviel Roshwald, 2023-04-27 A comparative treatment of European and Asian responses to

German and Japanese occupation during the Second World War **The Political Economy of Rural-urban Conflict**

Topher L. McDougal, 2017 Why do some rebel insurgencies target cities as economic prey whilst others are content to trade with them This volume examines how the trade networks underpinning the economic relationship between rural and urban areas differ in their impact on and response to the combat frontier Small Wars, Big Data Eli Berman, Joseph H.

Felter, Jacob N. Shapiro, 2020-07-14 How a new understanding of warfare can help the military fight today's conflicts more

effectively The way wars are fought has changed starkly over the past sixty years International military campaigns used to play out between large armies at central fronts Today's conflicts find major powers facing rebel insurgencies that deploy elusive methods from improvised explosives to terrorist attacks Small Wars Big Data presents a transformative understanding of these contemporary confrontations and how they should be fought The authors show that a revolution in the study of conflict enabled by vast data rich qualitative evidence and modern methods yields new insights into terrorism civil wars and foreign interventions Modern warfare is not about struggles over territory but over people civilians and the information they might choose to provide can turn the tide at critical junctures The authors draw practical lessons from the past two decades of conflict in locations ranging from Latin America and the Middle East to Central and Southeast Asia Building an information centric understanding of insurgencies the authors examine the relationships between rebels the government and civilians This approach serves as a springboard for exploring other aspects of modern conflict including the suppression of rebel activity the role of mobile communications networks the links between aid and violence and why conventional military methods might provide short term success but undermine lasting peace Ultimately the authors show how the stronger side can almost always win the villages but why that does not guarantee winning the war Small Wars Big Data provides groundbreaking perspectives for how small wars can be better strategized and favorably won to the benefit of the local population

[Encyclopedia of the World's Minorities](#) Carl Skutsch, 2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World's Minorities website

An Introduction to Civil Wars Karl R. DeRouen, 2014-10-08 Providing a complete overview of the global post World War II civil wars this book covers civil war patterns types and causes the effect of natural resources conflict duration outcomes and termination peace agreements counter insurgency terrorism international intervention and post conflict issues

Governing for Revolution Megan A. Stewart, 2021-03-18 Prevailing views suggest rebels govern to enhance their organizational capacity but this book demonstrates that some rebels undertake costly governance projects that can imperil their cadres during war The origins for this choice began with the Chinese Communist Party CCP during the Chinese Civil War The CCP knowingly introduced challenging governance projects but nevertheless propagated its strategy globally creating a behavioural model readily available to later rebels The likelihood of whether later rebels will imitate this model is determined by the compatibility between their goals and the CCP's objectives only rebels that share the CCP's revolutionary goals decide to mimic the CCP's governance fully Over time ideational and material pressures further encouraged and occasionally rewarded revolutionary rebels conformity to the CCP's template Using archival data from six countries primary rebel sources fieldwork and quantitative analysis Governing for Revolution underscores the mimicry of and ultimate convergence in revolutionary rebels

governance that persists even today despite vast differences in ideology *Offshore Citizens* Noora Lori, 2019-08-22 This study of citizenship and migration policies in the Gulf shows how temporary residency can become a permanent citizenship status

The Use of Force Robert J. Art, Kelly M. Greenhill, 2015-07-09 The Use of Force long considered a classic in its own right brings together enduring influential works on the role of military power in foreign policy and international politics Now in its eighth edition the reader has been significantly revised with twenty innovative and up to date selections this edition is 60 percent new Meticulously chosen and edited by leading scholars Robert J Art and Kelly M Greenhill the selections are grouped under three headings theories case studies and contemporary issues The first section includes essays that cover the security dilemma terrorism the sources of military doctrine the nuclear revolution and the fungibility of force A new subsection of Part I also deals with ethical issues in the use of force The second section includes case studies in the use of force that span the period from World War I through the war in Afghanistan The final section considers issues concerning the projection of US military power the rising power of China the spread of biological and nuclear weapons and cyberwarfare intervention in internal conflicts and insurgencies and possible future developments in terrorism nuclear abolition and robotic warfare Continuing the tradition of previous editions this fully updated reader collects the best analysis by influential thinkers on the use of force in international affairs Contributions by Bruce J Allyn Kenneth Anderson Robert J Art Mark S Bell Richard K Betts Laurie R Blank James G Blight Stephen G Brooks Seyom Brown Daniel Byman Audrey Kurth Cronin Patrick M Cronin Alexander B Downes Karl W Eikenberry John Lewis Gaddis Erik Gartke Alexander L George Avery Goldstein Kelly M Greenhill G John Ikenberry Robert Jervis Gregory Koblentz Peter R Mansoor John J Mearsheimer Nicholas L Miller Louis C Morton Barry R Posen Louise Richardson George B Samson Thomas C Schelling Jack L Snyder Paul Staniland Barbara F Walter Kenneth N Waltz Matthew Waxman David A Welch Jon Western and William C Wohlforth

The Top Books of the Year Resistance And Rebellion Lessons From Eastern Europe The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Resistance And Rebellion Lessons From Eastern Europe : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
