Health Education in Context: An International Perspective on Health Education in Schools and Local Communities Neil Taylor, Frances Quinn, Michael Little, Dyke, Richard K. Coll, 2012-09-07 This book presents an international perspective on health education and specifically the influence that context has on this aspect of education The focus includes both formal and non formal health education and the factors that impact upon its effectiveness particularly in non Western and non English speaking contexts i e outside

the UK USA Australia NZ etc An important feature of the book is that it draws upon the experiences and research of local experts representing the perspectives of an extremely diverse cohort across the world 22 countries and 2 regions in total The book addresses topics such as the development and implementation of health education in different countries the influence of political cultural societal or religious mores governmental or ministerial drives economic or other pressures driving curriculum reform and the influence of external assessment regimes on health education By embedding discussions of health education in local contexts and representing a diversity of perspectives on this important topic this book highlights both barriers and enablers to improving health education across the globe

Development and Planning in Seven Major Coastal Cities in Southern and Eastern China Jianfa Shen, Gordon Kee, 2016-11-03 This book analyzes the recent growth of Guangzhou Shenzhen Fuzhou Shanghai Hangzhou Nanjing and Hong Kong seven major Chinese coastal cities The authors detail theoretical mechanisms spatial and non spatial models of development all while exploring possible directions to sustainability They also look at how these cities have developed over the last 30 years from the late 1970s to the 21st century Each has its own unique background regional and national positions advantages and functions Using diversified approaches and measurements for each city the authors argue that structural changes are necessary to achieve much needed sustainable development The book covers developmental issues such as the regaining of central city and global city statuses the role of governments in steering development and achieving goals through mega projects urban competitiveness positioning and branding Including varied assessment and intense suggestions for structural changes this book addresses core concerns for the sustainable growth of these metropolises A valuable book for students researchers and policy makers

The Education of Migrant Children and China's Future Holly H. Ming, 2013-12-17 There are more than 225 million rural to urban migrant workers and some 20 million migrant children in Chinese cities Because of policies related to the household registration hukou system migrant students are not allowed a public high school education in the cities so their urban education stops abruptly at the end of middle school This book investigates the post middle school education and labor market decisions of migrant students in Beijing and Shanghai and provides a glimpse into the future of a crucial link in China's development The stories of how these migrant students seek upward mobility and urban citizenship also reveal one of the most intricate structural inequalities in China today Based on quantitative data collected from middle schools in Beijing and Shanghai and ethnographic data drawing on in depth interviews with migrant children their parents and teachers this book offers a portrait of the migration and educational experiences and prospects of second generation migrant youth in China today It explores the urban experience of migrant students contrasting it with that of local city youngsters examining the migrant students family backgrounds family dynamics neighborhood and school experience and interaction with locals It goes on to look at the migrant students education and career aspirations the structural obstacles preventing their fulfilment and how migrant families respond to institutional constraints on educational opportunity Finally the book concludes with a

discussion of policy implications and offers proposals for resolving the dilemmas of migrant youth This book will of great interest to students and scholars of Chinese studies Asian education migration and social development China's Urban Space Terry McGee,George C.S. Lin,Mark Wang,Andrew Marton,Jiaping Wu,2007-10-18 China s urban growth is unparalleled in the history of global urbanization and will undoubtedly create huge challenges to China as it modernizes its society Adopting an interdisciplinary approach this book presents an overview of the radical transformation of China s urban space since the 1970s arguing that to study the Chinese urbanization process one must recognize the distinctive political economy of China After a long period as a planned socialist economy China s rapid entry into the global economy has raised suggestions that modernization in China will inevitably result in urban patterns and features like those of cities in developed market economies This book argues that this is unlikely in the short term because processes of urban transition in China must be interpreted through the lens of a unique and unprecedented juxtaposition of socialism and the market economy which is leading to distinctive patterns of Chinese urbanization Richly illustrated with maps diagrams and in depth case studies this book will be an invaluable resource to students and scholars of urban economics and policy geography and the development of China **The Global Rise of China** Alvin Y. So,Yin-Wah Chu,2015-12-08 This book sets out to unravel and explain the puzzle of the global rise of China how in just forty years China has been quickly transformed from a poor

backward third world country to one of the world s core economic powerhouses Exactly how did this Chinese developmental miracle happen Focusing on the key historical turning point in China s post socialist development the book examines the complex processes through which China interacted with the global neoliberal project of the late twentieth century Alvin Y So and Yin Wah Chu reveal the centrality of the communist party state in propelling China onto the world scene and how it has successfully responded to the developmental challenges of technological upgrading environmental degradation inter state rivalry and maintaining its power This book provides a comprehensive and insightful study of the rise of China not solely from an economic social and political perspective but also from a global and historical perspective It will be an invaluable guide for students and non specialists interested in post socialist development and the global rise of China in the twenty first century

Asian Cities, Migrant Labor and Contested Spaces Tai-Chee Wong,Jonathan Rigg,2010-09-13 This book explores how migration plays a central role in the renewing and reworking of urban spaces in the rapidly changing cities of Asia The contributors examine the roles and effects of different forms of migration in the arena of urban change considering low skilled domestic migrants professional transnational migrant and legal and illegal international migrants **Class And Class Conflict In Post-socialist China** Alvin Y So,2013-08-07 Class and Class Conflict in Post Socialist China traces the origins and the profound changes of the patterns of class conflict in post socialist China since 1978 The first of its kind in the field of China Studies that offers comprehensive overviews and traces the historical evolutions of different patterns of class conflict among workers peasants capitalists and the middle class in post socialist China the book provides comprehensive

overviews of different patterns of class conflict It uses a state centered approach to study class conflict i e study how the communist party state restructures the patterns of class conflict in Chinese society and brings in a historical dimension by tracing the origins and developments of class conflict in socialist and post socialist China International Workshop on Resource Management, Urbanization and Governance in Hong Kong and the Zhujiang Delta Chinese University of Hong Kong. United College, Chinese University of Hong Kong. Department of Geography, 2000 **Handbook of Regions and Competitiveness** Robert Huggins, Piers Thompson, 2017-03-31 The aim of this Handbook is to take stock of regional competitiveness and complementary concepts as a means of presenting a state of the art discussion of the contemporary theories perspectives and empirical explanations that help make sense of the determinants of uneven development across regions Drawing on an international field of leading scholars the book is assembled and organized so that readers can first learn about the theoretical underpinnings of regional competitiveness and development theory before moving on to deeper discussions of key factors and principal elements the emergence of allied concepts empirical applications and the policy context *Restructuring the Chinese City* Laurence J.C. Ma, Fulong Wu, 2004-08-02 A sea of change has occurred in China since the 1978 economic reforms Bringing together the work of leading scholars specializing in urban China this book examines what has happened to the Chinese city undergoing multiple transformations during the reform era with an emphasis on new processes of urban formation and the consequent reconstituted urban spaces With arguments against the convergence thesis that sees cities everywhere becoming more Western in form and suggestions that the Chinese city is best seen as a multiplex city *Restructuring the Chinese City* is an indispensable text for Chinese specialists urban scholars and advanced students in urban geography urban planning and China studies **Environment & Planning**, 2001
