Seven Keys to Unlock Autism Elaine Hall, Diane Isaacs, 2011-11-01 The acclaimed approach to helping children with autism profiled in the award-winning documentary *Autism: The Musical*. This groundbreaking book outlines seven integrated keys for educators and parents to make meaningful connections with children on the autism spectrum. The book is based on the unique approach used by Elaine Hall and Diane Isaacs of The Miracle Project, a musical theater program for children with autism and their peers and siblings. The Miracle Project integrates traditional and creative therapies in an interactive social dynamic. The book shows how to apply these effective strategies at school and at home to nurture kids' self-expression and social skills. Elaine Hall and The Miracle Project were profiled in the two-time Emmy Award-winning HBO documentary *Autism: The Musical*. *Seven Keys* reveals the seven-step program that has proven so successful for children in the Miracle Project. After reading *Seven Keys*, teachers and parents will better understand this puzzling disorder and be able to help children with autism draw connections and form more meaningful relationships. *Seven Keys to Unlock Autism* offers readers strategies for creating a personal skill set to make their encounters with autistic children as successful and rewarding as possible Exceptional Child Education Resources, 1995 Instructional Methods for Adolescents with Learning and Behavior Problems Patrick J. Schloss, Maureen A. Smith, Cynthia N. Schloss, 1990 *Total Concentration* Harold N. Levinson, 1992 The ability to pay total attention to the subject at hand is an ability most of us lack to some extent. Noted psychiatrist Dr. Harold Levinson believes poor concentration is a function problem that can be treated. In this book, he shows how we can learn to overcome distractions and can even learn to make them work for us *Library User Education* Barbara I. Dewey, 2002-05-09 Material presented here is replete with concrete new ideas not only for collaboration but also for funding training, personal involvement, web-based instruction, and other concepts too numerous to mention. And the best thing about these ideas is that they are not the usual endlessly discussed theories; these are ideas that have worked and some

which have failed in the real world Despite the myriad new works available today related to library instruction in general and information literacy in particular none is devoted solely to collaborative efforts between teaching faculty and librarians This is where Library User Education Powerful Learning Powerful Partnerships shines just as in the real world it s all about collaboration Angela Weiler Portal
