Resisting The Anomie:

Resisting the Anomie Kwame Senu Neville Dawes, 1995 *Resisting the Anomie* is the second book of poetry by Kwame Dawes whose collection *Progeny of Air* won Britain's prestigious Forward Trust Poetry Prize for Best First Book in the fall of 1994. In *Resisting the Anomie* Dawes takes as his subject the anxiety of being far from home, the unease of not belonging, the sense of disconnection from culture and custom. Poems of Jamaica, of Canada, of Haiti, tightly controlled poems, wild and free poems, reggae poems, poems of rejoicing of faith, love, anger and humour. *Resisting the Anomie* is a large collection of substantial works by a new and significant writer.

Resisting Indonesia's Culture of Impunity Jess Melvin, Sri Lestari Wahyuningroem, Annie Pohlman, 2023-08-31 *Resisting Indonesia's Culture of Impunity* examines the role of Indonesia's first truth and reconciliation commission, the Aceh Truth and Reconciliation Commission or KKR Aceh, in investigating and redressing the extensive human rights violations committed during three decades of brutal separatist conflict, 1976-2005, in the province of Aceh. The KKR Aceh was founded in late 2016 as a product of the 2005 peace deal between the Indonesian government and the Free Aceh Movement (GAM). It has since faced many challenges, not least from Indonesia's security forces and former GAM leaders who have joined together in their determination to maintain impunity for their respective roles in the conflict. Indeed, the commission would not have been established without the tireless work of civil society actors, including non-government organisations and other humanitarian groups. In *Resisting Indonesia's Culture of Impunity*, the editors set out to amplify the role of these civil society actors in the KKR Aceh and in transitional justice in Indonesia. Each chapter has been written by a team of authors composed predominantly of commissioners and staff from the KKR Aceh itself, members of key civil society organisations and academics. Further, the editors aim to scrutinise the KKR Aceh from the inside and analyse the establishment and operation of what is perhaps the only genuine state-sponsored attempt to implement transitional justice in Indonesia today.

Creativity in Exile, 2016-08-09 Until recently, discussion of creativity in exile has focussed almost exclusively on a few European male writers, from Dante to Joseph Brodsky, who sought refuge abroad from political oppression. This volume, with accompanying 100-minute DVD, ranges much more widely to examine the extraordinary creative endeavours in a range of media of men and women in almost every part of the world who, for a host of different reasons, have experienced displacement from their homelands. It brings together papers by academics, many of whom have experienced exile themselves, on topics as diverse as the visual arts in Colombia, fiction by displaced indigenous peoples, convicts and slaves as exiles, writings about the partition of Bengal, the culture of Palestinian Americans, philosophers on exile and the significance of cooking to refugee communities, which are interspersed with poems by contemporary writers in exile. The use of the DVD format has permitted the inclusion of studio interviews with notable exiled writers from Nigeria, Cyprus and Bulgaria, extracts from two films relating to exile, a live reading of his work by an Iraqi poet, an audio and sculptural installation by a First Nations Canadian artist and a performance by musicians in exile from Burundi.

Alienation, Society, and the Individual R. Felix Geyer, Walter R. Heinz, 1992-01-01 The concept of alienation is an umbrella concept that includes powerlessness meaninglessness social isolation cultural estrangement and self estrangement For researchers the study of alienation is a three fold task first understanding the discrepancy between individual values and actions and general living and working conditions second analyzing the overt and latent forms of oppression in social structures third accounting for social circumstances that hinder or facilitate individual or collective action against those alienating structures Alienation Society and the Individual provides a timely and broadly representative overview of the most recent developments in alienation research and theory Alienation Society and the Individual makes it clear that alienation research has come of age Further theoretical developments remain important and as demonstrated In this volume which revives theoretical debate so as to reformulate classical concepts in view of developments in modern society the concept of alienation is now increasingly applied to empirical research in a variety of fields Included here are theory driven evaluations of empirical research on migrant workers as well as comparative studies on differing liberation ideologies in South Africa This volume reflects the effects of political developments in Eastern Europe on Marxist alienation theory While Marxist theory remains important it is no longer directed exclusively toward criticism of capitalist society New applications include a critique of Eastern European state socialism analysis of consumer rather than capitalist society and uncommon examples of empirical research carried out within a Marxist framework The book concludes with a chapter that evaluates recent theoretical and methodological innovations and sets priorities for future
