Resistance And Reform In Tibet:

Resistance and Reform in Tibet Shirin Akiner, 1996-01-01 Tibet exerts a powerful fascination far beyond its borders remoteness and the deeply pervasive character of Tibetan Buddhism have provided the setting for countless works of romance adventure and fantasy *Resistance and Reform in Tibet* reveals the emergence of a distinctive modern Tibetan society and the sophistication creativity and resourcefulness of its people's responses to Chinese domination Tibet today is neither a socialist idyll nor a regimented gulag but a rich mixture of traditional and innovative strategies in an ancient nation's struggle for survival

Resistance and Reform in Tibet University of London. School of Oriental Studies, 1994-01 Much writing about Tibet and especially on Tibetan responses to Chinese communist rule has been sentimental and highly polemical Also many publications on recent development have been based on travellers accounts This volume adopts a more balanced and rigorous analytical approach to modern Tibetan society Questions of identity and ethnicity in Tibet and the character and course of the anti Chinese protests since 1987 are principal themes Earlier history ideology economic development and China's post 1980 reforms are also examined

Resistance and Reform in Tibet Robert Barnett, 1994 Tibet exerts a powerful fascination far beyond its borders Given its very remoteness and the all encompassing character of Tibetan Buddhism it has been the setting for countless works of romance adventure and fantasy Yet relatively few writers have studied Tibet as an evolving contemporary society despite the fact that for the last forty years this nation of over 5 million people has been confronting a dual challenge more critical than any other since the dark ages of the tenth century surviving Chinese Communism and confronting modernity This book describes the character of that struggle Identity ethnicity nationalism and the course of political protest since 1987 are principal themes while religious iconography the role of Buddhist nuns and monks and China's post 1980 reforms in Tibet are also discussed The contributors include Tibetans and Chinese as well as Western experts hence this is far from being a traditional Eurocentric view of what Tibetans think and feel *Resistance and Reform in Tibet* reveals the emergence of a distinctive modern Tibetan society and the sophistication creativity and resourcefulness of its people's responses to Chinese domination Tibet today reflects a rich mixture of traditional and innovative strategies in a nation's struggle for survival

Resistance and reform on Tibet, 1996 **Proceedings of the Tenth Seminar of the IATS, 2003. Volume 11: Tibetan Modernities** International Association for Tibetan Studies. Seminar, 2008-05-31 This book the first scholarly publication in the West to provide detailed documentation of modern life in contemporary Tibet presents the cutting edge field work carried out by an interdisciplinary group of researchers studying caste pop music media painting education economics childbirth and environment in Tibetan communities today

Proceedings of the Tenth Seminar of the IATS, 2003. Volume 11: Tibetan Modernities, 2008-05-31 This is the first major publication in the West to study modernity and its impact on contemporary Tibet Based on field work by researchers from the fields of anthropology sociology environmental science literature art and linguistics it presents essays

on education economics childbirth environment caste pop music media and painting in Tibetan communities today The findings emerge from studies carried out in Ladakh Golok Lhasa Xining Shigatse and other areas of the Tibetan world It will provide important and sometimes surprising results for students of Tibet China Himalayan studies as well as an important contribution to our understandings of modernity and development in the modern world **The Tibetan Independence**

Movement Jane Ardley,2003-08-27 The first serious analysis of the Tibetan independence movement this book is also the first to view the struggle from a comparative perspective making an overt comparison with the Indian independence movement *The Politics of Language Oppression in Tibet* Gerald Roche,2024-11-15 In *The Politics of Language Oppression in Tibet* Gerald Roche sheds light on a global crisis of linguistic diversity that will see at least half of the world's languages disappear this century Roche explores the erosion of linguistic diversity through a study of a community on the northeastern Tibetan Plateau in the People's Republic of China Manegacha is but one of the sixty minority languages in Tibet and is spoken by about 8 000 people who are otherwise mostly indistinguishable from the Tibetan communities surrounding them Recently many in these communities have switched to speaking Tibetan and Manegacha faces an uncertain future The author uses the Manegacha case to show how linguistic diversity across Tibet is collapsing under assimilatory state policies He looks at how global advocacy networks inadequately acknowledge this issue highlighting the complex politics of language in an inter connected world *The Politics of Language Oppression in Tibet* broadens our understanding of Tibet and China the crisis of global linguistic diversity and the radical changes needed to address this crisis *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 12: Buddhism Beyond the Monastery*,2009-09-30 Monasteries have been the locus classicus of the academic investigation of Tibetan religions This volume seeks to balance this emphasis with an exploration of the diverse religious specialists who operate outside of the monastery in Tibet and along the Himalayan belt The articles collected here depict Tantric professionals visionaries village lamas spirit mediums and female religious leaders whose loyalties reside in the noncelibate sphere but whose activities have had a significant impact on Tibetan religion Using methodologies drawn from anthropological and textual scholarship these seven essays bolster our understanding of religious practices and their performers beyond the monasteries of Central and Eastern Tibet Bhutan and India from historical times to the present day

On the Margins of Tibet Ashild Kolas,Monika P. Thowsen,2011-07-01 The state of Tibetan culture within contemporary China is a highly politicized topic on which reliable information is rare But what is Tibetan culture and how should it be developed or preserved The Chinese authorities and the Tibetans in exile present conflicting views on almost every aspect of Tibetan cultural life Ashild Kolas and Monika Thowsen have gathered an astounding array of data to quantify Tibetan cultural activities involving Tibetan language literature visual arts museums performing arts festivals and religion Their study is based on fieldwork and interviews conducted in the ethnic Tibetan areas surrounding the Tibetan Autonomous Region parts of the Chinese provinces of Sichuan Gansu Yunnan and Qinghai Aware of the ambiguous nature of information collected in

restricted circumstances they make every effort to present a complete and unbiased picture of Tibetan communities living on China's western frontiers Kolas and Thowsen investigate the present conditions of Tibetan cultural life and cultural expression providing a wealth of detailed information on topics such as the number of restored monasteries and nunneries and the number of monks nuns and tulkus reincarnated lamas affiliated with them sources of funding for monastic reconstruction and financial support of clerics types of religious ceremonies being practiced the content of monastic and secular education school attendance educational curriculum and funding the role of language in Tibetan schools and Tibetan news and cultural media On the Margins of Tibet will be of interest to historians and social scientists studying modern China and Tibetan culture and to the many others concerned about Tibet's place in the world The Encyclopedia of the Cold War Spencer C. Tucker, 2007-09-12 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO's The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time

Conflict and Social Order in Tibet and Inner Asia Fernanda Pirie, Toni Huber, 2008-07-31 Revolution and social dislocation under the communist regimes of China and the Soviet Union followed by the upheavals of reform and modernisation have been experienced by Tibetan Mongolian and Siberian people forcibly integrated into these nation states as conflict violence and social disruption This volume bringing together case studies from throughout the region assesses the experiences and legacies of such events Highlighting the agency of those who shape and manipulate conflict and social order and their historical cultural and religious resources the contributors discuss evidence of social continuity as well as the recreation of social order Engaging with anthropological debates on conflict and social order this volume provides an original comparative perspective on both Tibet and Inner Asia **Education in Tibet** Catriona Bass, 1998-12 This work provides a comprehensive overview of education provision and policy in the Tibet Autonomous Region TAR during the half century since China asserted control over the region Catriona Bass sets her modern history of education in the TAR against the wider context of the political and educational shifts which have taken place in China since the Communist Party came to power in

1949 Prisoners of Shangri-La Donald S. Lopez Jr., 2012-12-31 Prisoners of Shangri La is a provocative analysis of the romance of Tibet a romance that even as it is invoked by Tibetan lamas living in exile ultimately imprisons those who seek the goal of Tibetan independence from Chinese occupation Lopez lifts the veil on America s romantic vision of Tibet to reveal a country and a spiritual history more complex and less ideal than popular perceptions allow Lively and engaging Lopez s book raises important questions about how Eastern religions are often co opted assimilated and misunderstood by Western culture Publishers Weekly Proceeding with care and precision Lopez reveals the extent to which scholars have behaved like intellectual colonialists Someone had to burst the bubble of pop Tibetology and few could have done it as resoundingly as Lopez Booklist Fascinating A provocative exploration Lopez conveys the full dizziness of the Western encounter with Tibet and Tibetan Buddhism Fred Pheil Tricycle The Buddhist Review A timely and courageous exploration Lopez s book will sharpen the terms of the debate over what the Tibetans and their observers can or should be doing about the place and the idea of Tibet And that alone is what will give us all back our Shambhala Jonathan Spence Lingua Franca Book Review Lopez s most important theme is that we should be wary of the idea that Tibet has what the West lacks that if we were only to look there we would find the answers to our problems Lopez s book shows that on the contrary when the West has looked at Tibet all that it has seen is a distorted reflection of itself Ben Jackson Times Higher Education Supplement **Indo-Tibet-China Conflict** Dinesh Lal, 2008 Tibet has been the point of contention between India and China for a very long time Both India and China consider Tibet vital of their national security Any strong power established in Tibet can become a direct threat to India Tibetan developments are therefore the central theme of this book This book covers relations between these countries keeping in mind border disputes Tibetan problem economic factors religious factors and cultural factors History present scenario and the future of relations between these three countries is covered in this book in a very systematic and organized manner A very well researched book it will prove to be a greate help to all those individuals studying relations between India China and Tibet Oral and Literary Continuities in Modern Tibetan Literature Lama Jabb, 2015-06-10 This is the first book length study to appear in English on the literary cultural and political roots of modern Tibetan literature While existing scholarship on modern Tibetan writing takes the 1980s as its point of birth and presents this period as marking a rupture with traditional forms of literature this book goes beyond such an interpretation by foregrounding instead the persistence of Tibet s artistic past and oral traditions in the literary creativity of the present While acknowledging the innovative features of modern Tibetan literary creation it draws attention to the hitherto neglected aspects of continuity within the new This study explores the endurance of genres styles concepts techniques symbolisms and idioms derived from Tibet s rich and diverse oral art forms and textual traditions It reveals how Tibetan kavya poetics the mgrur genre life writing the Gesar epic and other modes of oral and literary compositions are referenced and adapted in novel ways within modern Tibetan poetry and fiction It also brings to prominence the complex and fertile interplay between orality and the Tibetan literary text Embracing

a multidisciplinary approach drawing on theoretical insights in western literary theory and criticism political studies sociology and anthropology this research shows that alongside literary and oral continuities the Tibetan nation proves to be an inevitable attribute of modern Tibetan literature

Cold War in the High Himalayas S Mahmud Ali,S. Mahmud Ali,2019-05-23 This text examines elite insecurity perceptions in India Pakistan and the USA in the 1950s The book highlights the consequent linkages in alliance building efforts and the subsequent triangular covert collaboration against Communist China especially along Tibet s Himalayan frontiers This secret alliance had an unexpected fall out on the Kashmir dispute between India and Pakistan Lastly the book examines the divergence of Indo Pakistani security policies along fundamental cleavages since the 1960s

Construction of Chinese Nationalism in the Early 21st Century Suisheng Zhao,2014-07-25 Chinese nationalism is powered by a narrative of China s century of shame and humiliation in the hands of imperialist powers and calls for the Chinese government to redeem the past humiliations and take back all lost territories The continuing surge of Chinese nationalism in the early 21st century therefore has fed a roiling sense of anxiety in many political capitals about whether a virulent nationalism has emerged to make China s rise anything but peaceful This book addresses this anxiety by examining the domestic sources and foreign policy implications of Chinese nationalism in the early 21st century It is divided into three parts Part I is an overview of the scholarly debate about if the rise of Chinese nationalism has driven China s foreign policy in a more irrational and inflexible direction in the first one and half decades of the 21st century Part II analyzes the construction of Chinese nationalism by a variety of domestic forces including the communist state the angry youth fen qing liberal intellectuals and ethnic groups Part III explores whether Chinese nationalism is affirmative assertive or aggressive through the case studies of China s maritime territorial disputes with Japan in the East China Sea and with several Southeast Asian countries in the South China Sea the border controversy over the ancient Koguryo with Korea and the cross Taiwan Strait relations This book was based on articles published in the Journal of Contemporary China

Reviews on Tibetan Political History Ms Tenzin Dolma,2020-01-01 In the sixty years since Tibet was incorporated into the People s Republic of China Tibetans within its border and in exile have never stopped advocating for their sovereignty Although the Chinese government has constantly put their effort to systematically destroy Tibetan identity and Chinese propagandist misconstrued interpretation of Tibet s sovereignty which is evident in their insidious approach in restricting the basic human rights in Tibet such as the freedom of speech and religion Tibetan determination vividly outweighs China s approach by depicting success stories of not giving up around the world with more supporters and scholars to contribute to this struggle for independence

Morality and Monastic Revival in Post-Mao Tibet Jane E. Caple,2019-03-31 The speed and extent of the Tibetan Buddhist monastic revival make it one of the most extraordinary stories of religious resurgence in post Mao China At the end of the 1970s there were no working monasteries within a decade thousands had been reconstructed and repopulated Most studies have focused on the political challenges facing Tibetan monasteries emphasizing their

relationship to the Chinese state Yet in their efforts to revive and develop their institutions monks have also had to negotiate a rapidly changing society playing a delicate balancing act fraught with moral dilemma as well as political danger Drawing on the recent moral turn in anthropology this volume the first full length ethnographic study of the subject explores the social and moral dimensions of monastic revival and reform across a range of Geluk monasteries in northeast Tibet Amdo Qinghai Province from the 1980s on Author Jane Caple s analysis shows that ideas and debates about how best to maintain the mundane bases of monastic Buddhism economy and population are intermeshed with those concerning the proper role and conduct of monks and the ethics of monastic lay relations Facing a shrinking monastic population monks are grappling with the impacts of secular education demographic transition rising living standards urbanization and marketization all of which have driven debates within Buddhism elsewhere and fueled perceptions of monastic decline Some Tibetans including monks are even questioning the good of the mass form of monasticism that has been a distinctive feature of Tibetan society for hundreds of years Given monastic Buddhism s integral position in Tibetan community life and association with Tibetan identity Caple argues that its precarity in relation to Tibetan society raises questions about its future that go well beyond the issue of religious freedom
