Communicating with Children and Their Families: Responding to Need and Protection Liz Davies,Evelyn Kerrigan Lebloch,2013-08-16 Good communication skills are essential for effective social work practice This book brings current relevant and contested areas of social work practice to life by using scripts from real life situations to demonstrate every day scenarios social workers encounter when communicating with children and their families Each chapter takes a key aspect of communication engagement negotiation investigation use of power and persistence and presents it in a context of good professional practice It also examines the common pitfalls that workers could fall into and contextualises the script through comparison with a contemporary case study Relevant theoretical frameworks legislation policy and ethical dilemmas are included for each situation This engaging and innovative book gives social work students and professionals a thorough understanding of the best ways to communicate with children and their families in complex and challenging situations The book also has relevance to other professionals such as those working in health education police and the voluntary sector

Curing Mental Illness Len Losik Ph.D,2019-09-21 Curing Mental Illness is the results from the research completed by the author for the Canadian Space Agency s Predictive Medicine Program in cooperation with the Russian Cosmonauts in 2012 and 2013 to determine if the author could use his company s PHM technology to predict which astronauts in training would become mentally ill on a deep space mission lasting several years An edited copy by the CSA of the results of the author s research were published at

the 2013 IEEE AIAA Aerospace Conference held in Big Sky Montana for the CSA s Predictive Medicine Program personnel and subsequently the full results were submitted to NASA Headquarters in 2013 and published on line for public access in the American Journal of Applied Psychology Curing Mental Illness provides a complete program for acquiring emotional and mental illnesses as well as recovering from emotional and mental disorders such as depression anxiety OCD through bi polar or schizophrenia The author includes the description of why and how these are acquired by people and how they are nothing more than our own body s defensive process trying to get us safe and keep us safe from our own life threatening decisions and lifestyle Curing Mental Illness includes two massive reference sections and excerpts in the body of the text from members of the existing and past mental health community members and their professional opinions that the author has refuted with his own research results at the beginning of the book The author also includes both the authors results to answers to common questions left unanswered by the current mental health community and many sections of current inadequate material published about emotional and mental disorders for comparing with the authors results The author hopes this book will initiate a new direction in developing faster recovery programs that are quicker than the one proposed by the author as well as a new effort for pharmaceutical companies to develop the drugs to suppress our fight or flight response FOFR that the author has illustrated is the root cause of both emotional and mental disorders as well as all non genetic based disorders diseases and illnesses
