Respectability And Deviance:

Deviance & Respectability Jack D. Douglas,1970 **Respectable Deviance and Purchasing Medicine Online** Lisa Sugiura,2018-02-13 This is a unique interdisciplinary exploration of the contemporary phenomenon of online medicine purchasing In this research Sugiura provides a criminological understanding of the sale of online medicines as well as the traditional illegal markets Crucially the practice is investigated from the perspective of web users moving beyond the headlines and warning campaigns to contextualise the provision of medicines online to describe this practice and subjective accounts of purchasing medicines from the Web Drawing together established deviance theories Respectable Deviance and Purchasing Medicine Online considers the construction of online medicine purchasing the justifications presented to challenge how it is labelled and how the behaviour is managed to show how the framing of risks and deviance is challenged online Offering a much needed a critical overview of the UK healthcare regulatory system Sugiura also analyses literature data and policy documents originating from different countries highlighting that the geographical locations of participants in web forums online surveys and non face to face interviews cannot always be verified With broad implications for regulation and safety surrounding medicines online this innovative and timely study contributes to current online healthcare debates and broadens our understanding of cybercrime It will be of particular interest to scholars of cybercrime and those interested in the changing nature of deviance **Respectability and Deviance** Darrell John Steffensmeier,1972 Ideal Homes? Tony Chapman,Jenny Hockey,2002-09-11 Interdisciplinary appeal Subject of home family etc studied as option across a wide range of courses e g Southampton Coventry Plymouth Portsmouth Sheffield Hallam Bradford North London and Newcastle This collection includes papers by sociologists anthropologists architects etc Human geography is a growing field in academia **Morality in Discourse** Michael Haugh,Rosina Márquez-Reiter,2025-01-12 Morality is pervasive touching all aspects of social life The contributors to this volume provide an introduction to research on how morality is socially constructed in and through discourse and the implications of this for the empirical analysis and theorization of morality The volume addresses both how morality gets done through everyday practices as well as the practical concerns that discussions of morality inevitably entail It does so by delving into how morality is socially constructed in an array of communicative environments through the lens of a range of different discourse analytic traditions Drawing on the conceptual tools of moral stance positioning responsiveness and authority the chapters address the ways in which morality is enacted interactionally negotiated contested and policed What emerges from these discussions and analyses is an understanding of morality from a discursive perspective that encompasses both morality as action in which moral stances become the articulated object of action and moral framing in which the situated context itself is morally charged for evaluation **Journal of Moral Theology, Volume 12, Special Issue 1** Meghan J. Clark,Anna Kasafi Perkins,Emily Reimer-Barry,2023-06-06 Special Issue on Intersectional Methods and Moral Theology Introduction Meghan J Clark Anna Kasafi Perkins and Emily Reimer Barry

Cartographies in the Wilderness A Decolonial Theological Reflection on Intersectionality Rufus Burnett Jr An Interdisciplinary Theological Method from the Knowledge of the Forgotten Alexandre A Martins The Case for Intersectional Theology An Asian American Catholic Perspective Hoon Choi Enfleshing the Work of Social Production Gender Race and Agency Kristin E Heyer Intersectionality at the Heart of Oppression and Violence against Women in Law Case Studies from India Julie George SSpS Intersectionality and Orthodox Theology Searching for Spandrels Rachel Contos Black Feminism Womanism and Intersectionality Discourse A Theo Ethical Roundtable Jennifer S. Leath Nontando Hadebe Nicole Symmonds and Anna Kasafi Perkins *Sociology, Ethnomethodology and Experience* Mary F. Rogers, 1983-11-25 In this volume first published in 1983 Professor Rogers examines the usefulness of a phenomenological approach to sociology Her broad purpose is to demonstrate the theoretical and methodological advantages phenomenological sociology holds Thus she offers a selective introductory exposition of phenomenology highlighting its relevance for social scientists and undercutting the notion of phenomenology as a non scientific subjective or esoteric method of study *Public Violence in Islamic Societies* Christian Lange, 2009-07-31 This exploration of the role of violence in the history of Islamic societies considers the subject particularly in the context of its implementation as a political strategy to claim power over the public sphere Violence both among Muslims and between Muslims and non Muslims has been the object of research in the past as in the case of jihad martyrdom rebellion or criminal law This book goes beyond these concerns in addressing in a comprehensive and cross disciplinary fashion how violence has functioned as a basic principle of Islamic social and political organization in a variety of historical and geographical contexts Contributions trace the use of violence by governments in the history of Islam shed light on legal views of violence and discuss artistic and religious responses Authors lay out a spectrum of attitudes rather than trying to define an Islamic doctrine of violence Bringing together some of the most substantive and innovative scholarship on this important topic to date this volume contributes to the growing interest both scholarly and general in the question of Muslim attitudes toward violence *The Interaction Order* Norman K. Denzin, 2019-02-12 This volume brings together leading scholars in the area of symbolic interactionism to offer a broad discussion of issues including identity dialogue and legitimacy *The Strange Death of Moral Britain* Christie Davies, 2004 In the last half of the twentieth century a once respectable and religious Britain became a seriously violent and dishonest society one in which person and property were at risk family breakdown was ubiquitous and drug and alcohol abuse was rising The Strange Death of Moral Britain demonstrates in detail the roots of Britain's decline It also shows how a society strongly Protestant in both morality and identity became one of the most secular societies in the world The culture wars about abortion capital punishment and homosexuality which have convulsed the United States have little meaning in Britain where there is neither a moral majority nor any indigenous emphasis on rights In the period when Britain had a strong national and religious identity defense of this identity led to legal persecution of male homosexuals As Britain's identity crumbled homosexuality ceased to be an important issue for most people Similarly all the

pressing questions on abortion capital punishment and homosexuality were settled permanently on a purely utilitarian basis in Britain where all sources of moral argument are weak The ending of the death penalty marked the decline of the influence of the official hierarchies of church and state the Church of England the armed forces and their representative the Conservative Party The Strange Death of Moral Britain is a study of moral change secularization loss of identity and the growth of deviant behavior in Britain in the twentieth century Based on detailed scholarship it is tightly argued and clearly written with a minimum of jargon It will be of interest to scholars in religious studies and British social history and to a general reading public concerned with timely moral controversies

Gender, Collaboration, and Authorship in German Culture John B. Lyon, Laura Deiulio, 2019-08-22 Gender Collaboration and Authorship in German Culture challenges a model of literary production that persists in literary studies the so called Geniekult or the idea of the solitary male author as genius that emerged around 1800 in German lands A closer look at creative practices during this time indicates that collaborative creative endeavors specifically joint ventures between women and men were an important mode of literary production during this era This volume surveys a variety of such collaborations and proves that male and female spheres of creation were not as distinct as has been previously thought It demonstrates that the model of the male genius that dominated literary studies for centuries was not inevitable that viable alternatives to it existed Finally it demands that we rethink definitions of an author and a literary work in ways that account for the complex modes of creation from which they arose

Street Women and the Art of Bullshitting Monique Layton, 2010 Monique Layton was educated in Morocco France England and Canada At university she studied Romance Studies Comparative Literature and Cultural Anthropology After receiving her Ph D from the University of British Columbia 1978 she worked at the Universities Council of British Columbia and Simon Fraser University While at SFU she conducted research projects in Cuba and the Seychelles She has five children a large number of grand children and is married to John who has somehow accepted to cohabit with her may absorbing projects from translating L vi Strauss to two years of non stop quilting The reader of Monique Layton s ethnography is invited into the oral tradition of prostitute drug addicts is encouraged to think about them differently and to learn about their verbal creativity Dr Elvi Whittaker

Respectability and Deviance Darrell J. Steffensmeier, 1974 Revives My Soul Again Lewis V. Baldwin, Victor Anderson, 2018-11-01 MLK and the Practice of Spirituality The scholarship on Martin Luther King Jr is seriously lacking in terms of richly nuanced and revelatory treatments of his spirituality and spiritual life This book addresses this neglect by focusing on King s life as a paradigm of a deep vital engaging balanced and contagious spirituality It shows that the essence of the person King was lies in the quality of his own spiritual journey and how that translated into not only a personal devotional life of prayer meditation and fasting but also a public ministry that involved the uplift and empowerment of humanity Much attention is devoted to King s spiritual leadership to his sense of the civil rights movement as a spiritual movement and to his efforts to rescue humanity from what he termed a perpetual death of the spirit Readers encounter a

figure who took seriously the personal interpersonal and sociopolitical aspects of the Christian faith thereby figuring prominently in recasting the very definition of spirituality in his time King's holistic spirituality is presented here with a clarity and power fresh for our own generation

Deviant Behaviour (Routledge Revivals) Paul Rock, 2014-06-17 This book first published in 1973 explores the manner in which conceptions of deviancy arise and shows how the attitudes of non deviants of society and of authority are as instrumental in forming these conceptions as the actions of the deviants themselves Chapters include discussions on the definition of deviants and deviancy and the enforcement of the law alongside a detailed introduction This title will be of particular value to students and scholars with an interest in criminology and the sociology and psychology of deviancy

The Virginal Mother in German Culture Lauren Nossett, 2019-03-15 The Virginal Mother in German Culture presents an innovative and thorough analysis of the contradictory obsession with female virginity and idealization of maternal nature in Germany from the late eighteenth to the early twentieth centuries Lauren Nossett explores how the complex social ideal of woman as both a sexless and maternal being led to the creation of a unique figure in German literature the virginal mother At the same time she shows that the literary depictions of virginal mothers correspond to vilified biological mother figures which point to a perceived threat in the long nineteenth century of the mother's procreative power Examining the virginal mother in the first novel by a German woman Sophie von La Roche canonical texts by Goethe nineteenth century popular fiction autobiographical works and Thea von Harbou's novel Metropolis and Fritz Lang's film by the same name this book highlights the virginal mother at pivotal moments in German history and cultural development the entrance of women into the literary market the Goethezeit the foundation of the German Empire and the volatile Weimar Republic The Virginal Mother in German Culture will be of interest to students and scholars of German literature history cultural and social studies and women's studies

A Sociology of the Absurd Stanford M. Lyman, Marvin B. Scott, 1989 This work provides a crystallization and particularization of a school of sociological thinking variously called creative sociology existential sociology phenomenological sociology conflict theory and dramaturgical analysis The result is a methodological synthesis of the dual visions of Erving Goffman and Harold Garfinkel This book equips the reader with a framework for providing adequate descriptions of those face to face encounters that make up everyday life This edition includes essays not found in the first edition as well as a new introduction that locates it in the spectrum of contemporary theorizing

Publishing Culture and the "reading Nation" Lynne Tatlock, 2010 In examining facets of the lives of select books from the 1780s to the 1930s that Germans actually read these essays present a complex and nuanced picture of writing publishing and reading in the shadow of nation building and class formation and suggest how the analysis of texts and the study of books can inform one another

About Criminals Mark Pogrebin, 2004 About Criminals A View of the Offender's World is a collection of readings that presents recent and important research on criminal behavior The book takes a naturalistic approach allowing criminals to discuss their offenses and lifestyles from their own perspective This method

gives criminals the opportunity to disclose details of their offending behavior and reasons for their participation in crime About Criminals offers a first hand examination of offenders motivations descriptions of how they operate their thoughts about victims and descriptive analysis about their sometimes deviant lifestyles **Stigma** Robert M. Page,2015-06-19

Although references to stigma were commonplace in the field of social policy and elsewhere the concept was often used in a rather imprecise way Originally published in 1984 this book assesses the relevance of the concept of stigma for the study of social policy Investigations of the concept within the welfare field have tended to be far too narrow in focus i e the concept has been regarded as a technical problem which can be eradicated by greater adherence to the principle of universalism As a counter to this perspective Robert Page argues that it is necessary to distinguish much more clearly between various aspects of the concept of stigma e g stigmas stigmatization and felt stigma He examines the reasons why and the ways in which one particular welfare group unmarried mothers have been stigmatized over the centuries in order to highlight the importance of examining existing patterns of welfare and other forms of stigmatization within their political economic social and historical context It is concluded that stigma will continue to be a key concept for both students and practitioners within the field of social policy provided that it is examined from this wider perspective

The Enigmatic Realm of **Respectability And Deviance**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary.
