The Divine Love of God Jeannette E. Saucy, 2016-04-28 The whole earth is filled with God's glory God has made Himself evident to all of us by what He has created This God loves you and wants you to respond to Him with your love But how can you respond when you don't know Him and what He has done to show His love for you This book is written to tell you about God His character and that He loves you no matter who you are or what you have done He has a plan and purpose for your life This is not a god who demands hard work from you to appease him or her to gain approval This is the non-condemning forgiving God of the Bible who wants you to know Him and accept the work that He has done for you It is my hope that the truth of God's love will be made real to you and you make the decision to accept God's divine love Untold Story Aleka

God, Science and the Universe John Swanson, 2010-03 No religion that claims to be relevant in today's world can ignore the truths that science teaches us Nor can it ignore the spiritual values and teachings of past generations The deep religious heritage of humanity is like a pirate's buried treasure chest The ancient chest decays into rotten wood and rusty iron but the precious jewels inside remain as fresh as the day they were buried They need only to be reclaimed and then placed in a fresh container The same is true for our religious heritage Religion today is undergoing a radical transformation that is affecting all aspects of our lives This book presents a synthesis between traditional values and our changing understanding of the universe We live in an age of science and technology that profoundly affects the way we see things *God Science and the Universe* presents the outline for a new faith grounded in the natural world Troubled

Paradise Eric Reitan, 2024-12-12 Grief over the loss of those we love is one of the most painful parts of life But Christianity has long offered consolation to those who grieve in the form of the Easter promise Death is not the end Beyond it lies a realm of perfect joy where mourning is no more and every tear is wiped away But won't this promise have limits if as Christians have traditionally believed some of God's creatures are eternally lost Can I really be perfectly happy in heaven if say my children are damned or annihilated And what about the Christian teaching that those in heaven are morally sanctified Doesn't this mean they will be perfected in a love so wide it includes even our enemies and hence the lost While delving deeply into the nature of grief and its relation to Christian ethics this book explores the reasoning that generates this problem of heavenly grief examines purported solutions and invites deeper reflection on a frequently dismissed idea that avoids the

problem altogether the universalist notion that there are no limits to Easter's promise because all are ultimately saved

Catalyst of Love Ryan Abrahams, 2018-09-22 I wrote this poem for my son Noah when he was still a baby I wanted to come up with a poem prayer that I could say to him every night when putting him to bed Since I am not religious and more of a spiritual person I wanted to write something that could be universal and parents from different races religions and cultures could potentially say this to their children if they choose I now recite this poem to both of my sons every night before putting them to bed Recently I told this poem to a few of my friends and to my delight their children will not let their parents put them to sleep without saying this poem to them I think it is so important that we teach our children to love themselves and to believe in themselves and this poem was inspired to do just that for my precious son I hope love and light guide you and your children too and blesses you all throughout your life as well Love and Light May love and light guide you and bless you throughout your life May you always believe in yourself and see yourself in the highest light May you live your truth but respect one another without the need to be right May blessings flow every day and every single night May the love of your family and friends take you to new heights May love and light guide you and bless you tonight Kyoto Model, The: The

Betty Hibod, 2025-01-08 What if the teachings of scripture weren't just stories or symbols but lived realities Loss Love and A Journey through Fear to Peace offers a rare window into that experience Unlike traditional biographies or historical accounts this spiritual memoir invites readers deep into the invisible world of awakening Betty Hibod's journal based narrative is intensely personal documenting the lived embodiment of mystical principles across time grief and divine revelation From devastating loss to divine union from emotional disintegration to spiritual clarity Betty records her journey not as metaphor but as transformation made flesh More than a spiritual memoir this book is a detailed sensual and unfiltered chronicle of mystical awakening It explores tantric love divine feminine spirituality and non dualism through a lens that is both deeply human and profoundly sacred Rather than offering abstract theories it shows how the myths of sacred texts take shape in

daily life It answers the questions rarely spoken aloud What does enlightenment feel like in real time How does one survive and evolve through spiritual paradox grief and loss and the collapse of personal identity Infused with mystical awakening philosophical reflection and raw emotional truth this is not a book about religion It is a book of lived revelation For readers seeking a deeper understanding of consciousness sacred sexuality or the journey of awakening this memoir is a path inward Step beyond the stories Walk into the soul Buy now and begin the journey **Godly Love** Matthew T. Post-Punk Perception Edmund Wong, 2013-07-27 Growing up in Singapore in the 80s has been challenging I didn t know much about life or economy I didn t know what I want to do apart from playing I know I had to study and get a job In school we had to write composition about our profession when we grow up I had never wanted to be a philosopher let alone writing about social philosophy It is just that growing up with a single parent is tough It is tougher when she is uneducated and I had to learn most things by myself After my National Service I decided to further studies That was when I was exposed to philosophy and psychology in the UK After graduation in 1999 with a degree in Electronics I came back home to resume my National Service I disrupt it and had about 2 months left The life in UK exposed me to something that I did not notice when growing up in Singapore I find local social scene unsatisfactory They are Confucians Muslims Christians freethinkers and humanists Most time they are preoccupied with how to earn more money

Religion does not give me the fulfillment that it promised In addition most were based on Singaporeans interpretation of the Bible and Buddhism s dharma Most times I feel that everything that Singaporeans do has got to do with wealth creation or at least with the expenditure of it It end up like what Pope Francis referred to as the cult of money Organised religion involves more fear mongering than cultivating an inner grace and peace Hence this book is about how I relate an ancient thinker s ethics Aristotle to the present day I find Aristotle s ethics to most suit my needs as a man and lover It does not pretend to be more than what it seek the golden mean It does require us to think and explore the values to find balance and achieve wisdom with intellectual and moral virtues I also find other philosophers French or not particularly insightful and thought provoking They offer me explanation and exploration on subjects like love sex and death Freudian psychoanalysis are also very penetrating in their findings and insights Moreover I needed some contemporary psychological theory not in depth psychoanalysis to back Aristotle s model of ethics intellectual and moral virtues Hence the psychological background of my book I got acquainted with these psychological theories when I was preparing myself to be a financial consultant I later found out more about them and they became useful in my work and life Hence I would like to share it with people in Asia so that they can ask the right kind of questions in life in order to learn more about themselves and the social milieu they are living in Because everyone of us are affected by the social sciences politics economics and sociology This book will I hope allow us to understand why we are irrational and how we can make rational changes through reasonings in their life and achieving eudaimonia My wish is simply to share what I enjoy doing apart from creating useful ideas to improve the world Through my book I hope to make others understand religion science and philosophy and how they play an increasingly integral part in the Asian century

Life after Tragedy Michael W. Brierley, Georgina A. Byrne, 2017-07-06 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy s grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth
